Renaissance Transactions Valeria Finucci,1999 Edited collection discusses the first historically important debate on what constitutes modern literature which focused on two 16th century works ORLANDO FURIOSO and GERUSALEMME LIBERATA **Abuse of Structured Financial Products** United States. Congress. Senate. Committee on Homeland Security and Governmental Affairs. Permanent Subcommittee on Investigations,2014 *Renaissance Transactions and Exchanges* William John Kennedy,2004 **Serious Play** Robert W. Schonfeld,2012-02-24 Ten years ago most scholars and students relied on bulky card catalogs printed bibliographic indices and hardcopy books and journals Today much content is available electronically or online This book examines the history of one of the first and most successful digital resources for scholarly communication JSTOR Beginning as a grant funded project of the Andrew W Mellon Foundation at the University of Michigan JSTOR has grown to become a major archive of the backfiles of academic journals and its own nonprofit organization Roger Schonfeld begins this history by looking at JSTOR s original mission of saving storage space and thereby storage costs a mission that expanded immediately to improving access to the literature What role did the University play Could JSTOR have been built without the active involvement of a foundation Why was it seen as necessary to spin off the project This case study proceeds as an organizational history of the birth and maturation of this nonprofit which had to emerge from the original university partnership to carve its own identity How did the grant project evolve into a successful marketplace enterprise How was JSTOR able to serve its twofold mission of archiving its journals while also providing access to them What has accounted for its growth Finally Schonfeld considers implications of the economic and organizational aspects of archiving as well as the system wide savings that JSTOR ensures by broadly distributing costs Shakespeare Studies Susan Zimmerman,Garrett Sullivan,2008-09 Shakespeare Studies is an international volume published every year in hard cover that contains essays and studies by critics and cultural historians from both hemispheres Although the journal maintains a focus on the theatrical milieu of Shakespeare and his contemporaries it is also concerned with Britain s intellectual and cultural connections to the continent its sociopolitical history and its place in the emerging globalism of the period In addition to articles the journal includes substantial reviews of significant publications dealing with these issues as well as theoretical studies relevant to scholars of early modern culture Volume XXXVI features another in the journal s ongoing series of Forums in which scholars exchange views on an issue of importance to early modern studies Organized and introduced by Patrick Cheney the Forum is entitled The Return of the Author and includes commentary by ten contributors considering the issue of authorship in a postmodern milieu Volume

XXXVI also features essays on Shakespeare's Hamlet Henry V and Richard II and an essay on Marlowe's Doctor Faustus as well as fourteen reviews by scholars on such wide ranging topics as early modern cultural capitals the Jamestown project shaping sound in Renaissance England the places of London comedy Shakespeare's Shylock and the connections between animals rationality and humanity in Shakespeare's time Susan Zimmerman is Professor of English at Queens College CUNY Garrett Sullivan is Associate Professor of English at Pennsylvania State University

Transnational Mobilities in Early Modern Theater Robert Henke, Eric Nicholson, 2016-02-24 The essays in this volume investigate English Italian Spanish German Czech and Bengali early modern theater placing Shakespeare and his contemporaries in the theatrical contexts of western and central Europe as well as the Indian sub continent Contributors explore the mobility of theatrical units genres performance practices visual images and dramatic texts across geo linguistic borders in early modern Europe Combining distant and close reading a systemic and structural approach identifies common theatrical units or theatergrams as departure points for specifying the particular translations of theatrical cultures across national boundaries The essays engage both dramatic approaches e.g. genre plot action and the dramatic text and theatrical perspectives e.g. costume the body and gender of the actor Following recent work in mobility studies mobility is examined from both material and symbolic angles revealing both ample transnational movement and periodic resistance to border crossing Four final essays attend to the practical and theoretical dimensions of theatrical translation and adaptation and contribute to the book's overall inquiry into the ways in which values properties and identities are lost transformed or gained in movement across geo linguistic borders

