Science and the Confucian Religion of Kang Youwei (1858-1927) Zhaoyuan WAN, 2021-11-15 WAN Zhaoyuan analyses how Chinese intellectuals conceived of the relationship between science and religion through in depth examination of the writings of Kang Youwei a prominent political reformer and radical Confucian thinker often referred to by his disciples as the Martin Luther of Confucianism Confronted with the rise of scientism and challenged by the Conflict Thesis during his life among adversarial Chinese New Culture intellectuals Kang maintains a holistic yet evolving conception of a compatible and complementary relationship between scientific knowledge and true religion exemplified by his Confucian religion kongjiao This close analysis of Kang s ideas contributes to a richer understanding of the history of science and religion in China and in a more global context

The Illustrated Encyclopedia of Confucianism: A-M Rodney Leon Taylor, Howard Yuen Fung Choy, 2005 Covers topics related to the understanding of Chinese Confucianism Includes entries in the following categories arts architecture and iconography astrology cosmology and mythology biographical entries ceremonies practices and rituals concepts dynasties official titles and rulers geography and historical events groups and schools literature language and symbols and texts

Cross-Cultural Reflections on Chinese Aesthetics, Gender, Embodiment and Learning Eva Kit Wah Man, 2020-01-29 This book gathers research and writings that reflect on traditional and current global issues related to art and aesthetics gender perspectives body theories knowledge and learning It illustrates these core dimensions which are

bringing together philosophy tradition and cultural studies and laying the groundwork for comparative research and dialogues between aesthetics Chinese philosophies Western feminist studies and cross cultural thought Pursuing an interdisciplinary approach the book also integrates philosophical enquiries with cultural anthropology and contextual studies As implied in the title the main methodologies are cross cultural and comparative studies which touch on performances in art and aesthetics social existence and education and show that philosophical enquiries aesthetical representation and gender politics are simultaneously historical living and contextual The book gathers a wealth of cross cultural reflections on philosophical aesthetics gender existence and cultural traditions The critical thinking within will benefit undergraduates postgraduates and researchers in the area of comparative philosophies It blends academic rigor with personal reflection which is a critical practice in feminist philosophy itself

Redefining Heresy and Tolerance Hung Tak Wai, 2024-08-21 In *Redefining Heresy and Tolerance* Hung Tak Wai examines how the Qing empire governed Muslims and Christians under its rule with a non interventionist policy Manchu emperors adopted a tolerant attitude towards Islam and Christianity as long as political stability and loyalty remained unthreatened However Hung argues that such tolerance had its limitations Since the mid eighteenth century the Qing court intentionally minimised the importance of the Islamic identity Restrictions were imposed on the Muslims external connections with Western Asia The Christian minority was kept distant from politics and the Han majority At the same time Confucian scholars began to acquire a new understanding of religion but they were not encouraged to get in touch with the Muslims and Christians This book demonstrates how from the late eighteenth to the early nineteenth century the Qing government prevented Confucian scholar bureaucrats from interfering in the religious life of Christians and Muslims and how the Confucians understanding of religion was reshaped during the implementation of such policy in the period This book reveals that a different kind of religious tolerance had already emerged among Sinophone intellectuals before their contact with the West This book goes beyond the assumption of a homogeneous Han society and pays attention to the religious groups that emerged after the seventeenth century which differed from or even contradicted Confucianism and other Chinese religions and it is concerned with how such alien communities influenced the development of Confucianism itself Wang Fan sen Academia Sinica This book significantly enriches our comprehension of how early modern Confucians as adherents of a state public religion engaged with Abrahamic religions By delving into the dynamics of interreligious interaction *Redefining Heresy and Tolerance* sheds new light on the encounters between Confucianism and the Abrahamic faiths offering fresh insights into the complex religious landscape of Asian culture Huang Chin shing Academia Sinica

All Under Heaven John H. Berthrong, 1994-01-01 This book is a study of comparative philosophy and theology The themes are the critical issues arising from the modern interpretation of Confucian doctrine as they confront the Christian beliefs of the nineteenth and twentieth centuries

Natural Theology Reconfigured Zhiqiu Xu, 2016-03-22 Classic natural theology in its logical rational Aristotelian presentation has encountered an impasse Since the Enlightenment nature has

