Lords Of The Arctic A Journey Among The Polar Bears:

Lords of the Arctic Richard C. Davids, Dan Guravich, 1983 **Lords of the Arctic** Richard C. Davids, 1982 General account of five years of observing polar bears *Ursus maritimus* primarily in remote areas of Arctic North America Numerous color photographs **The Great White Bear** Kieran Mulvaney, 2011-01-12 This up close and graceful account of the polar bear combines historical accounts research and the author's own encounters in the Arctic Kirkus Reviews Polar bears are creatures of paradox They are white bears whose skin is black massive predators who can walk almost silently Arctic residents whose major problem is not staying warm but keeping cool Fully grown they can measure ten feet and weigh close to two thousand pounds but at birth they are just twenty ounces Human encounters with these legendary creatures can be both exhilarating and terrifying Tales throughout history describe the ferocity of polar bear attacks on humans But human hunters have exacted a far larger toll obliging Arctic nations to try to protect their region's iconic species before it's too late Now another threat to the polar bears survival has emerged one that is steadily destroying sea ice and the life it supports Without this habitat polar bears cannot exist The Great White Bear celebrates the story of this unique species Through a blend of history myth personal observations and scientific accounts Kieran Mulvaney tells the story of the polar bear its history its life and its uncertain fate **Antarctica and the Arctic Circle** Andrew J. Hund, 2014-10-14 This one stop reference is a perfect resource for anyone interested in the North and South Poles whether their interest relates to history wildlife or the geography of these regions in the news today Global warming a hot topic among scholars of geography and science has led to increased interest in studying the earth's polar ice caps which seem to be melting at an alarming rate This accessible two volume encyclopedia lays a foundation for understanding global warming and other issues related to the North and South Poles Approximately 350 alphabetically arranged user friendly entries treat key terms and topics important expeditions major figures territorial disputes and much more Readers will find information on the explorations of Cook Scott Amundsen and Peary articles on humpback whales penguins and polar bears and explanations of natural phenomena like the Aurora Australis and the polar night Expedition tourism is covered as is climate change Ideal for high school and undergraduate students studying geography social studies history and earth science the encyclopedia will provide a better understanding of these remote and unfamiliar lands and their place in today's world **Alaska's Bears** Bill Sherwonit, 2016-06-14 Alaska is truly bear country It is the only one of America's fifty states to be inhabited by all three of North America's ursine species black polar bear and brown bear also known as grizzly Alaska's Bears is a handy guidebook to the bears of Alaska a book that slips easily into a jacket pocket or a day pack and that provides entertaining armchair reading when you're not in bear country Here in one compact edition is a book that can help you understand Alaska's bears and their natural histories Learn about their appearances behaviors yearly cycles ecological niches and relationships with humans Find full details on how to visit Alaska's prime bear viewing and get tips for traveling safely through bear country

Complementing Bill Sherwonit's text are photographs from longtime Alaskan Tom Walker a premier wildlife photographer who has spent hundreds of hours in the company of bears **Marine Mammals** ,1995 **Polar Bears** Eleanor J. Hall,2002 Discusses the physical characteristics of polar bears their hunting style eating and sleeping habits their natural enemies and their use by zoos **Recent Polar and Glaciological Literature** ,1984 *Kirkus Reviews* ,1982 Adult books are categorized by genre i.e fiction mystery science fiction nonfiction Along with bibliographic information the expected date of publication and the names of literary agents for individual titles are provided Starred reviews serve several functions In the adult section they mark potential bestsellers major promotions book club selections and just very good books in the children's section they denote books of very high quality The unsigned reviews manage to be discerning and sometimes quite critical **The Arctic** H. G. R. King,1989 935 annotated entries covering a wide range of specific subjects under broad headings e.g Geography Flora and Fauna History Biographies of Arctic Explorers and Education Also entries on major geographical areas e.g Svalbard Greenland Includes author and title indexes Postmarks from a Political Traveler Phil Karber,2015-11-17 As spring and summer vacations beckon this book invites and incites a whole new approach to travel Postmarks from a Political Traveler is a series of travel recollections confronting the troubling topics of roots and racism polar bears and climate change anti Americanism and the war in Afghanistan The book opens with the story of the author's experience growing up in the Jim Crow South traveling in apartheid South Africa and living in the post apartheid South Africa of 2009 and 2010 It explores the not so dissimilar roots and racism of the United States and South Africa as well as the cross fertilization of ideas between the two countries The next installment chronicles two trips to Churchill Manitoba where the planet's largest population of polar bears congregate each October It recounts the dramatic changes that have occurred in both the human and the polar bear communities in just the last decade and shows how the bears have become an Arctic version of the proverbial canary in the coalmine Then the book shifts to the author's journey back to the United States on a German freighter with a rabidly anti American captain Woven into this account of life aboard a long haul ship are threads of the author's travels and anti American encounters over a decade of living in Africa and Asia The book concludes with reflections on trips to Afghanistan in 2004 and in 2012 describing the effects of war and conflict zone politics on women education refugees and aid workers What ties these episodes together is the author's commitment to social justice and to changing the world through travel and writing that is affirming travel as a political act **Look, Listen & Learn: Pictures That Teach** Pasquale De Marco,2025-03-08 Look Listen it's an invitation to explore imagine and create Children will have the opportunity to express their creativity through storytelling art music and crafting unlocking their limitless potential Look Listen it's an experience that ignites a passion for learning and sets the stage for a lifelong journey of discovery With its interactive format and captivating content this book is sure to become a cherished companion for young learners fostering a love of reading and exploration that will stay with them for years to come Join us on this extraordinary journey of learning
