Rethinking Canada The Promise Of Womens History:

Rethinking Canada Veronica Jane Strong-Boag, Anita Clair Fellman, 1991 Thoroughly revised and updated this fourth edition of *Rethinking Canada The Promise of Women's History* is part of the continuing feminist effort to discover what it means to be women and Canadians *Rethinking Canada* examines key developments in Canadian history from the founding of New France to the present while at the same time highlighting the distinctive texture of women's experiences and identities This decidedly non traditional reconstruction of Canadian history focuses on the lives struggles and contributions of women enlarging and diversifying the picture of the past found in conventional historical accounts Of the 26 readings in this volume 16 are new Subjects range from the impact of colonialism on gender relations in Aboriginal societies to the immigration of Japanese picture brides in early twentieth century British Columbia to transnational political alliances formed by Canadian and Mexican women in response to NAFTA Other topics include sexuality workforce trends gender and public policy and much more The selections aim above all to bring diverse and marginalized groups of women out of the historical shadows The voices of First Nations women women of colour and immigrant women for example resound clearly in this volume An informative introduction to each reading situates the article in its specific historical and historiographical context and each introduction concludes with questions designed to stimulate analysis and discussion of the text By presenting current scholarship in the context of three decades of research into Canadian women's history *Rethinking Canada* Fourth Edition offers new and fascinating perspectives on women and on Canada Book jacket

Rethinking Canada, [ECH Master] Adele Perry, Mona Gleason, 2007

Gender Conflicts Franca Iacovetta, Mariana Valverde, 1992-01-01 In the early 1970s when women's history began to claim attention as an emerging discipline in North American universities it was dominated by a middle class Anglo Saxon bias Today the field is

much more diverse a development reflected in the scope of this volume Rather than documenting the experiences of women solely in a framework of gender analysis its authors recognize the interaction of race class and gender as central in shaping women s lives and men s These essays represent an exciting breakthrough in women s studies expanding the borders of the discipline while breaking down barriers between mainstream and women s history Reading Canadian Women's and Gender History Nancy Janovicek,Carmen Nielson,2019-01-01 Inspired by the question of what s next in the field of Canadian women s and gender history this broadly historiographical volume represents a conversation among established and emerging scholars who share a commitment to understanding the past from intersectional feminist perspectives It includes original essays on Quebecois Indigenous Black and immigrant women s histories and tackles such diverse topics as colonialism religion labour warfare sexuality and reproductive labour and justice Intended as a regenerative retrospective of a critically important field this collection both engages analytically with the current state of women s and gender historiography in Canada and draws on its rich past to generate new knowledge and areas for inquiry *Feminist History in Canada* Catherine Carstairs,Nancy Janovicek,2013-11-25 In the late 1970s feminist historians urged us to rethink Canada by placing women s experiences at the centre of historical analysis Forty years later feminism continues to inform history writing and has inspired historians to look beyond the nation and adopt a more global perspective This exciting new volume of original essays opens with a discussion of the themes and methodological approaches that have preoccupied historians over the past twenty years The chapters that follow showcase the work of new and established scholars who draw on critical race theory postcolonial theory and transnational history to re examine familiar topics such as biography and oral history paid and unpaid work marriage and family and women s political action Whether they focus on the marriage of Governor James Douglas and his Metis wife Amelia or on the experiences of Qu b cois domestic workers in the 1970s the contributors demonstrate the continued relevance of history informed by feminist perspectives and open a much needed dialogue between francophone and anglophone historians in Canada *An Environmental History of Canada* Laurel Sefton MacDowell,2012-07-31 Throughout history most people have associated northern North America with wilderness with abundant fish and game snow capped mountains and endless forest and prairie Canada s contemporary picture gallery however contains more disturbing images deforested mountains empty fisheries and melting ice caps Adopting both a chronological and thematic approach Laurel MacDowell examines human interactions with the land and the origins of our current environmental crisis from first peoples to the Kyoto Protocol This richly illustrated exploration of the past from an environmental perspective will change the way Canadians and others around the world think about and look at Canada

Quiet Rebels Mary Jane Mossman,2024-04-16 It s a girl the Ontario press announced as Canada s first woman lawyer was called to the Ontario bar in February 1897 Quiet Rebels explores experiences of exclusion among the few women lawyers for the next six decades and how their experiences continue to shape gender issues in the contemporary legal

profession Mary Jane Mossman tells the stories of all 187 Ontario women lawyers called to the bar from 1897 to 1957 revealing the legal profession's gendered patterns. Comprising a small handful of students or even a single student at the Law School, women were often ignored and they faced discrimination in obtaining articling positions and legal employment. Most were Protestant, white, and middle class, and a minority of Jewish, Catholic, Black, and immigrant women lawyers faced even greater challenges. The book also explores some changes as well as continuities for the much larger numbers of Ontario women lawyers in recent decades. This longitudinal study of women lawyers' gendered experiences in the profession during six decades of social, economic, and political change in early twentieth-century Ontario identifies factors that created or foreclosed on women lawyers' professional success. The book's final section explores how some current women lawyers, despite their increased numbers, must remain quiet rebels to succeed.

[Historical Companion to Postcolonial Literatures in English](#) Prem Poddar, 2019-08-07 This is the first reference guide to the political, cultural, and economic histories that form the subject matter of postcolonial literatures written in English. The focus of the Companion is principally on the histories of postcolonial literatures in the Anglophone world: Africa, the Middle East, South Asia, South-east Asia, Australia, and New Zealand, the Pacific, the Caribbean, and Canada. There are also long entries discussing the literatures and histories of those further areas that have also claimed the title postcolonial, notably Britain, East Asia, Ireland, Latin America, and the United States. The Companion contains 220 entries written by 150 acknowledged scholars of postcolonial history and literature, covering major events, ideas, movements, and figures in postcolonial histories, long regional survey essays on historiography and women's histories. Each entry provides a summary of the historical event or topic and bibliographies of postcolonial literary works and histories. Extensive cross-references and indexes enable readers to locate particular literary texts in their relevant historical contexts as well as to discover related literary texts and histories in other regions with ease.
