Rediscovering The Of Mormon:

Rediscovering the Book of Mormon John L. Sorenson, Melvin J. Thorne, 1991-01-01 Rediscovering the Book of Mormon Through DNA Digital Legend Press, Rod Meldrum, 2009-09 *Out of Mormonism* Judy Robertson, 2011-07-01 Judy Robertson shares her unique insider's viewpoint as a woman in the Mormon church. After she and her husband rediscovered God's truth, they faced torment and persecution upon leaving the LDS church. This reader-friendly book is one of the few Christian books that focuses first on an individual's journey from Mormonism rather than on theology or Christian doctrines. The revised edition includes testimonies of others who have left the Mormon church and what God is doing today through Concerned Christians. Readers will find *Out of Mormonism* a useful resource for understanding and witnessing to friends and family in the LDS church. *Interpreter: A Journal of Latter-day Saint Faith and Scholarship, Volume 35 (2020)* Brant A. Gardner, 2020-06-24 This is volume 35 of *Interpreter: A Journal of Latter-day Saint Faith and Scholarship* published by The Interpreter Foundation. It contains the complete text of *Labor Diligently to Write The Ancient Making of a Modern Scripture* by Brant A. Gardner. Perspectives on Latter-day Saint Names and Naming Dallin D. Oaks, Paul Baltes, Kent Minson, 2023-03-01 *Perspectives on Latter-day Saint Names and Naming* approaches cultural, historical, and doctrinal dimensions of The Church of Jesus Christ of Latter-day Saints through a fresh lens that explores how these dimensions intersect with names and naming. Featuring a collection of chapters from multiple authors, its bipartite structure examines fascinating topics in relation to the Church, looking first at cultural and historical perspectives before analyzing doctrinal and scriptural perspectives. The book discusses such matters as how contemporary naming practices of Latter-day Saints compare to those outside the faith, how code names were used in one of the faith's books of scripture to protect Church leaders from persecution, and how names and naming relate to the covenant identity of Church members. Through its fresh approach to understanding religious identity and belief in relation to The Church of Jesus Christ of Latter-day Saints, this book is an invaluable resource for scholars and students of Mormon studies and will also be of interest to people with a fascination with names and naming issues as those occur in a variety of settings, including religious ones. **EGYPTIANISMS IN THE BOOK OF MORMON AND OTHER STUDIES** Robert F. Smith, 2020-12-31 Three studies of the Book of Mormon: 1. Detailed analysis of the Egyptian characteristics of the Book of Mormon; 2. editorial markers in the Book of Mormon; and 3. a broad look at the realia of the Book of Mormon as evidences of historical authenticity. **The Mormon Mirage** Latayne C. Scott, 2010-08-03 In the first edition of *The Mormon Mirage*, Latayne C. Scott shared her remarkable journey out of Mormonism as she uncovered shocking inaccuracies, inconsistencies, and contradictions in the faith she had loved and lived. Thirty years later, Mormonism and Mormon scholarship have evolved with the times. In this third revised and updated edition of her well-known book, Scott keeps pace with changes and advances in Mormonism and reveals formidable new challenges to its claims and teachings. *The Mormon Mirage* provides fascinating, carefully documented insights into DNA research's

withering implications for the Book of Mormon the impact of new revelations on Latter day Saint LDS race relations new findings about Mormon history increasing publicity about LDS splinter groups particularly polygamous ones recent disavowals of long held doctrines by church leadership the rise of Mormon apologetics on the Internet More than a riveting insider s scrutiny of the Mormon faith this book is a testimony to the trustworthiness of Scripture and the grace of Jesus Christ

