Almighty's Religion for the Universe Sidney R Smith MHS,2016-02-26 What the author is attempting to do is provide new information about the Creator life the universe and the purpose of humanity as it relates to what the Almighty has revealed to mankind It is the intent of the author to offer new alternatives and explanations of life to give new insight as to man s role for being in existence on the planet Earth and in the universe It offers the opportunity to explore and come to terms with this information so mankind can be enlightened to a new faith The material in this book allows man to understand that there is no reward or punishment for coming to terms with what the Creator has revealed to mankind To take away the fear of a hell and give a sense of immortality in lieu of a heavenly paradise Nevertheless this book will show mankind something different about man s creation and the purpose of his creation It s a matter of life before birth reincarnation Have you ever thought of the possibility that there is life before life Many people throughout the ages have questioned the possibility of life after death but never of life before birth I know of only one person who had some connection with the possibility of life before birth Me Edward Cayce who died in 1945 recorded some accounts of his efforts to recall the lives of people in their spiritual past He provided case studies dealing with his ability to read past histories of people s past lives but was not able to prove or disprove his abilities But suppose we were to think in terms of having an existence before we were born We have explored the prominent thought of life after death to a point of scientific examination and experimentation

Christianity--Mankind's First Worldwide Religion! Gene Matlock,2005-12 It is my hope that this book will help all humans understand just exactly what Buddhism Ketuloka or Krishtaya is and apply its principles according to the uniqueness and level of their respective understandings for the improvement of their lives Christianity Catholicism was mankind s first and oldest worldwide religion According to author Gene Matlock Christianity merely stepped into the shoes of an ancient existing worldwide religion of the same name The infant Church did not begin to call itself Christianity until two or three hundred years after it was established Before the Great Flood Krishtayana was brought to India from Eastern Siberia by a highly civilized Turkish tribe called Kurus or Krishtaya The Kurus were the world s first highly developed civilization predating India Egypt and Sumeria After conquering India the Kurus went on to conquer the world including Middle America The Caribbean Indians told the Spanish that their gods were the Kurus Rumani Nearly all the Indian tribes of both Americas will find their respective tribes Turkish and North Indian origins in this book But what happened to keep Turkey from receiving credit as the founder of all human civilizations as well as the first religion Christianity Mankind s First Worldwide Religion clears up many mysteries and shows that Jesus Christ really was all that Christians have been taught he was

The People of the Book and the People of the Dubious Book (Penerbit USM) Muhammad Azizan Sabjan, 2008 The question of the People of the Book Ahl al Kitāb has long been of central significance to Islam and later to the study of comparative religion It becomes more crucial when Ab al Fath Muhammad Abd al Karīm al Shahrastānī d 548 1153 develops another category known as Man Lahu Shubhat Kitāb those who possess doubtful sacred scrolls or Ahl Shubhat Kitāb the People of a Dubious Book The present book thus is of importance as it highlights the nature of the People of the Book and the People of a Dubious Book as understood in the Qur'an and Islamic religious tradition The discussion is carried out both by analyzing Islam as the only genuinely revealed religion as well as by addressing various Muslim scholars attitudes and responses to the reality and nature of the People of the Book and the People of a Dubious Book apropos the Qur'an and the Islamic religious tradition Evaluation of the nature of the People of a Dubious Book as exclusively developed by al Shahrastānī is also discussed It points out how he identifies these groups and how he treats them accordingly in his magnum opus al Milāl wa al Nihāl It is hoped that this book will provide a preliminary yet clear understanding of this concept which hopefully can deepen our knowledge and enhance our perspective on the various delineations of the People of the Book and the People of a Dubious Book employed by Muslim scholars This will eventually widen our sphere of the understanding of religious issues and any misunderstanding or narrowed perception of other religious traditions could be avoided
