The Lord Peter Wimsey Cookbook Elizabeth Bond Ryan, William J. Eakins, 1981 Provides recipes and menus for many of the gourmet meals the rich British detective enjoyed and recounts the fictional setting of each repast Literary Afterlife Bernard A. Drew, 2010-03-08 This is an encyclopedic work arranged by broad categories and then by original authors of literary pastiches in which fictional characters have reappeared in new works after the deaths of the authors that created them It includes book series that have continued under a deceased writer's real or pen name undisguised offshoots issued under the new writer's name posthumous collaborations in which a deceased author's unfinished manuscript is completed by another writer unauthorized pastiches and biographies of literary characters The authors and works are entered under the following categories Action and Adventure Classics 18th Century and Earlier Classics 19th Century Classics 20th Century Crime and Mystery Espionage Fantasy and Horror Humor Juveniles 19th Century Juveniles 20th Century Poets Pulps Romances Science Fiction and Westerns Each original author entry includes a short biography a list of original works and information on the pastiches based on the author's characters *Dining Room Detectives* Silvia Baucekova, 2015-09-04 In the structuralist understanding as proposed by John G Cawelti a classical detective novel is defined as a formula which contains prescribed elements and develops in a predefined ritualistic manner When described in this way the crime fiction formula very closely resembles a recipe when one cooks they also add prescribed ingredients in a predefined way in order to produce the final dish This surprising parallel serves as the starting point for this book's analysis of classical detective novels by Agatha Christie Here a structuralist approach to Golden Age crime fiction is complemented by methodology developed in the field of food studies in order to demonstrate the twofold role that food plays in Christie's novels namely its function as an element of the formula a literary device but also as a cultural sign Christie employed food on various different levels of her stories in order to portray characters construct plots and depict settings What is more incorporating domesticity and food in her novels helped her fundamentally alter the rigid conventions of the crime fiction genre as it developed in the nineteenth century and enabled her to successfully introduce the character of the female detective and to feminise the detective novel as such **The Living Church**, 1982 **The Doctor and the Dead Man's Chest** Robin Hathaway, 2025-06-25 Dr Andrew Fenimore is an old fashioned doctor who is still willing to make house calls to his elderly patients In his third adventure a patient's call leads to more detection than medical care Lydia Ashley owner of a large farm in Southern New Jersey is being systematically harassed by someone who wants her land Dr Fenimore can't leave his Philadelphia practice so he sends his nurse Mrs Doyle and his young assistant Horatio to try to stop the attacks but the threats continue When Mrs Doyle is kidnapped Dr Fenimore joins the hunt and learns that hidden treasure is at the root of all the evil deeds *Food and Masculinity in Contemporary Autobiographies* Nieves Pascual Soler, 2017-12-12 This book is concerned with food autobiographies written by men from the 1980s to the present It concentrates on how food has transformed autobiographical

narratives and how these define the ways men eat and cook nowadays After presenting a historical overview of the place of food within men s autobiography this volume analyzes the reasons for our present interest in food and the proliferation of life narratives focused on cooking Then it centers around the identities that male chefs are taking on in the writing of their lives and the generic models they use the heroic the criminal and the hunting autobiographical scripts This study gives evidence that autobiographies are crucial in the redefinition of the new masculinities emerging in the kitchen It will appeal to readers interested in Food Studies Autobiographical Studies Men s Studies and American Literature and Culture New York Magazine ,1983-10-31 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Full Circle Ferdinand Mount,2010-05-27 So much about the society that is now emerging in the twenty first century bears an astonishing resemblance to the most prominent features of what we call the classical world its institutions its priorities its entertainment its physics its sexual morality its food its politics even its religion The ways in which we live our rich and varied lives correspond almost eerily so to the ways in which the Greeks and Romans lived theirs Whether we are eating and drinking bathing or exercising or making love pondering admiring or enquiring our habits of thought and action our diversions and concentrations recreate theirs It is as though the 1500 years after the fall of Rome had been time out from traditional ways of being human This eye opening book makes us look afresh at who we are and how we got here Full Circle is not only wonderfully witty and brilliantly astute but also profound and often disquieting Ferdinand Mount effortlessly peels back 2000 years of history to show how much we are like the ancients how in ways both trivial and crucial we are them and they are us What About Murder?
