Remedios caseros para una vida sana Lucía Oliveira, La Naturaleza nos ha aportado innumerables métodos de curación desde tiempos remotos. Y todavía existen muchos pueblos en todo el mundo que continúan en contacto con ella de un modo directo y permanente. Pero en la cultura occidental ha prevalecido una tendencia científicista y racional para el desarrollo de los diferentes métodos de curación de enfermedades, lo que ha permitido el crecimiento hasta límites asombrosos de la industria farmacéutica que a su vez ha encarecido de manera notable los distintos tratamientos de los males que afectan la salud del ser humano. La intención de este libro es recuperar viejos usos y principios de la medicina natural que es básicamente el arte de prevenir las enfermedades. Las plantas medicinales, las infusiones, los ungüentos, los masajes, las cataplasmas de arcilla o de otros elementos, las compresas, los baños, la hidroterapia, la aromaterapia, las inhalaciones y otros modos de curación no son más que herramientas de las que disponemos para poder llevar una vida mejor. Y sería imperdonable que no las aprovecháramos.
