Couture,Robert Mager,Pamela McCarroll,Natalie Wigg-Stevenson,2015 Clear and well defined identities are hard to sustain in a rapidly shifting world Peoples goods and cultures are on the move The internet and other technologies increase the amount the speed and the intensity of cultural exchanges Individuals organizations and nations develop complex identities out of many traditions different ideals various ways of life and many models of organization Religious traditions both collide and interact with spiritual journeys crossing religious boundaries In this book more than 20 contributors from different backgrounds and academic disciplines offer an array of practical theological perspectives to help understand these complex identities and negotiate this shifting world Series International Practical Theology Vol 17 Subject Religious Studies Cultural Studies *Religious Conversion* Christopher Lamb,M. Darroll Bryant,1999-10-01 Conversion has been an important issue for most of the universal religions those usually associated with a founder such as Christianity Buddhism Islam and Judaism which have a mission to spread their message Other religions have been less concerned with conversion except in so far as it has been a negative force for them to confront This study explores how conversion has been understood by different religions during different eras and includes a survey of the textual legal ritual historic and experiential dimensions of the phenomenon of conversion **Rethinking Religious Conversion** Jack Williams,2024-10-17 Drawing on methods from religious studies philosophy and cognitive science Jack Williams develops a unique and interdisciplinary approach to the study of religious conversion This is the first major philosophical study of conversion to treat the phenomenon as a long term process shaped by the convert s embodiment and immersion in a linguistic social and ritual community Williams analysis of the conversion process is rooted in a view of cognition as both embodied and affective and is informed by the latest research in phenomenology affect theory neuroscience and enactivist cognitive science In conversation with diverse conversion narratives he advances a theory of conversion that is not restricted to a modern Western context but that can be applied to experiences of conversion across global history and culture Rethinking Religious Conversion displays an original approach to the philosophical study of diverse religious practices By bringing together a diverse array of contemporary and historical scholarship it revitalizes the study of conversion for both philosophy and religious studies **Second Chances As Transformative Stories Rhd V3 2&3** Kevin M. Systematic Theology, Volume 2, Second Edition James Leo Garrett Jr.,2014-09-14 Rivals the major systematic theologies of this century Baptist History and Heritage Journal July 1996 One of the characteristics of Garrett s system that needs especially to be noted is its balanced judicious and nearly invariably objective presentation of materials While holding true to the teachings of his own Baptist faith Garrett so carefully and judiciously presents alternatives that teachers and students from other confessional and denominational positions will find his work instructive Consensus 1997 If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology there is no more complete presentation in a relatively short work than this Pastors will especially find this feature to be a real help in teaching theology It is an indispensable contribution to the task of systematic theology Journal of the Evangelical Theological Society September 1999 Many students and pastors will find all they need here and will in addition be helped to relate their knowledge to recent developments in the theological world The Churchman A Journal of Anglican Theology 1991 A gold mine of helpful material The Christian Century May 29 June 5 1991 No book that I know is more loaded with biblical and theological facts than this one The prodigious research that must have gone into the preparation of this volume is truly mind boggling Faith and Mission Fall 1991 Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint The work is well documented in both biblical and historical scholarship and will prove to be a classic William Hendrickson Southern Baptist Theological Seminary One of the most comprehensive concise books of its type available it should receive wide use in the classroom and in the study Robert H Culpepper Southern Baptist Theological Seminary **Christian Conversion** Walter E. Conn,2006-07-01 Walter Conn has provided us with something we have needed for a long time a scholarly study of Christian conversion that draws synthetically from present day psychology philosophy and theology and uses these insights to analyze actual Christian religious experience And in doing that Conn has produced what is probably the best treatment to date of foundational moral theology To follow Conn through the pages of this volume is to become acquainted with most of today s important reflection on human moral and personal development But one emerges with much more than relevant information about what is being said Conn s own view of conversion goes beyond the thinkers from whom he draws and provides a basic challenge to and enrichment of our understanding of faith and morality Bernard Cooke Holy Cross College Walter E Conn is Professor of Theology and Religious Studies at Villanova University He is also the editor of Horizons journal of the College Theology Society **An Ethos of Blackness** Vivaldi Jean-Marie,2023-09-26 Rastafari is an Afrocentric social and religious movement that emerged among Afro Jamaican communities in the 1930s and has many adherents in the Caribbean and worldwide today This book is a groundbreaking account of Rastafari demonstrating that it provides a normative conception of Blackness for people of African descent that resists Eurocentric and colonial ideas Vivaldi Jean Marie examines Rastafari s core beliefs and practices

arguing that they constitute a distinctively Black system of norms and values at once an ethos and a cosmology He traces Rastafari s origins in enslaved people s strategies of resistance Jamaican Revivalism and Garveyism showing how it incorporates ancestral religious traditions and emancipatory politics An Ethos of Blackness draws out the significance of practices such as avoiding technological exploitation of natural artifacts and the belief in living in harmony with the natural order Jean Marie considers Rastafari s theology exploring its reinterpretation of biblical scriptures and its foundations in the rejection of Christianity s Eurocentrism and racism However he insists before Rastafari can fulfill its promise of liberation for people of African descent it must confront its failure to include women and redress sexism Through rigorous and sensitive reflections on Rastafari culture and cosmology this book offers deeply original insights into the Black theological imagination
