Reformed Administration In Lebanon:

Reformed Administration in Lebanon George Grassmuck, Kamal Suleiman Salibi, 1964 Administrative Reform
GERALD E. CAIDEN, 2011-12-31 What is administrative reform How is it differentiated from other kinds of social reform Who are administrative reformers and how do they approach their task And who benefits and who suffers from it Does a theory of administrative reform exist A survey of published research on administrative reform reveals that satisfactory answers to these questions are handicapped by methodological and theoretical shortcomings There are no common definitions no agreement over content no selected boundaries no clear links with the wide phenomenon of social reform no firm hypothesis tested by empirical findings and no continuous dialogue between practitioners and theorists This book is the first comprehensive and systematic treatment of the subject for professionals and students in the fields of public and private administration It carefully examines the diverse interdisciplinary literature on the subject and identifies and develops the most promising approaches towards a unified theory Caiden shows how the study of administrative reform can contribute substantially to the development of administrative theory and constructs a working definition of the phenomenon of administrative reform distinguishing it from social change and from administrative change The practical use of this definition is tested by the analysis of various case histories of administrative cultures of different periods in history from which a common cycle of reform processes is discerned The author follows with a detailed examination of the processes themselves The book concludes with a discussion of the obstacles to reform and a review of the author's findings and conclusions **A Manual of Lebanese Administration. secure sectarian peace in a special province In 1920 after the Ottoman collapse France and the Maronites enlarged the province into the modern country with a pluralism of communal minorities headed by Maronite Christians and Sunni Muslims The book considers the flowering of this pluralism in the mid twentieth century and the strains of new demographic shifts and of social resentment in an open economy External intrusions after the 1967 Arab Israeli war rendered Lebanon s contradictions unmanageable and the country fell apart Harris contends that Lebanon has not found a new equilibrium and has not transcended its sects In the early twenty first century there is an uneasy duality Shia have largely recovered the weight they possessed in the sixteenth century but Christians Sunnis and Druze are two thirds of the country This book offers readers a clear understanding of how modern Lebanon acquired its precarious social intricacy and its singular political character

Presbyterian and Reformed Churches James E. McGoldrick,2012-03-01 In 1905

Westminster Press published *History of the Presbyterian Churches of the World* by church historian Richard Clark Reed 1851-1925. Reed's book intended as a textbook for college and seminary students covered the history of churches that subscribed to Presbyterian polity from the New Testament era to the beginning of the twentieth century. Based on Reed's original work as well as an unpublished manuscript by Presbyterian historian Thomas Hugh Spence Jr 1899-1986, *Presbyterian and Reformed Churches: A Global History* picks up the story of Presbyterian and Reformed churches where the earlier works left off. In this volume James McGoldrick revises and updates Reed's and Spence's original historically relevant works continuing the survey to the twenty-first century. Each chapter traces the history of Presbyterian and Reformed churches in individual nations and regions around the globe. The author covers the major events, leaders, and institutions influencing Presbyterian and Reformed church history in a readable style that is ideally suited for classroom study as well as for independent reading. A list of suggested additional readings concludes each chapter. Nations/regions covered: Switzerland, France, the Netherlands, and other European nations; Scotland, Ireland, England, and Wales; United States, Mexico, and Central America; Caribbean Basin; South America; Africa; Middle East; India; Indochina; and Southeast Asia; China; Korea; Japan; and lesser Pacific Islands.

Reforming Public Institutions and Strengthening Governance World Bank. Public Sector Board, 2003. This report seeks to assess the progress to date in implementing the World Bank's strategy for governance and public sector reform. It also highlights specific challenges and approaches of individual regions. The Development Research Group and the World Bank Institute. Civil Service Reforms in Lebanon Iskandar E. Bashir, 1977. **Lebanon** International Monetary Fund. Middle East and Central Asia Dept., 2023-06-29. Lebanon's severe and multifaceted crisis, triggered by sizable deposit outflows and followed by the country's first ever external public debt default, has been raging for more than three years. It was aggravated by the COVID-19 crisis and the Beirut port explosion in August 2020 but also allowed to persist and deepen by a failure to take much-needed policy action hampered by a lasting political crisis and resistance from vested interests to reforms. The economic and social impact of the crisis has been staggering: output contracted by an estimated 40 percent over 2019-22; the lira lost about 98 percent of its value in the parallel market; triple-digit inflation has decimated real incomes; and unemployment and poverty have increased sharply. After three years, the public sector is failing; the provision of public services is almost nonexistent; and the banking sector has collapsed. Informality and the shadow economy have increased sharply. *Notables and Clergy in Mount Lebanon* Richard van Leeuwen, 2023-08-21. *Notables and Clergy in Mount Lebanon* analyzes the relations between the Maronite notables and the Church in the context of socio-economic transformations in Mount Lebanon in the period 1736-1840. Special attention is given to the influence of external forces such as the economic interference of the European nations, the Syrian and Ottoman administrative framework, and the increasing involvement of the Vatican in the affairs of the Maronite community. The emphasis is laid on the role of religious foundations or waqfs in the process of social and economic integration both within the Maronite community and in

the wider frameworks in which it gradually became incorporated These external and internal factors can explain the remarkable political emancipation of the Maronite Church which assumed an important role in the history of Mount Lebanon in the 19th century
