What Are Jews For? Adam Sutcliffe, 2025-01-28 For what purpose in the world were the Jews singled out as God's chosen people What Are Jews For explores the history of western thinking on the historical purpose of the Jewish people starting with ancient and medieval foundations but focusing on the period from 1600 to the present In both Judaism and Christianity the Jews have long been accorded a crucial role at the end of history when they will the world into an transformed era of unity and harmony in which all human divisions will be overcome Since the seventeenth century this messianic conception of historical purpose has been repeatedly reconfigured in new forms From the political theology of the early modern era and the universalist aspirations of Enlightenment philosophy to almost all the key domains of modern thought social economic nationalist radical assimilationist satirical psychoanalytical religious and literary the Jews have retained a close association with the positive transformation of the world Across the past four centuries the Jewish Purpose Question has been central to the attempts of both Jews and non Jews to make sense of cultural particularity in relation to a wider vision of collective purpose in history The deep and intricate layering of this question demands careful attention as it remains extremely resonant in contemporary global politics and culture polarized universalistic and particularistic conceptions of Jewish purpose have become emblematic of the most fundamental divisions over the meaning of peoplehood and collective purpose for all of us

Splinters in Your Eye Martin Jay, 2020-07-14 Assessing the legacy of the Frankfurt School in the twenty first century Although successive generations of the Frankfurt School have attempted to adapt Critical Theory to new circumstances the work done by its founding members continues in the 21st century to unsettle conventional wisdom about culture society and politics Exploring unexamined episodes in the School's history and reading its work in unexpected ways these essays provide ample evidence of the abiding relevance of Horkheimer Adorno Benjamin Marcuse L wenthal and Kracauer in our troubled times Without forcing a unified argument they range over a wide variety of topics from the uncertain founding of the School to its mixed reception of psychoanalysis from Benjamin's ruminations on stamp collecting to the ironies in the reception of Marcuse's One Dimensional Man from L wenthal's role in Weimar's Jewish Renaissance to Horkheimer's involvement in the writing of the first history of the Frankfurt School Of special note are their responses to visual issues such as the emancipation of color in modern art the Jewish prohibition on images the relationship between cinema and the public sphere and the implications of a celebrated Family of Man photographic exhibition The collection ends with two essays tracing the still metastasizing demonization of the Frankfurt School by the so called Alt Right as the source of cultural Marxism and political correctness which has gained alarming international resonance and led to violence by radical right wing fanatics

Archaeology of the Unconscious Alessandra Aloisi, Fabio Camilletti, 2019-07-10 In reconstructing the birth and development of the notion of unconscious historians of ideas have heavily relied on the Freudian concept of Unbewussten retroactively projecting the psychoanalytic unconscious over a constellation of diverse cultural experiences taking place in the eighteenth and nineteenth centuries between France and Germany Archaeology of the Unconscious aims to challenge this perspective by adopting an unusual and thought provoking viewpoint as the one offered by the Italian case from the 1770s to the immediate aftermath of WWI when Italo Svevo s *La coscienza di Zeno* provides Italy with the first example of a psychoanalytic novel Italy s vibrant culture of the long nineteenth century characterised by the sedimentation circulation intersection and synergy of different cultural philosophical and literary traditions proves itself to be a privileged object of inquiry for an archaeological study of the unconscious a study whose object is not the alleged origin of a pre made theoretical construct but rather the stratifications by which that specific construct was assembled In line with Michel Foucault s *Archéologie du savoir* 1969 this volume will analyze the formation and the circulation across different authors and texts of a network of ideas and discourses on interconnected themes including dreams memory recollection desire imagination fantasy madness creativity inspiration magnetism and somnambulism Alongside questioning pre given narratives of the history of the unconscious this book will employ the Italian difference as a powerful perspective from whence to address the undeveloped potentialities of the pre Freudian unconscious beyond uniquely psychoanalytical viewpoints

Derrida's Marrano Passover Agata Bielik-Robson, 2022-12-15 In this first ever monograph on Jacques Derrida s Toledo confession where he portrayed himself as sort of a Marrano of the French Catholic culture Agata Bielik Robson shows Derrida s marranismo to be a literary experiment of auto fiction She looks at all possible aspects of Derrida s Marrano identification in order to demonstrate that it ultimately constitutes a trope of non identitarian evasion that permeates all his works just as Marranos cannot be characterized as either Jewish or Christian so is Derrida s universal Marranism an invitation to think philosophically politically and last but not least metaphysically without rigid categories of identity and belonging By concentrating on Derrida s deliberate choice of marranismo Bielik Robson shows that it penetrates deep into the very core of his late thinking constantly drawing on the literary works of Kafka Celan Joyce Cixous and Valéry and throws

a new light on his early works most of all *Of Grammatology* Dissemination and Différance She also offers a completely new interpretation of many of Derrida's works only seemingly non related to the Marrano issue like *Glas* *Given Time* *Counterfeit Money* *Death Penalty Seminar* and *Specters of Marx* In these new readings this book demonstrates that the Marrano Derrida is not a marginal auto biographical figure overshadowed by Derrida the Philosopher it is one and the same thinker who discovered marranismo as a literary trope of openness offering up a new genre of philosophical story telling which centers around Derrida's Marrano auto fable

Migrants in the Profane Peter E. Gordon, 2020-11-24 A beautifully written exploration of religion's role in a secular modern politics by an accomplished scholar of critical theory *Migrants in the Profane* takes its title

from an intriguing remark by Theodor W Adorno in which he summarized the meaning of Walter Benjamin's image of a celebrated mechanical chess playing Turk and its hidden religious animus. Nothing of theological content will persist without being transformed; every content will have to put itself to the test of migrating in the realm of the secular, the profane. In this masterful book Peter Gordon reflects on Adorno's statement and asks an urgent question: Can religion offer any normative resources for modern political life, or does the appeal to religious concepts stand in conflict with the idea of modern politics as a domain free from religion's influence? In answering this question, he explores the work of three of the Frankfurt School's most esteemed thinkers: Walter Benjamin, Max Horkheimer, and Theodor W Adorno. His illuminating analysis offers a highly original account of the intertwined histories of religion and secular modernity.

[Yiddish Writers in Weimar Berlin](#) Marc Caplan, 2021-01-05

In *Yiddish Writers in Weimar Berlin*, Marc Caplan explores the reciprocal encounter between Eastern European Jews and German culture in the days following World War I. By concentrating primarily on a small group of avant-garde Yiddish writers: Dovid Bergelson, Der Nister, and Moyshe Kulbak, working in Berlin during the Weimar Republic, Caplan examines how these writers became central to modernist aesthetics. By concentrating on the character of Yiddish literature produced in Weimar Germany, Caplan offers a new method of seeing how artistic creation is constructed and a new understanding of the political resonances that result from it. *Yiddish Writers in Weimar Berlin* reveals how Yiddish literature participated in the culture of Weimar-era modernism; how active Yiddish writers were in the literary scene; and how German-speaking Jews read descriptions of Yiddish-speaking Jews to uncover the emotional complexity of what they managed to create even in the midst of their confusion and ambivalence in Germany. Caplan's masterful narrative affords new insights into literary form, Jewish culture, and the philosophical and psychological motivations for aesthetic modernism.
