marginal colonial and postcolonial they examine the ethics of race gender and sexuality the ethics of self positioning and orientation the ethics of style the ethics of reception the ethics of mode and genre the ethics of extreme situations of evil disease and fascism In its search for a better understanding of the global nationalistic world of today On the Turn therefore moves beyond the scope of literary criticism into issues of wider more urgent relevance What should I ought I may I must I do if anything on the basis of reading when I have read a literary work What does reading a literary work authorize or even command me to do Writing an essay about the work would be one response On the Turn is a wonderfully diverse learned challenging provocative even sometimes controversial collection of essays on the ethical dimensions of literature This book is testimony to the continued lively interest in the ethical turn in literary studies The authors are for the most part concerned with ethical theory and with ethically charged situations in postmodern novels in English as they shape readers values and judgments Poetry and non print media are however also discussed J Hillis Miller UCI Distinguished Research Professor of Comparative Literature and English University of California at Irvine The Ethics of Fiction is an important and exciting volume that explores with energy and rigour the connections between ethics and literature Relating literature to philosophy neurobiology politics religion deconstruction and psychoanalysis the twenty two contributors richly advance the ethical turn recently embraced by many critics Works by authors such as Ian McEwan A S Byatt Charles Palliser Hanif Kureishi J M Coetzee David Malouf George Orwell E L Doctorow Flannery O Connor Toni Morrison and Paul Auster are presented in a new light and complex topics such as territoriality the nature of love Islamophobia and the politics of representation are tackled with imagination and intellectual integrity This book is essential reading for anyone interested in the dialogue between ethics and literature Avril Horner Professor of English Kingston University *Deleuze and the Genesis of Representation* Joe Hughes, 2011-10-20 Deleuze and the Genesis of Representation is a systematic study of three of Deleuze's central works Difference and Repetition The Logic of Sense and with Guattari Anti Oedipus Hughes shows how each of these three works develops the Husserlian problem of genetic constitution After an innovative reading of Husserl's late work Hughes turns to a detailed study of the conceptual structures of Deleuze's three books He demonstrates that each book is surprisingly similar in its structure and that all three function as nearly identical accounts of the genesis of representation In a highly original and crucial contribution to Deleuze Studies this book offers a provocative perspective on many of the questions Deleuze's work has raised What is the status of representation Of subjectivity What is a body without organs How is the virtual produced and what exactly is its function within Deleuze's thought as a whole By contextualizing Deleuze's thought within the radicalization of phenomenology Hughes is able to suggest solutions to these questions that will be as compelling as they are controversial **Información filosófica: revista internacional de filosofía y ciencias humanas, n. 12 (2009) ,**
Información filosófica: revista internacional de filosofía y ciencias humanas, n. 13 (2009) , *Gore Vidal's Historical Novels and the Shaping of American Political Consciousness* Stephen Harris, 2005 As a writer of sophisticated

historical fiction satirical fantasies and incisive essays on the political and cultural condition of America Gore Vidal's reputation is well established This study explores Gore Vidal's use of classical scepticism in his historical novels and in his politics While a great deal has been written about Vidal there has not yet been published a serious analysis of his philosophical approach to the reading and interpretation of history and how this in turn informs the writing of his historical fiction What this study offers is a full understanding of how Vidal's sceptical and dissenting views reflect the mind of a politically committed and serious thinker and in turn how these views directly inform the creation of a body of writing that is as intellectually challenging as it is engagingly varied in form and character
