A Grammar of Dhimal King John T., John Timothy King, 2009 The present work a grammar of Dhimal fills an important void in the documentation of the vast and ramified Tibeto Burman language family Dhimal a little known and endangered tongue spoken in the lowlands of southeastern Nepal by about 20 000 individuals is detailed in this work With data gathered in the village of hiy b r the author crafts a readable description of the western dialect using over 1000 examples to illustrate usage Included in this reference work are seventeen texts riddles songs and a Dhimal English glossary Joining other recent ground breaking linguistic descriptions by researchers from the Himalayan Languages Project at Leiden University this grammar of Dhimal will have lasting scientific value and aid the Dhimal community in preserving their language

A Grammar of Kharia John Peterson, 2010-12-10 The present study is an extensive description of Kharia a member of the southern branch of the Munda family spoken in central eastern India It covers virtually all areas of the grammar including phonology morphology syntax as well as a detailed discussion of the lexicon

The Indo-Aryan Languages Danesh Jain, George Cardona, 2007-07-26 The Indo Aryan languages are spoken by at least 700 million people throughout India Pakistan Bangladesh Nepal Sri Lanka and the Maldives They have a claim to great antiquity with the earliest Vedic Sanskrit texts dating to the end of the second millennium B C With texts in Old Indo Aryan Middle Indo Aryan and Modern Indo Aryan this language family supplies a historical documentation of language change over a longer period than any other subgroup of Indo European This volume is divided into two main sections dealing with general matters and individual languages Each chapter on the individual language covers the phonology and grammar morphology and syntax of the language and its writing system and gives the historical background and information concerning the geography of the language and the number of its speakers

A Grammar of Khortha Netra P. Paudyal, 2025-09-29 Khortha is an Eastern Indo Aryan language spoken in Jharkhand India Netra P Paudyal provides an in depth analysis of Khortha grammar based on the data recorded during his field trips elicited data and sentences culled from printed literature Alongside it includes a fully glossed text a comparative wordlist of lexical items from three different varieties of this language and verb paradigms making it of great interest and value to linguists and typologists Additionally it highlights Khortha s influence from Munda and other Indo Aryan languages with notable lexical borrowings particularly from Santali This comprehensive study makes a significant contribution to understanding the linguistic landscape of South Asia

Reading Asia Frans Husken Huskin, Dick van der Meij, 2013-10-11 This volume presents a wide variety of articles in the broad field of Asian Studies covering the latest results of research within the social sciences and the humanities reflecting the rich diversity within these areas of research The contributions stem from research carried out by scholars who are or have been affiliated with the International Institute for Asian Studies Leiden Amsterdam

The Aborigines of Sakhalin Alfred F. Majewicz, Richard A. Rhodes, Werner

Winter,1998-09-16 Volume 1 The Aborigines of Sakhalin contains translations into English of the Polish Russian and Japanese material on for example the history folklore economic life shamanism sexual life medical anthropology and the bear festival which has been published between 1898 and 1936 mainly in local journals which are hardly accessible today English French and German articles appear in the original language An Introduction to the Maithili Dialect of the Bihari Language as Spoken in North Bihar George Abraham Grierson,1909 The Case System of Eastern Indo-Aryan Languages Bornini Lahiri,2021-04-29 This book presents a typological overview of the case system of Eastern Indo Aryan EIA languages It utilizes a cognitive framework to analyse and compare the case markers of seven EIA languages Angika Asamiya Bhojpuri Bangla Magahi Maithili and Odia The book introduces semantic maps which have hitherto not been used for Indian languages to plot the scope of different case markers and facilitate cross linguistic comparison of these languages It also offers a detailed questionnaire specially designed for fieldwork and data collection which will be extremely useful to researchers involved in the study of case A unique look into the linguistic traditions of South Asia the book will be indispensable to academicians researchers and students of language studies linguistics literature cognitive science psychology language technologies and South Asian studies It will also be useful for linguists typologists grammarians and those interested in the study of Indian languages **Linguistic Foundations of Identity** Om Prakash,Rajesh Kumar,2020-11-02 The collection of chapters in this book brings together researchers working in paradoxes and complexities of cultural identities through uses of language and literature from varied perspectives This volume is an important step towards achieving the goal of reaching out to many who have been looking at the complexities of identity formation from linguistic cultural social and political perspectives Please note This title is co published with Aakar Books New Delhi Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh Maldives and Sri Lanka **A Theory of Phonological Features** San Duanmu,2016-03-17 This book outlines a system of phonological features that is minimally sufficient to distinguish all consonants and vowels in the languages of the world The extensive evidence is drawn from datasets with a combined total of about 1000 sound inventories The interpretation of phonetic transcriptions from different languages is a long standing problem In this book San Duanmu proposes a solution that relies on the notion of contrast X and Y are different sounds if and only if they contrast in some language He focuses on a simple procedure to interpret empirical data for each phonetic dimension all inventories are searched in order to determine the maximal number of contrasts required In addition every unusual feature or extra degree of contrast is re examined to confirm its validity The resulting feature system is surprisingly simple fewer features are needed than previously proposed and for each feature a two way contrast is sufficient Nevertheless the proposal is reliable in that the notion of contrast is uncontroversial the procedure is explicit and the result is repeatable The book also offers discussion of non contrastive differences between languages sound classes and complex sounds such as affricates consonant glide units consonant liquid units contour tones