ceased to be a vital topic in theological discussions until a recent revival of interest stemming from ecological and feminist concerns Provocatively transcending boundaries between Philosophy and Theology ancient and contemporary East and West Natural Theology Reconfigured revitalises the validity and relevancy of Natural Theology a shipwrecked concept in the West with the aid of Eastern Confucian Axiology and American Pragmatism **State, Market, and Religions in Chinese Societies**, 2005-08-01 This collection of original new studies about Mainland China and Taiwan focuses on religious changes and especially the role of the state and market in affecting religious developments in these societies Information was gathered by participant observation and interviews primarily and the analysis of documents secondarily The topics covered are the growing interest in the study of religion the methods used by Christians to be able to coexist with a communist government revival techniques being used by Buddhist monks the strategies of Daoist priests and sect leaders to attract followers the significance of mass circulating morality books and the ongoing debate about the significance and nature of Confucianism The book will interest social scientists religious specialists journalists and others who want to understand the changing nature of Chinese societies and those interested in religious change in modernizing societies **The Korean Neo-Confucianism of Yi T'oegye and Yi Yulgok** Edward Y. J. Chung, 1995-07-20 This is a study of the most significant debate in Korean Neo Confucianism between the two most eminent Neo Confucian thinkers summarizing their philosophies and providing refreshing insights into Confucian language and culture **The Wiley-Blackwell Companion to Inter-Religious Dialogue** Catherine Cornille, 2020-06-08 This comprehensive volume brings together a distinguished editorial team including some of the field's pioneers to explore the aims practice and historical context of interfaith collaboration Explores in full the background history objectives and discourse between the leaders and practitioners of the world's major religions Examines relations between religions from around the world moving well beyond the common focus on Christianity to also cover over 12 major religions Features a wealth of case studies on contemporary interreligious dialogue Charts a long term shift away from a competitive rivalry between belief systems and a change in focus towards the more respectful cooperative approach reflected in institutions such as the World Council of Churches Includes up to date commentary on the growing dialogue of recent years written by some of the leading figures working in the field of interfaith discourse **Female Philosophers in Contemporary Taiwan and the Problem of Women in Chinese Thought** Jana S. Rošker, 2021-09-20 This book illuminates the problem of women in Chinese philosophy through the lens of the lives and work of two contemporary Taiwanese female philosophers It takes two approaches that have been relegated quite unfairly to the margins of dominant discourses The first is concerned with the work of women philosophical theorists who are still overshadowed by their male colleagues regardless of where they live their theoretical potential and the value of their research The second approach is related to the question of the role of Taiwanese philosophy in maintaining the continuity of the Chinese intellectual tradition in the second half of the twentieth century The book thus connects these two issues and

provides a bridge linking them Although discrimination against female philosophical theorists on the one hand and the failure to recognize the important contribution of Taiwanese philosophy to the development of modern Chinese philosophy on the other seem at first glance to have little in common both harbor a problem that has its roots in discourses of exclusion emanating from the political historical and social inequalities associated with power structures *The Oxford Handbook of Confucianism* Jennifer Oldstone-Moore,2023 Comprised of thirty eight original essays by experts from a wide range of disciplines the Oxford Handbook of Confucianism covers the Confucian tradition chronologically geographically and topically through textured and innovative examinations of foundational subjects and emerging topics in Confucian studies

Confucius and Confucianism Lee Dian Rainey,2010-04-09 This comprehensive introduction explores the life and teachings of Confucius and development of Confucian thought from ancient times to the present today Demonstrates the wisdom and enduring relevance of Confucius s teachings drawing parallels between our 21st century society and that of China 2 500 years ago where government corruption along with social economic and technical changes led thinkers to examine human nature and society Draws on the latest research and incorporates interpretations of Confucius and his works by Chinese and Western scholars throughout the centuries Explores how Confucius s followers expanded and reinterpreted his ideas after his death and how this process has continued throughout Chinese history Seamlessly links Confucius with our modern age revealing how his teachings have become the basis of East Asian culture and influenced the West

Sino-Christian Studies in China YANG Huilin,Daniel H. N. YEUNG,2009-05-27 In the 1980s there was a wave of introducing western thoughts in the academia of Mainland China The significance of this movement is regarded by some Chinese scholars as another Enlightenment since the May 4th movement 1919 In this movement there was a small group of Chinese scholars who thought that subtle interaction between Christian thought and western culture and academic should be noticed The aim of this book is at reporting this academic movement which is still active and dynamic today This book includes 22 essays written by authors from Mainland China and overseas who may be intra or extra ecclesia But all of them are prominent in their respective geographical and academic area This is the first book introducing to the English speaking world the origin and development of Sino Chirstian Studies and Sino Christian Theology systematically **Reconstructing**

the Confucian Dao Joseph A. Adler,2014-06-01 Discusses how Zhou Dunyi s thought became a cornerstone of neo Confucianism Zhu Xi the twelfth century architect of the neo Confucian canon declared Zhou Dunyi to be the first true sage since Mencius This was controversial as many of Zhu Xi s contemporaries were critical of Zhou Dunyi s Daoist leanings and other figures had clearly been more significant to the Song dynasty Confucian resurgence Why was Zhou Dunyi accorded such importance Joseph A Adler finds that the earlier thinker provided an underpinning for Zhu Xi s religious practice Zhou Dunyi s theory of the interpenetration of activity and stillness allowed Zhu Xi to proclaim that his own theory of mental and spiritual cultivation mirrored the fundamental principle immanent in the natural world This book revives Zhu Xi as a religious

thinker challenging longstanding characterizations of him Readers will appreciate the inclusion of complete translations of Zhou Dunyi s major texts Zhu Xi s published commentaries and other primary source material **The Renaissance of Confucianism in Contemporary China** Ruiping Fan,2011-05-23 A new generation of Confucian scholars is coming of age China is reawakening to the power and importance of its own culture This volume provides a unique view of the emerging Confucian vision for China and the world in the 21st century Unlike the Neo Confucians sojourning in North America who recast Confucianism in terms of modern Western values this new generation of Chinese scholars takes the authentic roots of Confucian thought seriously This collection of essays offers the first critical exploration in English of the emerging Confucian non liberal non social democratic moral and political vision for China s future Inspired by the life and scholarship of Jiang Qing who has emerged as China s exemplar contemporary Confucian this volume allows the English reader access to a moral and cultural vision that seeks to direct China s political power social governance and moral life For those working in Chinese studies this collection provides the first access in English to major debates in China concerning a Confucian reconceptualization of governance a critical Confucian assessment of feminism Confucianism functioning again as a religion and the possibility of a moral vision that can fill the cultural vacuum created by the collapse of Marxism The Way of Heaven Rodney L. Taylor,2023-08-21
