Love And Sexuality:

Love and Sexuality in Social Theory Emiliano Bevilacqua, Mariano Longo, Michael Hviid Jacobsen, 2024-11-27 Love and Sexuality in Social Theory considers the role that love and sexuality play in private and public life Drawing on both classical and contemporary social theory this book presents both theoretical and empirical studies of love and sexuality as social factors from the earliest reconstructions of modern emotional life to the most recent analyses of liquid love With attention to the consequences that passions and desires have both on morals and behaviour it departs from the analysis of society in terms of the division of labour and utilitarian mechanisms to consider how a society based on performances values human energy and emotional behaviour in a contradictory way This book therefore presents and discusses classic authors from Georg Simmel and Pitirim Sorokin to Marianne Weber and Simone De Beauvoir through the work of Erving Goffman and ending with contemporary authors such as Michel Foucault Anthony Giddens Zygmunt Bauman Ulrich Beck and Eva Illouz By presenting love as the social foundation of altruism an essential element in modern conceptions of subjectivity and a force shaping intimacy and contemporary social life this book will appeal to scholars of sociology particularly those interested in social theory and the sociology of emotions

Love, Sexuality, and Matriarchy Erich Fromm, 2024-02-27 A fascinating collection of essays on the complicated relations between men and women from the New York Times bestselling author of The Art of Loving The New York Times Book Review The renowned social psychologist delves deep into the fraught relationship between genders drawing upon the influential insights of Bachofen Freud Marx and Briffault Not primarily interested in the existence of anatomical and biological differences between the sexes Fromm instead analyzes how these differences have been made use of throughout human history Drawing from Bachofen's Mother Right Fromm expounds on how matriarchal and patriarchal social structures determine relations between the sexes in essential ways and how they are shaped by the dominant orientation of the social character at any given time He posits that the most important question concerning gender relations is which characterological orientation determines human relationships love or hate love of life or fascination with force Thus it will not be gender conflict that will determine humanity's future but whether we opt for love of life or love of death As these essays show Fromm was a wide ranging thinker whose writings sometimes manifested brilliant insights or practical wisdom Kirkus Reviews

Romantic Love and Sexual Behavior Victor C. De Munck, 1998-04-16 Westerners believe that love makes life worth living that sex is a natural desire different in kind from love and that only cynics reduce our love life to a calculation of economic or genetic factors In this volume essays explore these and other assumptions about the relationship between romantic love and sex This represents the first interdisciplinary social science study of love and sex Contributors ask and answer questions such as Is love just sex idealized or is it a transcendent and divine emotion Is love a cultural construct that is shared by members of the same culture or is it a matter of personal taste What keeps promiscuous people from using condoms even when they know they are at risk Are black professional men so

rare that their conceptions of love and sex differ from those of white professional men Are brutal sexual fantasies an exclusively male domain and are they always excluded from love fantasies among normal adolescents Is divorce a culturally induced response to evolutionary reproductive strategies that compel individuals to maximize their genetic legacy Are marriages or relationships less satisfying or stable when an actual mate falls short of the fantasy of the ideal mate Is there a universal core to love and sex that is camouflaged by other cultural norms such as modesty and sexual segregation Is rape perceived as more acceptable when the rapist says he was motivated by love What do cult movements and romantic love have in common As they attempt to answer these and other questions the authors extend our understanding of the variety of ways that love and sex are conceptualized connected or separated

Love and Sexuality in Dystopian Fiction. An Analysis of "Brave New World" and "Nineteen Eighty-Four" Lena Gräf, 2016-04-26 Seminar paper from the year 2015 in the subject English Language and Literature Studies Literature grade 2.3 language English abstract This term paper is supposed to deal with how love and sex are depicted in Brave New World and 1984 and if there are any similarities between them Furthermore we will take a brief look at differences and similarities to love and sex in our society What is the attitude towards marriage these days And what is the role of love in all of that After this we will then hopefully be able to identify what love and sex in dystopian fiction means Ever since Thomas More's Utopia love and sex have been a part of dystopian novels In Thomas More's times his depictions were ground breaking Women were not allowed to marry until they were 18 In the past this was highly unusual since most women married at the age of around 14 Furthermore divorce is forbidden which at this point mirrors the time More lived in This clearly influenced all the following writers of dystopian novels They imagine a world that is negatively silhouetted against their own world And since love is a big part of every society it is also a big part in every dystopian society When looking for the most famous dystopian novels on Google two that are immediately suggested are Brave New World by Aldous Huxley and 1984 by George Orwell Both have one thing in common their rather negative and for us rather unusual attitude towards love relationships and sex
