Refugees Asylum In Europe:

Geographies of Asylum in Europe and the Role of European Localities Birgit Glorius, Jeroen Doomernik, 2019-10-03 This open access book describes how the numerous arrivals of asylum seekers since 2015 shaped reception and integration processes in Europe. It addresses the structuration of asylum and reception systems and spaces and places of reception on European national, regional and local level. It also analyses perceptions and discourses on asylum and refugees, their involvement and the consequences for policy development. Furthermore, it examines practices and policy developments in the field of refugee reception and integration. The volume shows and explains a variety of refugee reception and integration strategies and practices as specific outcome of multilevel governance processes in Europe. By addressing and contextualizing those multiple experiences of asylum seeker reception, the book is a valuable contribution to the literature on migration and integration, societal development and political culture in Europe.

Queering Asylum in Europe Carmelo Danisi, Moira Dustin, Nuno Ferreira, Nina Held, 2021-08-31 This two volume open access book offers a theoretically and empirically grounded portrayal of the experiences of people claiming international protection in Europe on the basis of their sexual orientation or gender identity (SOGI). It shows how European asylum systems might and should treat asylum claims based on people's SOGI in a fairer, more humane way. Through a combined comparative interdisciplinary socio-legal human rights feminist queer and intersectional approach, this book examines not only the legal experiences of people claiming asylum on grounds of their SOGI but also their social experiences outside the asylum decision making framework. The authors analyse how SOGI related claims are adjudicated in different European frameworks: European Union, Council of Europe, Germany, Italy and UK, and offer detailed recommendations to adequately address the intersectional experiences of individuals seeking asylum. This unique approach ensures that the book is of interest not only to researchers in migration and refugee studies, law and wider academic communities but also to policy makers and practitioners in the field of SOGI asylum.

International Refugee Law H?ne Lambert, 2017-07-05 The essays selected and reproduced in this volume explore how international refugee law is dynamic and constantly evolving From an instrument designed to protect mostly those civilians fleeing the worse excesses of World War II the 1951 Refugee Convention has developed into a set of principles customary rules and values that are now firmly embedded in the human rights framework and are applicable to a far broader range of refugees In addition international refugee law has been affected by international humanitarian law and international criminal law and vice versa Thus there is a reinforcing dynamic in the development of these complementary areas of law At the same time in recent decades states have shown a renewed interest in managing migration thereby raising issues of how to reconcile such interests with refugee protection principles In addition the emergence of concepts of participation and responsibility to protect promise to have an impact on international refugee law

Reluctant Hosts: Europe and Its Refugees Danièle Joly, Robin Cohen, 2024-02-02 Now reissued with a new Preface by Robin Cohen and Dani le Joly this book was originally published in 1989 at a time when the reality of a single European Community had begun to materialize the comfortable belief that many European countries offered havens for those fleeing persecution This belief was undermined as governments sought to cope with xenophobic and racist sentiments by their indigenous populations This book with contributions from social scientists policy makers and representatives from many European countries discusses the response of European governments to the increasing demands by asylum seekers refugees

Joly, 2016-07-14 This book brings together in a systematic manner three discrete areas of interest pertaining to refugees Asylum is explored through studies on the evolution of legal instruments in Europe the harmonisation process of European policies and the broader spectrum of factors underpinning decisions on asylum Reception and settlement of refugees are analysed through a comparative study of national programmes in France and Britain and in addition a survey of local authority policies A typology for refugees is developed and tested by a comparison between Chilean and Vietnamese associations in France and Britain

The Right to Seek Refugee Status in the European Union Sylvie Da Lomba, 2004 In 2001 the 1951 United Nations Convention relating to the Status of Refugees celebrated its 50th anniversary Whilst its fundamental contribution to refugee protection is undisputed the Convention has come under sustained criticism in recent years founded on its alleged inability to address the complexities and challenges of the world of today Yet the need for international protection worldwide persists regardless of changes in the international community and the Convention remains the cornerstone of refugee protection In that context it is critical that the asylum policy of the European Union fully realises the right to seek refugee status that may be inferred from the Convention provisions To that end the author examines and measures EU and EC instruments and proposals for legislation on asylum against standards set out in international refugee and human rights law The author argues that the influence of the European Union and its Member States must not be undermined and that any departure from international standards carries the risk of undermining the right to seek refugee status and refugee protection as a whole within and beyond the borders of the European Union The communautarisation of asylum operated by the Treaty of Amsterdam presents the European Union with the crucial challenge of remaining true to its humanitarian tradition and vision Book jacket

Integration of Migrants into the Labour Market in Europe Sylwia Przytuła, Łukasz Sułkowski, 2020-11-26 Living and working in a host country is challenging both for the host country as well as for the incoming migrants Therefore integration activities are essential for easing the transition This book examines various practices of integrating migrants in European countries from national organizational and individual perspectives **Coping with Migrants and Refugees** Tiziana Caponio, Irene Ponzo, 2022-03-08 This book provides a comparative overview of asylum seekers reception throughout Europe by adopting a theoretical framework based on an analytical approach to the notion of multilevel governance MLG It challenges the tendency of the MLG literature to overlook political controversies and conflicts and questions the assumption that it represents the best policymaking arrangement for promoting policy convergence In doing so it explores the functioning of the reception component of the Common European Asylum System in centralised states and federal regional states and analyses its implementation at both national and local levels The book reveals the heterogeneous development of

reception policies not only across Member States but also within each country where solutions adopted at the local level generally diverge substantially Furthermore the overall centralisation of policy making on reception regardless the institutional structure seems to leave little room for MLG arrangements tailored to specific localities and triggers tensions between central governments and local authorities This book will be of key interest to scholars and students of migration and asylum studies immigration multilevel global governance and more broadly to comparative politics European studies politics and public policy Chapter 3 Chapter 5 Chapter 6 Chapter 9 and Chapter 10 of this book is available for free in PDF format as Open Access from the individual product page at www.routledge.com It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license
