Love Of Stones:

The Love of Stones Tobias Hill,2013-11-07 I am following the traces of a great jewel All its owners are dead and the jewel is lost Precious stones are thousands of years old They pass through the hands of owners and smugglers merchants and thieves Often the hands leave no trace but they are there all the same they leave impressions invisible like atoms of hydrogen drawn to the surface of a diamond The Love of Stones charts three lives linked by one such jewel Katherine Sterne searches the goldsmiths quarters and hidden archives of contemporary London Tokyo and Istanbul following the trail of a long lost jewel a brooch of rubies diamonds and pearls once worn by Queen Elizabeth I Two hundred years earlier a pair of Iraqi Jewish brothers travel to London their fortunes made by an unearthed jar of mysterious and priceless stones An epic story spanning two continents and six centuries The Love of Stones follows three very different people each in their own way consumed by the same desire At the heart of their lives is the Three Brethren the legendary jewel that binds them together in a narrative as clear and irresistible as the facets of a diamond

of Israel whom you have defied 46 This day the Lord will deliver you into my hands and I'll strike you down and cut off your head This very day I will give the carcasses of the Philistine army to the birds and the wild animals and the whole world will know that there is a God in Israel 47 All those gathered here will know that it is not by sword or spear that the Lord saves for the battle is the Lord's and he will give all of you into our hands 48 As the Philistine moved closer to attack him David ran quickly toward the battle line to meet him 49 Reaching into his bag and taking out a stone he slung it and struck the Philistine on the forehead The stone sank into his forehead and he fell face down on the ground 50 So David triumphed over the Philistine with a sling and a stone without a sword in his hand he struck down the Philistine and killed him **Creating**