Epic, Epitome, and the Early Modern Historical Imagination Dr Chloe Wheatley, 2013-05-28 In early modern England epitomes texts promising to pare down abridge or sum up the essence of their authoritative sources provided readers with key historical knowledge without the bulk expense or time commitment demanded by greater volumes Epic poets in turn addressed the habits of reading and thinking that for better and for worse were popularized by the publication of predigested works Analyzing popular texts such as chronicle summaries abridgements

of sacred epic and abstracts of civil war debate Chloe Wheatley charts the efflorescence of a lively early modern epitome culture and demonstrates its impact upon Edmund Spenser's *The Faerie Queene* Abraham Cowley's *Davideis* and John Milton's *Paradise Lost* Clearly and elegantly written this new study presents fresh insight into how poets adapted an important epic convention the representation of the hero's confrontation with summaries of past and future to reflect contemporary trends in early modern history writing

The Romance Epics of Boiardo, Ariosto, and Tasso Jo Ann Cavallo, 2004-01-01 In *The Romance Epics of Boiardo Ariosto and Tasso* Jo Ann Cavallo attempts a new interpretation of the history of the renaissance romance epic in northern Italy focusing on the period's three major chivalric poets Cavallo challenges previous critical assumptions about the trajectory of the romance genre especially regarding questions of creative imitation allegory ideology and political engagement In tracing the development of the romance epic against the historical context of the Ferrarese court and the Italian peninsula Cavallo moves from a politically engaged Boiardo whose poem promotes the tenets of humanism to an individualistic Tasso who opposed the repressive aspects of the counter reformation culture he is often thought to represent Ariosto is read from the vantage of his predecessor Boiardo and Cavallo describes his cynicism and later mellowing attitude toward the real world relevance of his and Boiardo's fiction *The Romance Epics of Boiardo Ariosto and Tasso* is the first critical study to bring together the three poets in a coherent vision that maps changes while uncovering continuities

Generation and Degeneration Valeria Finucci, Kevin Brownlee, 2001-03-13 This collection explores the construction of genealogies both in the biological sense of procreation and in the metaphorical sense of heritage and cultural patrimony

Conceptual Odysseys Griselda Pollock, 2007-10-24 The theoretical turn within the arts and humanities in the 1970s and 1980s has for many had its day with work produced under its rubric all too often feeling tired or even downright lazy In its place whilst hazarding against an outright rejection of theory this book introduced by Mieke Bal presents work by a new generation of scholars responding directly to Bal's idea of the travelling concept By taking a concept from one discipline and with a genuine understanding of its origin thoughtfully applying this in a new context exciting new possibilities are opened up for analysis of artworks and other cultural objects Here we find these travelling concepts employed in fresh explorations of subjects as diverse as the paintings of Poussin and of Adam Elsheimer Chantal Akerman's film *the Museum of the French Revolution* and the work of German Jewish painter Charlotte Salomon This is a uniquely illuminating contribution to the edgy territorial conflicts between visual culture art history and cultural studies

Essays in Memory of Richard Helgerson Roze Hentschell, Kathy Lavezzo, 2012 *Essays in Memory of Richard Helgerson* Laureations brings together new essays by leading literary scholars of the British and European middle ages and early modern period who have been influenced by the groundbreaking scholarship of Richard Helgerson The contributors evince the ongoing impact of Helgerson's work in critical debates including those of nationalism formal analysis and literary careerism

Encyclopedia of Greece and the Hellenic Tradition Graham Speake, 2021-01-31 Hellenism is the living culture of the Greek speaking peoples and has a