pre nasalized stops clicks ejectives and implosives *Etymological Dictionary of the Kartvelian Languages* Georgij A. Klimov, 2011-04-20 Volumes in the Trends in Linguistics Documentation series focus on the presentation of linguistic data The series addresses the sustained interest in linguistic descriptions dictionaries grammars and editions of under described and hitherto undocumented languages All world regions and time periods are represented *The Languages and Linguistics of South Asia* Hans Henrich Hock, Elena Bashir, 2016-05-24 With nearly a quarter of the world's population members of at least five major language families plus several putative language isolates South Asia is a fascinating arena for linguistic investigations whether comparative historical linguistics studies of language contact and multilingualism or general linguistic theory This volume provides a state of the art survey of linguistic research on the languages of South Asia with contributions by well known experts Focus is both on what has been accomplished so far and on what remains unresolved or controversial and hence offers challenges for future research In addition to covering the languages their histories and their genetic classification as well as phonetics phonology morphology syntax and sociolinguistics the volume provides special coverage of contact and convergence indigenous South Asian grammatical traditions applications of modern technology to South Asian languages and South Asian writing systems An appendix offers a classified listing of major sources and resources both digital online and printed **Correlatives Cross-Linguistically** Anikó Lipták, 2009-06-24 This volume brings together recent work in generative syntax on correlative relative constructions Greatly expanding on the Hindi oriented scope of previous studies it describes and analyzes correlative constructions in a range of languages such as Basque Dutch Hungarian Polish Sanskrit Serbo Croatian and Tibetan in comparison to correlativization in Hindi The articles zoom in on three areas of interest firstly the similarities and differences between correlatives and other wh and relative constructions secondly the derivation of correlative constructions and the position correlative clauses occupy in the host clause and thirdly the matching effects that characterize the pairings between relative phrases and demonstrative phrases The studies presented here will appeal to researchers and students with an interest in syntax in general and relativization strategies in particular **Finiteness** Irina Nikolaeva, 2007 This book explores the nature of finiteness one of most commonly used notions in descriptive and theoretical linguistics but possibly one of the least understood Scholars representing a variety of theoretical positions seek to clarify what it is and to establish its usefulness and limitations In doing so they reveal cross linguistically valid correlations between subject licensing subject agreement tense syntactic opacity and independent clausehood show how these properties are associated with finiteness and discuss what this means for the content of the category The issues explored include how different grammatical theories represent finiteness whether the finite nonfinite distinction is universal whether there are degrees of finiteness whether the syntactic notion of finiteness has a semantic corollary whether and how finiteness is subject to change and how finiteness features in language acquisition Irina Nikolaeva opens the book by describing the history of finiteness and its place in current thinking and research She then introduces the chapters of the book comparing the authors

perspectives and showing what they have in common The book is then divided into four parts Part I considers the role finiteness plays in formal syntactic theories and Part II its deployment in functional theories and as the subject of research in typology Parts III and IV look respectively at the finite nonfinite opposition in individual languages and at the role finiteness plays in linguistic change and linguistic development The book is written and structured to appeal to scholars and students of syntax and general linguistics at graduate level and above

Materials for the Study of the Ainu Language and Folklore (Cracow 1912) Bronislaw Pilsudski, 2017-04-10 Volume 2 Materials for the Study of Ainu Language and Folklore contains a reprint of the classic 1912 Cracow edition with an Ainu English index with indication of frequency and occurrence a reverse index an English index and a grammatical index

Towards a Holistic Understanding of Language Contact in the Past Nikolaos Lavidas, Ioanna Sitaridou, Igor Yanovich, 2025-10-06 The tendency to view grammar in isolation from multilingual settings is so pervasive that even modern approaches do not often overcome the monolingual paradigm At the same time the effects of language contact very clearly manifest themselves as discussed in the literature on language contact contact induced and shared grammaticalization sometimes resulting in areal patterns particularly relevant for linguistic typology It appears that there continues to be an important gap between the fact of commonly happening grammatical transfer in language contact and our theorizing about such grammars This gap needs to be narrowed and eventually closed for the sake of both theories of grammar and theories of language contact In fact one can take this further and ask the question Do we really need a separate theory of language contact The rather attractive alternative would be to reduce the effects of language contact to theories of language acquisition sociolinguistics external factors as well as more generalised cognitive mechanisms such as copy and analogy which once properly interwoven they can offer holistic explanations The aim of the edited volume is to contribute to this and other related questions

An Introduction to Linguistic Typology Viveka Velupillai, 2012 Offers an introduction to linguistic typology that covers various linguistic domains from phonology and morphology over parts of speech the NP and the VP to simple and complex clauses pragmatics and language change This title also includes a discussion on methodological issues in typology

A Bibliography of Nepalese Languages and Linguistics Sueyoshi Toba, 1998

'COME' and 'GO' off the Beaten Grammaticalization Path Maud Devos, Jenneke van der Wal, 2014-05-08 This edition brings together some lesser known grammaticalization paths travelled by come and go in familiar and less familiar languages No single book volume has been dedicated to the topic of grammatical targets different from tense and aspect so far This study will increase our insight in grammaticalization processes in general as they force us to rethink certain aspects of grammaticalization