Mormon Pioneer National Historic Trail Stanley Buchholz Kimball,1991 Understanding the Book of Mormon Grant Hardy,2010-04-07 This introduction adopting approaches from literature and religious studies for the first time makes the contents of the Book of Mormon accessible to outsiders in a comprehensive detailed manner By identifying the organizing principles of the text which include multiple levels of narration Hardy demonstrates that the book has more coherence and literary interest than is often assumed Interpreter: A Journal of Mormon Scripture, Volume 2 (2012) The Interpreter Foundation,2012-12-11 This is volume 2 2012 of Interpreter A Journal of Mormon Scripture by the Interpreter Foundation It contains articles on diverse topics such as the role of apologetics in Mormon studies a book review of What Latter day Saints Teach and Practice Mormonism Explained evaluating three arguments against Joseph Smith s First Vision a book review of Redeemed by Fire The Rise of Popular Christianity in Modern China a comparison of the weeping God in Moses 7 with ancient texts an analysis of the variants in the vision of the Apostle Paul a book review of Saint Peter The Underestimated Apostle an analysis of why one sixth of the Book of Mormon was set from the original manuscript a book review of Shaken Faith Syndrome Strengthening One s Testimony in the Face of Criticism and Doubt the obligation of the Saints to defend the King and his kingdom and an analysis of the apocryphal acts of Jesus

Where in the Americas Are the Lands of the Book of Mormon? Eldon V. Guymon,2018-06-20 The Book of Mormon was published in 1830 This book tells us that Lehi and his family sailed from the cost of Arabia after 600 BC Supposedly Lehi landed in Peru and his descendants colonized Columbia and later moved northward through a narrow pass The Isthmus of Panama has been assumed to be the narrow pass The land to the north of Panama was supposed to be the land of Desolation Warfare was common between two groups Nephites and Lamanites Roughly AD 400 the Lamanites destroyed the Nephites at the Hill Cumorah which is said to be in New York USA Historic church leaders are quoted to support the historic theories However the church today has no position on the location of the lands in question so one may choose for himself where the lands were located Quoting historic church leaders proves nothing Scientists associated with the historic Archaeological Department of Brigham Young University have presented Mesoamerica as the lands of the book Mormon told us that the river Sidon ran north to the sea 1981 B of M Index p 730 The Mississippi runs south and is not the river Sidon Mormon also told us that the people of Zarahemla Mulekites crossed a salt ocean landing at the land of Desolation Hence the land of Desolation bordered a salt ocean Alma 22 30 and 63 5 These facts discount several theories including the heartland theory and great lakes theories However historians quote early church leaders as prophets and continue to hold to traditional beliefs The Book of

Mormon is the position of the Church of Jesus Christ of Latter day Saints The lands in question must fit with this book regardless of traditions The book fits in Mesoamerica Because people in 1830 had little or no knowledge of the cultures of Mesoamerica Joseph Smith could not have stolen the book from other authors and the early Mormons could not have written the book Read Where in the Americas are the Lands of the Book of Mormon to find out what the Book of Mormon tells us about the lands in question **The Bible, Mormon Scripture, and the Rhetoric of Allusivity** J. Frederick,2016-05-05

One of the most pertinent questions facing students of Mormon Studies is gaining further understanding of the function the Bible played in the composition of Joseph Smith s primary compositions the Book of Mormon and the Doctrine and Covenants With a few notable exceptions such as Philip Barlow s Mormons and the Bible and Grant Hardy s Understanding the Book of Mormon full length monographs devoted to this topic have been lacking This manuscript attempts to remedy this through a close analysis of how Mormon scripture specifically the Book of Mormon and the Doctrine and Covenants integrates the writings of New Testament into its own text This manuscript takes up the argument that through the rhetoric of allusivity the allusion to one text by another Joseph Smith was able to bestow upon his works an authority they would have lacked without the incorporation of biblical language In order to provide a thorough analysis focused on how Smith incorporated the biblical text into his own texts this work will limit itself only to those passages in Mormon scripture that allude to the Prologue of John s gospel John 1 1 18 The choice of the Prologue of John is due to its frequent appearance throughout Smith s corpus as well as its recognizable language This study further argues that the manner in which Smith incorporates the Johannine Prologue is by no means uniform but actually quite creative taking at least four different forms Echo Allusion Expansion and Inversion The methodology used in this work is based primarily upon recent developments in intertextual studies of the Bible an analytical method that has proved to be quite effective in studying later author s use of earlier texts Historic Sites and Markers Along the Mormon and Other Great Western Trails Stanley Buchholz Kimball,1988 This book is a comprehensive guide to more than 550 historic sites and markers scattered along some 10 000 miles of emigrant trails By the use of the accompanying maps and commentary in the text the trails themselves can be followed rather closely Preface **By the Hand of Mormon** Terryl Givens,2003-09-11 Finally in exploring what Martin Marty refers to as the Book of Mormon s revelatory appeal Givens highlights the Book s role as the engine behind what may become the next world religion