continuing history of more than 3 500 years The Encyclopedia of Greece and the Hellenic Tradition contains approximately 900 entries devoted to people places periods events and themes examining every aspect of that culture from the Bronze Age to the present day The focus throughout is on the Greeks themselves and the continuities within their own cultural tradition Language and religion are perhaps the most obvious vehicles of continuity but there have been many others law taxation gardens music magic education shipping and countless other elements have all played their part in maintaining this unique culture Today Greek arts have blossomed again Greece has taken its place in the European Union Greeks control a substantial proportion of the world s merchant marine and Greek communities in the United States Australia and South Africa have carried the Hellenic tradition throughout the world This is the first reference work to embrace all aspects of that tradition in every period of its existence Women Players in England, 1500-1660 Peter Parolin, 2019-06-04 Offering evidence of women s extensive contributions to the theatrical landscape this volume sharply challenges the assumption that the stage was all male in early modern England The editors and contributors argue that the pervasiveness of female performance affected cultural production even on the professional London stages that used men and boys for women s parts English spectators saw women players in professional and amateur contexts in elite and popular settings at home and abroad Women acted in scripted and improvised roles performed in local festive drama and took part in dancing singing and masquing English travelers saw professional actresses on the continent and Italian and French actresses visited England Essays in this volume explore the impact of women players outside London the relationship between women s performance on the continent and in England working women s participation in a performative culture of commerce the importance of the visual record the use of theatrical techniques by queens and aristocrats for political ends and the role of female performance on the imitation of femininity In short Women Players in England 1500 1660 shows that women were dynamic cultural players in the early modern world Singing of Arms and Men Kelley Harness, 2024-09-27 Equestrian ballets balletti a cavallo emerged as valued dramatic entertainments in early modern Europe demonstrating the wealth and magnificence of the patrons who commissioned them as well as the horsemanship and military skills of the noblemen who rode in them Author Kelley Harness undertakes the first comprehensive study of seventeenth century Florentine horse ballets and shows how the balletto a cavallo played a crucial role in self fashioning by the Medici family during the period Horse ballets also provided participating noblemen a venue for demonstrating critical markers of masculine nobility and confirming their family s relationship to the Medici Women, Rhetoric, and Drama in Early Modern Italy Alexandra Collier, 2017-07-06 Sixteenth century Italy witnessed the rebirth of comedy tragedy and tragicomedy in the pastoral mode Traditionally we think of comedy and tragedy as remakes of ancient models and tragicomedy alone as the invention of the moderns Women Rhetoric and Drama in Early Modern Italy suggests that all three genres were in fact remarkably new if dramatists intriguingly sympathetic portrayals of and sustained investment in women as vibrant and dynamic characters of the early modern stage

are taken into account This study examines the role of rhetoric and gender in early modern Italian drama in itself and in order to explore its complex interrelationship with the rise of women writers and the role women played in Italian culture and society while at the same time demonstrating just how closely intertwined history culture and dramatic writing are Author Alexandra Collier focuses on the scripted erudite plays of the sixteenth and first half of the seventeenth centuries which she argues are indispensable for a balanced view of the history of drama and its place within contemporary literary and women's studies As this book reveals the ascendancy of comedy tragedy and tragicomedy in the vernacular seems to have been not only inextricably linked to but also dependent on the rise of women as prominent stage characters and eventually as authors in their own right

The Places of Early Modern Criticism Gavin Alexander, Emma Gilby, Alexander Marr, 2021 What is criticism And where is it to be found Thinking about literature and the visual arts is found in many places in treatises apologies and paragoni in prefaces letters and essays in commentaries editions reading notes and commonplace books in images sculptures and built spaces within or on the thresholds of works of poetry and visual art It is situated between different disciplines and methods Critical ideas and methods come into England from other countries and take root in particular locations the court the Inns of Court the theatre the great house the printer's shop the university The practice of criticism is transplanted to the Americas and attempts to articulate the place of poetry in a new world And commonplaces of classical poetics and rhetoric serve both to connect and to measure the space between different critical discourses Tracing the history of the development of early modern thinking about literature and the visual arts requires consideration of various kinds of place material textual geographical and the practices particular to those places it also requires that those different places be brought into dialogue with each other This book brings together scholars working in departments of English modern languages and art history to look at the many different places of early modern criticism It argues polemically for the necessity of looking afresh at the scope of criticism and at what happens on its margins and for interrogating our own critical practices and disciplinary methods by investigating their history

Performance and Literature in the Commedia Dell'Arte Robert Henke, 2002-12-12 This book explores the commedia dell'arte the Italian professional theatre in Shakespeare's time The actors of this theatre usually did not perform from scripted drama but instead improvised their performances from a shared plot and thorough knowledge of individual character roles Robert Henke closely analyzes hitherto unexamined commedia dell'arte texts in order to demonstrate how the spoken word and written literature were fruitfully combined in performance Henke examines a number of primary sources including performance accounts actors contracts and letters among other documents
