Redeemed Image Of God Embodied Relations To The Unknown Divine:

The Redeemed Image of God Susan Windley-Daoust, 2002 The Redeemed Image of God examines the classical development of imago Dei the image of God in Christian theology and reconstructs the doctrine in order to recover the role of the image in redemption and the importance of human embodiment in salvific relationships The author argues that the imago Dei is the point of contact that enables a rich web of relationships to others but most importantly the redemptive relationship to the Other God From this perspective not only can the imago Dei be saved but the imago Dei is essential in saving us Windley Daoust retrieves the deep classical meaning of the Image of God as redemptive point of contact and addresses the wholistic worldview of our century through dialogue with existential phenomenologists Gabriel Marcel and Maurice Merleau Ponty This contemporary reconstruction of the image of God theology fully values the Incarnation as enabling redemption and the human body as touchstone to the transcendent This is a new vision of the imago Dei and a theologically suggestive understanding of the human as embodied spirit

The Image of God in an Image Driven Age

Beth Felker Jones, Jeffrey W. Barbeau, 2016-03-18 Humans are created in the image of God yet by choosing to rebel against God we become unfaithful bearers of his image But Jesus who is the image of God restores the divine image in us At the intersection of theology and culture these essays offer a unified vision of what it means to be truly human and created in the divine image in the world today

Doing Philosophy Personally Dwayne A. Tunstall, 2013-03 This book explores how Gabriel Marcel s religious existentialism when coupled with Lewis Gordon s existential phenomenological account of antiblack racism can provide valuable resources for constructing a theistic humanism that is opposed to antiblack racism

Vande Kappelle,2020-07-24 Spirituality is our connection to a greater whole It is a journey from God to God and with God and thus a journey toward Self Through this process we come to differentiate between our temporary self called ego and our permanent self the part of us made for ongoing relationship with God In the end we discover that we know God by being known much like one loves by being loved There are two halves or phases in spirituality sometimes flawed sometimes overlapping and other times distinct While many people experience first half of life spirituality most never get to second half of life thinking and living Designed as a study guide for group or individual use The Second Journey examines the development of Christian spirituality starting with its conception in the biblical and Greek philosophical tradition and continuing in orthodox and heterodox expressions Reading this book is like looking through one s favorite album of photographs each illustrating some aspect or dimension vital to spirituality The range of portraits examined is extensive including groups such as Platonists Stoics Gnostics Quakers Revivalists Neo Orthodox and Eastern Orthodox and individuals such as Philo Valentinus Origen Dionysius Augustine Julian of Norwich John of the Cross Jonathan Edwards John Wesley Schleiermacher Kierkegaard Barth Tillich and Richard Rohr Examining traditional and non traditional thinkers readers will discover that knowing God involves both light and darkness usually in that order Spirituality does not make us otherworldly it renders us more fully alive Matthew Fox Response to the Other Robert P. Vande Kappelle,2020-10-20 Human beings seek meaning and purpose To do so we tell stories about the past which we call history and stories about what will occur in the future constructed from memory and imagination History is not a subject we study but one we live History is our medium as water is to fish No period