BOOK JACKET The Book of Mormon and its relationship with the Bible David J. Richards,2017-11-17 The Book of Mormon is an influential and controversial book It launched a religious movement has been believed by millions to be scripture and has been derided by others as fraudulent Despite this or perhaps as a result the book s contents have been subject to both academic neglect and popular myth This book challenges some of that neglect by examining the Book of Mormon through the lens of its relationship with the Bible a work which the Book of Mormon openly quotes and expects to be read alongside and the only text which everyone agrees is connected to the Book of Mormon Through close examination of the Book of Mormon

text and biblical parallels including three substantial case studies this book examines the ways in which the Book of Mormon draws upon and interprets the biblical text This book demonstrates the complexity with which the Book of Mormon handles biblical material and the close correlation between its reading of the Bible and the Book of Mormon s own core themes

Second Witness: Analytical and Contextual Commentary on the Book of Mormon Brant A. Gardner, 2007-09-01 Stop looking for the Book of Mormon in Mesoamerica and start looking for Mesoamerica in the Book of Mormon Second Witness a new six volume series from Greg Kofford Books takes a detailed verse by verse look at the Book of Mormon It marshals the best of modern scholarship and new insights into a consistent picture of the Book of Mormon as a historical document Taking a faithful but scholarly approach to the text and reading it through the insights of linguistics anthropology and ethnohistory the commentary approaches the text from a variety of perspectives how it was created how it relates to history and culture and what religious insights it provides The commentary accepts the best modern scholarship which focuses on a particular region of Mesoamerica as the most plausible location for the Book of Mormon s setting For the first time that location its peoples cultures and historical trends are used as the backdrop for reading the text The historical background is not presented as proof but rather as an explanatory context The commentary does not forget Mormon s purpose in writing It discusses the doctrinal and theological aspects of the text and highlights the way in which Mormon created it to meet his goal of convincing the Jew and Gentile that Jesus is the Christ the Eternal God **Interpreter: A Journal of Mormon**

Complete list of Book of Mormon words and names and their variants with likely etymologies offered including theological words and concepts Jaredites & Manassites Robert F. Smith, 2022-12-28 This book explores the literate and advanced cultures of two very separate groups in the Book of Mormon 1 the Jaredites described in the book of Ether and 2 the members of tribal Manasseh who dominate the remainder of the Book of Mormon The first group flourished during the millennia before the arrival of the second group in a nearby area and became extinct as a civilization not long after the

arrival of that second group Within the New World only one complex culture arose which was literate built great cities and had a large population namely the Olmec of southern Mexico the mother culture of the five subsequent advanced cultures of Mesoamerica This book demonstrates how the Mesopotamian Jaredites brought with them a Sumero Akkadian culture to the New World The linguistics of Sumero Akkadian are not only found systematically within the Jaredite onomasticon but a comparison of Sumero Akkadian with reconstructed ancient Olmec Proto Mixe Zoque strongly suggests the ultimate origin of that people in Mesopotamia at least 5 thousand years ago In the second section of the book an offshoot of tribal Manasseh Clan Lehi demonstrates its pervasive influence through an onomasticon almost exclusively showing derivation from Manassite names known from the Bible and archeology and which are collocated geographically with each other and with a set of names known biblically to be associated with transjordanian tribes and southern areas such as Midian where Clan Lehi first goes to make good its escape from Judah By the Gift and Power of God Leo Kappa,2018-06-12 Although Christian academics such as Dr Stephen Webb Margaret Barker and Richard Mouw classify the Latter Day Saints as Christian most ordinary believing Christians remain unaware of just how very Christ centered the LDS Church is and what a strong position the church holds scripturally and theologically Many Christians today have never had the opportunity to consider the numerous Bible prophecies fulfilled by the Book of Mormon the prophet Joseph Smith the historic Christian apostasy and the prophecies of Gods great and marvelous latter day work which is a new dispensation to set things rightnamely the restoration we announce to the world Christians everywhere must be informed about what God has done for them in these times and why it was necessary as we all prepare for the glorious return of our Lord Jesus with a vast host of angels to judge the earth
