Responses Prose Pieces 19531976:

The Afterlife of Edgar Allan Poe Scott Peeples, 2007 Scott Peeples here examines the many controversies surrounding the work and life of Poe shedding light on such issues as the relevance of literary criticism to teaching the role of biography in literary study and the importance of integrating various interpretations into one's own reading of literature *Beyond the Frustrated Self* Barbara Dowds, 2018-05-11 This book foregrounds the life struggles of an individual Brenda in such a way that argument and theoretical exploration arise organically out of experience The frustration of the title is traced to avoidant attachment pretending not to need others In Brenda this is associated with a body energy pattern that is both over charged and over contained generating a self frustrating process Such a repressive defence works against her so that she experiences her life as dry soulless and uncreative A variety of existential difficulties are traced to how such core developmental issues interact with our socio cultural environment A way forward is outlined play and finding meaning are identified as transformational hubs that bring wellbeing into Brenda's life and restore her capacity for experiencing *American Pacificism* Paul Lyons, 2006-09-27 This powerful critique of American Islander relations draws upon extensive resources including literary works and government documents to explore the ways in which conceptions of Oceania have been entwined in the American imagination **The Hemingway Short Story** George Monteiro, 2017-04-03 Ernest Hemingway revolutionized the American short story establishing himself as a master of realist fiction in the tradition of Guy de Maupassant Yet none of Hemingway's emulators has succeeded in duplicating his understated minimalist style In his Iceberg Theory of fiction only the tip of the story is seen on the surface the rest is submerged out of sight This study surveys the scope of Hemingway's mastery of the short story form enabling a fuller understanding of such works as *Indian Camp* *Big Two Hearted River* *The Killers* *The Mother of a Queen* *In Another Country* *Hills Like White Elephants* *The Snows of Kilimanjaro* and *The Mercenaries* among many others All 13 stories from his underrated *Winner Take Nothing* collection are evaluated in detail *Emily Dickinson* L. Wagner-Martin, 2013-11-14 With special attention to Emily Dickinson's growth into a poet this literary biographical study charts Dickinson's hard won brilliance as she worked largely alone to become the unique American woman writer of the nineteenth century *Why Lyrics Last* Brian Boyd, 2012-04-19 In *Why Lyrics Last* the internationally acclaimed critic Brian Boyd turns an evolutionary lens on the subject of lyric verse He finds that lyric making though it presents no advantages for the species in terms of survival and reproduction is universal across cultures because it fits constraints of the human mind An evolutionary perspective especially when coupled with insights from aesthetics and literary history has much to tell us about both verse and the lyrical impulse Boyd places the writing of lyrical verse within the human disposition to play with pattern and in an extended example he uncovers the many patterns to be found within Shakespeare's *Sonnets* Shakespeare's bid for readership is unlike that of any sonneteer before him he deliberately avoids all narrative choosing to maximize the openness of the lyric and demonstrating the power that verse can have when liberated of

story In eschewing narrative Shakespeare plays freely with patterns of other kinds words images sounds structures emotions and moods argument and analogy and natural rhythms in daily seasonal and life cycles In the originality of his stratagems and in their sheer number and variety both within and between sonnets Shakespeare outdoes all competitors A reading of the Sonnets informed by evolution is primed to attend to these complexities and better able to appreciate Shakespeare's remarkable gambit for immortal fame

Private Perry and Mister Poe William F. Hecker, 2005-06-01 Writing poetry and inspecting artillery bombs for the army do not seem like compatible endeavors which is perhaps why many biographers and critics have overlooked Edgar Allan Poe's stint in the military dismissing it as an odd aberration in his literary career William F. Hecker however is in a unique position to appreciate the influence that military culture and training had on the young poet A professional artilleryman and a Poe scholar Hecker offers a lively nuanced account of Poe's experience as an enlisted soldier and West Point cadet and relates it to his writing especially his *Poems 1831* presented here in facsimile for the first time since 1936 Military service appealed to Poe's romantic sense of adventure and in 1827 he joined the army under the name Edgar A. Perry He rose quickly through the ranks most notably learning cannon drill but suffered as a social misfit in the field and at West Point where legends about a brilliantly defiant jester still abound Shortly after being dismissed from the Military Academy for neglecting his duties Poe published his third book of verse *Poems 1831* which he dedicated to his fellow West Point cadets and funded through subscriptions to them Hecker explores these events filling in biographical gaps and drawing connections to Poe's poetic vision Poe's desire that his poems act as aesthetic bombs deranging the senses striving for Beauty but failing explosively emerges as a key theme With a foreword by poet and Poe critic Daniel Hoffman and an afterword by Gerard A. McGowan addressing the martial element in the poems *Tamerlane* and *To Helen* among others *Private Perry and Mister Poe* offers the definitive statement about Poe's military experience while making the early versions of many of his most famous poems widely available

Proust and America Michael Murphy, 2007-01-01 It is strange Proust wrote in 1909 that in the most widely different departments there should be no other literature which exercises over me so powerful an influence as English and American In the spirit of Proust's admission this engaging and critical volume offers the first comparative reading of the French novelist in the context of American art literature and culture In addition to examining Proust's key American influences Ralph Waldo Emerson Edgar Allan Poe and James McNeill Whistler *Proust and America* investigates the previously overlooked influence of the American neurologist George Beard whose writings on neurasthenia and American nervousness contributed to the essential modernity of the author's work
