Mapping My Way Home Stephanie Urdang, 2017-11-22 Stephanie Urdang was born in Cape Town South Africa into a white Jewish family staunchly opposed to the apartheid regime In 1967 at the age of twenty three no longer able to tolerate the grotesque iniquities and oppression of apartheid she chose exile and emigrated to the United States There she embraced feminism met anti apartheid and solidarity movement activists and encountered a particularly American brand of racial injustice Urdang also met African revolutionaries such as Amilcar Cabral who would influence her return to Africa and her subsequent journalism In 1974 she trekked through the liberation zones of Guinea Bissau during its war of independence in the 1980 s she returned repeatedly to Mozambique and saw how South Africa was fomenting a civil war aimed to destroy the newly independent country From the vantage point of her activism in the United States and from her travels in Africa Urdang tracked and wrote about the slow inexorable demise of apartheid that led to South Africa's first democratic elections when she could finally return home Urdang's memoir maps out her quest for the meaning of home and for the lived reality of revolution with empathy courage and a keen eye for historical and geographic detail This is a personal narrative beautifully told of a journey traveled by an indefatigable exile who while yearning for home continued to question where as a citizen of both South Africa and the United States she belongs My South Africa she writes on her return in 1991 after the release of Nelson Mandela How could I have imagined for one instant that I could return to its beauty and not its pain

facts If facts dominate most of our daily thinking we'd leave out possibilities that might exist in our lives the unseen from other dimensions that intercept our paths of life Things or events exist for a reason and there is more than one way to look into every situation Lilith was introduced as an orphan and a tragic victim who was abandoned by her psychopathic father at the age of six She was mentally not well she thought at first Now she realized her condition has never been that simple Her illness wasn't strong enough to poison her mind but something else was Her mental illness was just the image she portrayed to others but her true self was far beyond her sickness Love in this novel is represented in an unnoticeable and unusual way rather than in a traditional way There is no such thing as the correct or the wrong way of loving someone Love could be in holiness or love could be in such sinfulness but love is love Lilith after countless struggles with her search for true love she had found not only her greatest love of all but also her true soul mate not for one life but for eternity Author Brigitte Wynn Karey is a lover of words The author expresses her thoughts not only to her audiences but also to herself Her ability to use words to express her thoughts creatively in her own way was excellent The imagination created in this book would let the audiences enjoy their mental imaginary visions as well as to open up the possibilities that they might have missed out

Hume's Reflection on Religion Miguel A. Badía Cabrera, 2012-12-06 This book presents a comprehensive interpretation of Hume's serious reflection on religion from the perspective afforded by his philosophical project and its Enlightened ends I relate his account of the origin development and significant effects of religious beliefs to his own historical works and conversely take the former as the leading thread into the disclosure of a Humean philosophy of history I also critically analyze his views about the eminently irrational and feigned character of most religious faith and its inevitable negative effect on morality Finally I examine Hume's attack on the validity of the conclusions of rational theology Reasonable support is provided for the claim that the belief in God as an intelligent author of the universe is a natural and

reasonable belief This work may interest both scholars and general readers who are intrigued or troubled by religion and the issues of the utmost importance which it raises *Reordering Theological Reflection* Helen Collins, 2020-07-10 Offering an alternative to the usual models of theological reflection this careful and helpful guide demonstrates to students the possibilities which emerge when the starting point for theological reflective practice *The Way Home* Ernestine Bradley, 2007-12-18 Growing up in Bavaria during World War II Ernestine Bradley came to know wartime dislocations and food shortages along with the challenges of taking care of her siblings while her mother was ill The men of her hometown were away at war but their absence created an exciting unexpected freedom a freedom she sought again at 21 when she became a stewardess moved to New York and went on to marry a shy basketball star who played for the New York Knicks Yet the paradoxes of her childhood shaped Bradley s life Her hard won discipline helped her maintain a full time career as a professor while she commuted weekly to Washington and her husband s public life and Germany s literary response to the holocaust of which she had been unaware became her scholarly passion Cancer confronted her with a personal war ultimately demanding a vulnerability she had never allowed herself Frank warm and deeply moving *The Way Home* is an inspiring American story
