Li Zhensheng, Red-color News Soldier Zhensheng Li, Robert Pledge, Christy Johnson, Ciara Ennis, California Museum of Photography, University of California, Riverside, 2007 **The Cruel Radiance** Susie Linfield, 2011-05-27 In *The Cruel Radiance* Susie Linfield challenges the idea that photographs of political violence exploit their subjects and pander to the voyeuristic tendencies of their viewers Instead she argues passionately that looking at such images and learning to see the people in them is an ethically and politically necessary act that connects us to our modern history of violence and probes the human capacity for cruelty Grappling with critics from Walter Benjamin and Bertolt Brecht to Susan Sontag and the postmoderns and analyzing photographs from such events as the Holocaust China's Cultural Revolution and recent terrorist acts Linfield explores the complex connection between photojournalism and the rise of human rights ideals In the book's concluding section she examines the indispensable work of Robert Capa James Nachtwey and Gilles Peress and asks how photography should respond to the increasingly nihilistic trajectory of modern warfare A bracing and unsettling book *The Cruel Radiance* convincingly demonstrates that if we hope to alleviate political violence we must first truly understand it and to do that we must begin to look

Patrolling the Revolution Elizabeth J. Perry, 2007-08-24 This pioneering study explores the role of working class militias as vanguard and guardian of the Chinese Revolution The book begins with the origins of urban militias in the late nineteenth century and follows their development to the present day Elizabeth J Perry focuses on the institution of worker militias as a vehicle for analyzing the changing yet enduring impact of China's revolutionary heritage on subsequent state society relations She also incorporates a strong comparative perspective examining the influence of revolutionary militias on the political trajectories of the United States France the Soviet Union and Iran Based on exhaustive archival research the work raises fascinating questions about the construction of revolutionary citizenship the distinctions among class community and creed the open ended character of revolutionary movements and the path dependency of institutional change All readers interested in deepening their understanding of the Chinese Revolution and in the nature of revolutionary change more generally will find this an invaluable contribution **Do Not Say We Have Nothing** Madeleine Thien, 2025-04-25 Winner of the Scotiabank Giller Prize and the Governor General's Literary Award

Finalist for the Booker Prize and the Baileys Women's Prize for Fiction A powerfully expansive novel Thien writes with the mastery of a conductor New York Times Book Review In a single year my father left us twice The first time to end his marriage and the second when he took his own life I was ten years old Master storyteller Madeleine Thien takes us inside an extended family in China showing us the lives of two successive generations those who lived through Mao's Cultural Revolution and their children who became the students protesting in Tiananmen Square At the center of this epic story are two young women Marie and Ai Ming Through their relationship Marie strives to piece together the tale of her fractured family in present day Vancouver seeking answers in the fragile layers of their collective story Her quest will unveil how Kai her enigmatic father a talented pianist and Ai Ming's father the shy and brilliant composer Sparrow along with the violin prodigy Zhuli were forced to reimagine their artistic and private selves during China's political campaigns and how their fates reverberate through the years with lasting consequences With maturity and sophistication humor and beauty Thien has crafted a novel that is at once intimate and grandly political rooted in the details of life inside China yet transcendent in its universality

Curating Revolution Denise Y. Ho, 2018 Curating Revolution examines how Mao era exhibitions shaped popular understandings of and participation in the political campaigns of China's Communist revolution **Mao Cult** Daniel Leese, 2011-10-31 Although many books have explored Mao's posthumous legacy none has scrutinized the massive worship that was fostered around him during the Cultural Revolution This book is the first to do so By analyzing secret archival documents Daniel Leese traces the history of the cult within the Communist Party and at the grassroots level The party leadership's original intention was to develop a prominent brand symbol which would compete with the nationalists elevation of Chiang Kai shek However they did not anticipate that Mao would use this symbolic power to mobilize Chinese youth to rebel against party bureaucracy itself The result was anarchy and when the army was called in it relied on mandatory rituals of worship such as daily reading of the Little Red Book to restore order Such fascinating detail sheds light not only on the personality cult of Mao but also on hero worship in other traditions *Out of China* Robert Bickers, 2017-03-30

SHORTLISTED FOR THE 2018 WOLFSON HISTORY PRIZE The extraordinary and essential story of how China became the powerful country it is today Even at the high noon of Europe's empires China managed to be one of the handful of countries not to succumb Invaded humiliated and looted China nonetheless kept its sovereignty Robert Bickers major new book is the first to describe fully what has proved to be one of the modern era's most important stories the long often agonising process by which the Chinese had by the end of the 20th century regained control of their own country Out of China uses a brilliant array of unusual strange and vivid sources to recreate a now fantastically remote world the corrupt lurid modernity of pre War Shanghai the often tiny patches of extra territorial land controlled by European powers one of which unnoticed had mostly toppled into a river the entrepôts of Hong Kong and Macao and the myriad means through armed threats technology and legal chicanery by which China was kept subservient Today Chinese nationalism stays firmly rooted in memories of its

degraded past the quest for self sufficiency a determination both to assert China's standing in the world and its outstanding territorial claims and never to be vulnerable to renewed attack History matters deeply to Beijing's current rulers and Out of China explains why The Cultural Revolution Richard Curt Kraus, 2012-01-06 China's decade long Great Proletarian Cultural Revolution shook the politics of China and the world between 1966 and 1976 Even as we approach the Cultural Revolution's fiftieth anniversary the movement remains so contentious that the Chinese Communist Party still will not allow open discussion of its origins development and conclusion In this book Richard Curt Kraus helps the non specialist reader make some sense out of a complex often obscure and still controversial movement *Visualizing Modern China* James A.

