Religion Conflict And Reconciliation:

Religion, Conflict and Reconciliation, 2021-10-25 From the contents Andre DROOGERS Religious reconciliation a view from the social sciences Hendrik M VROOM The nature and origins of religious conflicts some philosophical considerations Michael McGHEE Buddhist thoughts on conflict Reconciliation and religion Tzvi MARX Theological preparation for reconciliation in Judaism Agus Rachmat WIDYANTO Interreligious conflict and reconciliation in Indonesia

Conflict and Reconciliation John Bowker, 2008 Religions are involved in many long running conflicts around the world from the Balkans and the Middle East to Kashmir and Sri Lanka All that is well known Not so well known are the resources that religions can bring specifically and uniquely to the process of peace and reconciliation after conflict This book looks in detail at the ways in which the search for reconciliation is an obligation even a command in particular religions Religions understand reconciliation very differently and those differences are made clear in this book But the quest for reconciliation however differently it is understood is an obligation in religions that should be much better understood and employed by those who seek peace in the world

Atonement Akanmu G. Adebayo, Sherrill Hayes, Brandon D. Lundy, 2018-02-26 The relationship between religion and conflict has generated considerable academic and political debate Although the majority of religions and spiritual traditions are replete with wisdom that propagates a broader unity among human beings these same examples have been used to legitimize hatred and fear While some studies claim that religion facilitates peacebuilding reconciliation and healing others argue that religion exacerbates hostility instigates vengeance seeking behaviors and heightens conflict But religion does not act by itself human beings are responsible for acts of peace or conflict of division or reconciliation in the name of religion This book addresses these rather complex issues from the perspective of reconciliation or atonement to advance both the frontiers of knowledge and the global search for alternative paths to peace The contributions in the volume focus in three areas 1 Reconciling Religious Conflicts 2 Reconciling Conflict through Religion and 3 Religious Reconciliations In each of these sections scholars practitioners and religious leaders address specific examples that highlight the complex intersections of religious practices with global conflict and reconciliation efforts This informative and provocative book is relevant for students and faculty in peace and conflict studies religious studies humanities social sciences and provides insights useful to practitioners and professionals working in peacebuilding and international development seeking to promote effective resolution and reconciliation efforts

Atonement Brandon D. Lundy, Akanmu G. Adebayo, Sherrill Hayes, 2018 This volume engages the unseen impacts of religion linked conflicts and successful peacebuilding around the world The authors address the paradoxes of the role of religion in global conflicts to reveal the connections among religion conflict and peace

The Ambivalence of the Sacred Scott R. Appleby, 2000 This text explains what religious terrorists and religious peacemakers share in common and what causes them to take different paths in fighting injustice

Moving Beyond Sectarianism Joseph Liechty, Cecelia Clegg, 2001 A six year research project of the Irish School of Ecumenics concerned with

Christianities and sectarianism in Northern Ireland and offering a detailed analysis of sectarian dynamics *Religion, Conflict, and Peacebuilding* Stipe Odak, 2020-10-27 This book provides fresh insights into the role of religious leaders in conflict transformation and peacebuilding Based on a large dataset of interviews with Christian and Muslim leaders in Bosnia and Herzegovina it offers a contextually rich analysis of the main post conflict challenges forgiveness reconciliation and tragic memories Designed as an inductive qualitative research it also develops an integrative theoretical model of religiously inspired engagement in conflict transformation The work introduces a number of new concepts which are relevant for both theory and practice of peacebuilding such as Residue of Forgiveness Degree Zero of Reconciliation Ecumene of Compassion and Phantomic Memories The book furthermore proposes two correlated concepts theological dissonance and pastoral optimization as theoretical tools to describe the interplay between moral ideals and practical limitations The text is a valuable resource for religious and social scholars alike especially those interested in topics of peace conflict and justice From the methodological standpoint it is an original and audacious attempt at bringing together theological philosophical and political narratives on conflicts and peace through the innovative use of the Grounded Theory approach *Religion, Conflict and Reconciliation* K. G. Hammar, Sverige Millenniekommittén, 2000 *The Oxford Handbook of Religion, Conflict, and Peacebuilding* Atalia Omer, R. Scott Appleby, David Little, 2015 The book provides a comprehensive overview of the literature on religion conflict and peacebuilding With a focus on structural and cultural violence the volume also offers a cutting edge interdisciplinary reframing of the scope of scholarship in the field *Religion and Conflict Resolution* Asst Prof Megan Shore, 2013-05-28 This book examines the ambiguous role that Christianity played in South Africa's Truth and Reconciliation Commission TRC It has two objectives to analyse the role Christianity played in the TRC and to highlight certain consequences that may be instructive to future international conflict resolution processes Religion and conflict resolution is an area of significant importance Ongoing conflicts involving Palestinians and Israelis Muslims and Hindus and even radical Islamic jihadists and Western countries have heightened the awareness of the potential power of religion to fuel conflict Yet these religious traditions also promote peace and respect for others as key components in doing justice Examining the potential role religion can play in generating peace and justice specifically Christianity in South Africa's TRC is of utmost importance as religiously inspired violence continues to occur This book highlights the importance of accounting for religion in international conflict resolution
