Robert Dale McManes

Reflections Of A Poet:

Working in the Dark Jimmy Baca,2008-01-01 Baca passionately explores the troubled years of his youth from which he emerged with heightened awareness of his ethnic identity as a Chicano his role as a witness for the misunderstood tribal life of the barrio and his redemptive vocation as a poet Reflections in a Poets Mirror Robert Dale McManes,2001-11 A look at the world around through the reflection of a poet What lies in the depths of a poet s mirror Poetry from inside the soul

Reflections of a Poet's Heart Rebecca Rowton Hemingway,2008-12-31 This book is a collection of poetry that I have written over the years that deal with love life and hardships As well as a few that fill the spirit when lost or empty I have been writing since I was ten years old The fulfillment I get from writing grows as the years pass by and I hope to bring to my readers a light at the end of their tunnel Reflections in Time Kenneth R. Stephens,2013-03 A half breed American Indian

tells his story in a series of poems which he calls REFLECTIONS IN TIME The poet through long suffering patience discovers the key to his long kept secret past The poet also tells the story of his journey through time in poems A book of triumph and tragedy A book of laughter and tears This book will touch your soul **Reflections of a Poet** Andrew Head,1998-01-01

Ray Sette,2021-01-06 Incidents in the mind and intent of the poet this book is

based on the past present and future reflections Hoping these poems will give solace and thought to those who read them

Reflections of a Poet B.O. Durodola,2012-02-16 This book captures the essence of my journey to growth and maturity as a humble man who loves and obeys OUR FATHERS WORD as I prove HIS perfect WILL and walk in accordance to HIS WAYS it reflects my faith and articulates my love for the living GOD and challenges anyone to question the void within them to love any other It personifies the complexity of my state of mind as I wonder the face of this Earth seeking to please GOD and I have found myself asking questions about my moments in time that quintessentially embeds choice strengths weaknesses order and faith into the essence of my being *Reflections* Abdallah Nacereddine,2004-11-01 The author Abdallah

Nacereddine gives you a view of his thoughts and emotions with his work a collection of introspective verse from a world traveler and author This collection of work was written throughout his life but still holds truth in the present The core meaning remains His work is compiled not only for those who read English but also for the enjoyment of those readers who read French or even Arabic It is the authors hope that each reflection finds the reader able to look into a slice of a moment in

time Here is a unique book with a lifelong collection of work from a poet who has traveled the world and experienced various cultures people and places Written mostly in English the poet first started his work in French and then later in Arabic This enables the reader to reflect upon the Cosmopolitan Observers poetry in three separate languages English French and Arabic A rare look into the poets point of view on various topics revealing his way of life at different stages These reflections came unexpectedly from any time anywhere Each thought has its own story some event that consciously or unconsciously generated it Some of them are good for just the moment while others are timeless The poet explains I am not really a poet but rather these reflections were inspired just like that instantly without forcing myself or deciding in advance what to write Use this for your personal introspective or even as a teaching tool for the various languages But most of all ENJOY

Reflecting on Reflections Moises Florian,2005 Mois s C Flori n is a poet from Peru now living in London He writes in Spanish and Alison Dent has collaborated with him on most of these translations In this long reflective meditation one sees his concentration on the pause the emptiness mirrors are so often empty mirrors and mirages don t often notice me A Poet's Journey Continued Richard A. Cardner,2023-04-13 This book is a continuation of the author s first book *A Poet s Journey* The poems have been written over the past forty years for a variety of audiences including young adults through older adults who may be seeking faith reflection encouragement or humor Some poems respond to current events holidays and various life experiences A variety of poetic forms are used **The Poems of Walter Kennedy** Walter Kennedy,1901

Reflections on Poetry and the World Emily Grosholz,2020-12-18 This collection brings together 40 years of essays about poetry and literature written by Emily Grosholz The first section includes essays about some of her favorite poets and thinkers in the United States England France and Germany The second section brings poetry into relation with ethics politics and practical deliberation and the third considers it alongside science and imagination The last section is an homage to The Hudson Review for whom she has served as an Advisory Editor for many years As a philosopher Emily Grosholz has written and thought about feminism racism and mathematics and science which has led her to admire all the more the distinct wisdom of poetry These essays show how poetry reorganized language and memory eros and experience and time and place and how and why it deepens our understanding of life **Coleridge and Shelley** Sally West,2016-05-23 Sally West s timely study is the first book length exploration of Coleridge s influence on Shelley s poetic development Beginning with a discussion of Shelley s views on Coleridge as a man and as a poet West argues that there is a direct correlation between Shelley s desire for political and social transformation and the way in which he appropriates the language imagery and forms of Coleridge often transforming their original meaning through subtle readjustments of context and emphasis While she situates her work in relation to recent concepts of literary influence West is focused less on the psychology of the poets than on the poetry itself She explores how elements such as the development of imagery and the choice of poetic form often learnt from earlier poets are intimately related to poetic purpose Thus on one level her book explores how the second generation

Romantic poets reacted to the beliefs and ideals of the first while on another it addresses the larger question of how poets become poets by returning the work of one writer to the literary context from which it developed Her book is essential reading for specialists in the Romantic period and for scholars interested in theories of poetic influence **A Poet's Life** Ginger Covert Colla, 2021-07-15 A Poet's Life Memories Moods and Reflections provides a kaleidoscope of poetic renderings reflecting themes of love longing languish loss laughter and lauds With the overall theme of love love of the arts love of beauty love of nature love of life and love of the creator the author provides the reader much to ponder reflect upon and enjoy Images accompany the poetic offerings carefully chosen to visually enhance the mood and meaning of each poem

Reflections on Literature and Culture Hannah Arendt, Susannah Young-ah Gottlieb, 2007 This is the first volume in any language that collects Hannah Arendt's remarkable series of essays and notes on literary figures and cultural questions

The Poet's Role Ruth J. Owen, 2021-10-18 This study of contemporary German poetry represents the first attempt to examine comprehensively and at some length the lyric response to the unification period It sets out to investigate by means of close textual analysis whether the German Wende was also a turning point for poetry exploring how GDR poets responded both to the revolutionary events of 1989 and subsequently to the new united Germany An introductory chapter considers what is distinct about poetry as a genre especially under censorship or amid historic change as well as outlining the post unification Literaturstreit The following chapter offers a survey of the poet's role in the GDR from 1949 until 1989 Two central chapters then gather the poetry of the Wende and unification as a corpus of work and characterize it through the elucidation of recurring themes motifs and techniques The volume strikes a balance between giving a general overview of poetry written in 1989 1996 and focusing on individual poets whose work is particularly compelling After identifying broad trends across a wide range of individual poems collections and anthologies single chapters therefore examine in greater depth the work of Volker Braun and Durs Grünbein The concluding chapter addresses the issue of a separate GDR literature Finally an extensive structured bibliography is provided covering the poetry literary criticism and cultural history of the period **Critical Reflections on Poetry and Painting (2 vols.)** Jean-Baptiste Du Bos, 2021-07-15 Jean Baptiste Du Bos

Critical Reflections on Poetry and Painting first published in French in 1719 is one of the seminal works of modern aesthetics Du Bos rejected the seventeenth century view that works of art are assessed by reason Instead he believed audience members have sentiments in response to artworks Their sentiments are fainter versions of those they would feel in response to actually seeing what the work of art imitates Du Bos was influenced by John Locke's empiricism and in turn had a major impact on virtually every major eighteenth century contributor to philosophy of art including Voltaire Montesquieu Diderot Rousseau Herder Lessing Mendelssohn Kames Gerard and Hume This is the first modern annotated and scholarly edition of the Critical Reflections in any language