End of an Era Carl Minzner, 2018-02-01 China's reform era is ending Core factors that characterized it political stability ideological openness and rapid economic growth are unraveling Since the 1990s Beijing's leaders have firmly rejected any fundamental reform of their authoritarian one party political system and on the surface their efforts have been a success But as Carl Minzner shows a closer look at China's reform era reveals a different truth Over the past three decades a frozen political system has fueled both the rise of entrenched interests within the Communist Party itself and the systematic underdevelopment of institutions of governance among state and society at large Economic cleavages have widened Social unrest has worsened Ideological polarization has deepened Now to address these looming problems China's leaders are progressively cannibalizing institutional norms and practices that have formed the bedrock of the regime's stability in the reform era *End of an Era* explains how China arrived at this dangerous turning point and outlines the potential outcomes that could result **Memory, Subjectivity and Independent Chinese Cinema** Qi

Wang, 2014-09-19 *Memory Subjectivity and Independent Chinese Cinema* provides a historically informed examination of independent moving image works made between 1990 and 2010 in China Showcasing an evolving personal mode of narrating memory documenting reality and inscribing subjectivity in over sixteen selected works that range from narrative film and documentary to experimental video and digital media even including a multimedia avant garde play this book presents a provocative portrait of the independent filmmakers as a peculiarly pained yet active group of historical subjects of the transitional post socialist era Through a connected investigation of cultural and cinematic concepts including historical

consciousness personal memory narrative performance subjectivity spatiality and the body Wang weaves a critical narrative of the formation of a unique post socialist cultural consciousness that enables independent cinema and media to become a highly significant and effective conduit for historical thinking in contemporary China Covering directors such as Zhang Yimou Chen Kaige Jia Zhangke Jiang Wen Lou Ye Meng Jinghui Wang Bing Wang Guangli Duan Jinchuan Cui Zi en Shi Tou and Tang Danhong this book is essential reading for all students and scholars in Chinese film Citizen Publications in China Before the Internet S. Jiang, 2015-06-16 This book presents the first panoramic study of minkan citizen publications in China before the Internet This recent history of citizen publications contributes to the reclamation of a lost past of resistance It is an exercise in remembering a past that has been marginalized by official history and recovering ideas obliterated by state power

Mao's Last Revolution Roderick MACFARQUHAR, Michael Schoenhals, 2009-06-30 The Cultural Revolution was a watershed event in the history of the People's Republic of China the defining decade of half a century of communist rule Before 1966 China was a typical communist state with a command economy and a powerful party able to keep the population under control But during the Cultural Revolution in a move unprecedented in any communist country Mao unleashed the Red Guards against the party Tens of thousands of officials were humiliated tortured and even killed Order had to be restored by the military whose methods were often equally brutal In a masterly book Roderick MacFarquhar and Michael Schoenhals explain why Mao launched the Cultural Revolution and show his Machiavellian role in masterminding it which Chinese publications conceal In often horrifying detail they document the Hobbesian state that ensued The movement veered out of control and terror paralyzed the country Power struggles raged among Lin Biao Zhou Enlai Deng Xiaoping and Jiang Qing Mao's wife and leader of the Gang of Four while Mao often played one against the other After Mao's death in reaction to the killing and the chaos Deng Xiaoping led China into a reform era in which capitalism flourishes and the party has lost its former authority In its invaluable critical analysis of Chairman Mao and its brilliant portrait of a culture in turmoil Mao's Last Revolution offers the most authoritative and compelling account to date of this seminal event in the history of China **The**

The Cultural Revolution and Overacting Tuo Wang, 2014-09-24 The Great Proletarian Cultural Revolution which took place in China between 1966 and 1976 was a major political and social tragedy in Chinese history As part of an effort to understand how the state enforced control amid seeming chaos this book looks at the ubiquitous revolutionary presentations and performances of power such as political rituals revolutionary rhetoric and public gatherings in people's everyday lives during the Cultural Revolution as performances that contributed to the control of the Chinese people In particular this book discusses how the promotion of revolutionary models in real life contributed to people's eagerness to perform the role of the ideal revolutionary and how the possibility of complete revolutionary transformation promoted by the state media and the hard fact that no one was able to completely become a Maoist subject who would be completely selfless and think and speak only Maoist teaching subjected people to a state of becoming but never fully having become The fear of failing in the Maoist transformation constituted the inner mechanism that propelled ordinary people's radical revolutionary behavior In addition this book examines the audience's reaction to Jiang Qing's court performance in the trial of the Gang of Four as an anarchic liberation from the revolutionary performance of the Cultural Revolution Utilizing methodologies of cultural anthropology linguistics acting theory and literary criticism this book reveals how people's performances of their everyday life functioned as mechanisms of social control
