Lost Wisdom Rethinking Modernity In Iran:

Lost Wisdom Abbas Milani, 2004 In the essays collected here Abbas Milani uses an impressive array of cross disciplinary Western and Iranian theories and texts to investigate the crucial question of modernity in Iran today He offers a wealth of new insights into the thousand year old conflict in Iran between the search for modernity and the forces of religious obscurantism The essays trace the roots of Shiite Islamic fundamentalism and offer illuminating accounts of the work of Iranian intellectuals both men and women and their artistic movements as they struggle to find a new path toward a genuine modernity in Iran that is congruent with Iran s rich cultural heritage This book challenges the hitherto accepted theory that modernity and its related concepts of democracy and freedom are Western in essence It also demonstrates that Iran and the West have more that brings them together than separates them in their search for such modern ideals as rationalism the rule of law and democracy

Modernity, Sexuality, and Ideology in Iran Kamran Talattof, 2011-06-01 In Iran since the mid nineteenth century one issue has been a common concern how should Iran become modern More than a century of struggle for or against modernity has constituted much of the social political and cultural history of the country In the decades since the 1979 Revolution the question has become even more critical In *Modernity Sexuality and Ideology in Iran* Talattof finds that the process of modernity never truly unfolded due in large part to Iran s reluctance to embrace the seminal subjects of gender and sexuality Talattof s approach reflects a unique look at modernity as advancement not only in industry and economy but also toward an open intellectual discourse on sexuality Exploring the life and times of Shahrzad a dancer actress filmmaker and poet Talattof illuminates the country s struggle with modernity and the ideological traditional and religious resistance against it Born in 1946 she performed in several theater productions became an acclaimed film star in the 1970s and pursued a career as a journalist and poet Following the revolution she was imprisoned and eventually became homeless on the streets of Tehran Her success and eventual decline as a female artist and entertainer illustrate the conflict between modernity and tradition

and Iran's failure to embrace an overt expression of sexuality Talattof also profiles several other female artists of the 1970s analyzing their lives and work as windows through which to examine what Iranian culture allowed and what it repudiated A pioneering and timely work *Modernity Sexuality and Ideology in Iran* explores the integral role of popular culture and female artists in the shaping of modern Iran constructing a new framework for understanding such crucial concepts as ideology and modernity

Heaven on Earth Sadakat Kadri, 2025-06-25 Heaven on Earth is a vivid revealing and essential narrative history of shari a law the widely contested and misunderstood code of Islamic justice and how the application of its concepts has changed over time and with it the face of Islam Some fourteen hundred years after the Prophet Muhammad first articulated God s law the shari a its earthly interpreters are still arguing about what it means Hard liners reduce it to amputations veiling holy war and stonings Others say that it is humanity s only guarantee of a just society And as colossal acts of terrorism made the word shari a more controversial than ever in the early twentieth century the legal historian and human rights lawyer Sadakat Kadri realized that many people in the West harbored ideas about Islamic law that were hazy or simply wrong Heaven on Earth describes his journey through ancient texts and across modern borders in search of the facts behind the myths Kadri brings lucid analysis and enlivening wit to the turbulent story of Islam s foundation and expansion showing how the Prophet Muhammad s teachings evolved gradually into concepts of justice Traveling the Muslim world to see the shari a s principles in action he encounters a cacophony of legal claims At the ancient Indian grave of his Sufi ancestor unruly jinns are exorcised in the name of the shari a In Pakistan s madrasas stern scholars ridicule his talk of human rights and demand explanations for NATO drone attacks in Afghanistan In Iran he hears that God is forgiving enough to subsidize sex change operations but requires the execution of Muslims who change religion Yet the stories of compulsion and violence are only part of a picture that also emphasizes compassion and equity Many of Islam s first judges refused even to rule on cases for fear that a mistake would damn them and scholars from Delhi to Cairo maintain that governments have no business enforcing faith The shari a continues to shape explosive political events and the daily lives of more than a billion Muslims Heaven on Earth is a brilliantly iconoclastic tour through one of humanity s great

collective intellectual achievements and an essential guide to one of the most disputed but least understood controversies of modern times Struggles for Political Change in the Arab World Lisa Blaydes, Amr Hamzawy, Hesham Sallam, 2022-10-11

The advent of the Arab Spring in late 2010 was a hopeful moment for partisans of progressive change throughout the Arab world. Authoritarian leaders who had long stood in the way of meaningful political reform in the countries of the region were either ousted or faced the possibility of political if not physical demise. The downfall of long-standing dictators as they faced off with strong-willed protesters was a clear sign that democratic change was within reach. Throughout the last ten years, however, the Arab world has witnessed authoritarian regimes regaining resilience, pro-democracy movements losing momentum, and struggles between the first and the latter involving regional and international powers. This volume explains how relevant political players in Arab countries, among regimes, opposition movements, and external actors, have adapted ten years after the onset of the Arab Spring. It includes contributions on Egypt, Morocco, Kuwait, Saudi Arabia, Syria, Algeria, Sudan, Lebanon, Iraq, Jordan, Yemen, and Tunisia. It also features studies on the respective roles of the United States, China, Iran, and Turkey vis-à-vis questions of political change and stability in the Arab region and includes a study analyzing the role of Saudi Arabia and its allies in subverting revolutionary movements in other countries.
