

A heart shape is formed by two hands, palms facing each other, fingers interlaced. The hands are positioned against a dark, vertically-grained wooden background. The heart is the central focus, with the hands' fingers and thumbs forming its outline. The lighting is soft, highlighting the texture of the skin and the wood.

Love Of Enemies The Way To Peace:

Love of Enemies William Klassen, 2002-05-22 Love of enemies search for peace In the current international political atmosphere where hope is in short supply these days within and outside the church William Klassen these twin themes hardly seem compatible Klassen maintains however that the two are not only consistent but also have coexisted from ancient times to the present due in large part to the Jesus movement Examining the Hellenistic and Hebrew backgrounds of the two themes Klassen illuminates old familiar texts as well as some that have been previously ignored He shows how people today can strive for peace both by following the examples of the twentieth century figures before them and be returning as warriors of peace to long neglected biblical resources Reviving the Golden Rule Andrew DeCort, 2025-10-02 The Revolutionary Power of Loving Your Neighbor Discover the transformational power of neighbor love in theologian and ethicist Andrew DeCort's Reviving the Golden Rule This thought provoking work illuminates the revolutionary ethics of loving your neighbor weaving together history theology and practical guidance Through this in depth historical survey of the ethics of neighbor love DeCort invites readers to reclaim loving their neighbor as a powerful force for justice healing and human flourishing The biblical charges to love your neighbor as yourself and to do to others as you would have them do to you are at the heart of Abrahamic faith DeCort argues that they are also at the heart of some of the most groundbreaking developments in human rights and the common good Jesus taught neighbor love and promised Do this and you will flourish But Christians today are at high risk of ignoring or overthrowing the most daring teaching of Jesus movement Having heard it repeatedly and having benefited immensely from its cultural effects we have become dulled to neighbor love's revolutionary power In response Reviving the Golden Rule Explores the ethics of neighbor love from the ancient world to modern times Examines how neighbor love challenges the oppressive power of othering and expands human connection Highlights inspiring figures like Dietrich Bonhoeffer Mother Teresa and Oscar Romero who practiced neighbor love among marginalized communities Addresses instances where Christians have failed to uphold neighbor love Provides practical guidance on how to love and embrace othered neighbors today In one of the only historical and constructive works on the ethics of neighbor love DeCort invites us to reclaim this ancient movement Get your copy today and learn to embody this revolutionary practice amidst crises for the healing of the world **The Historical Jesus** Craig A. Evans, 2004 Including a range of materials dating from the nineteenth century to the present this comprehensive collection brings together the essential research into the historical reality of Jesus the man his teachings and the acts and events ascribed to him that comprise the foundational story of one of the world's central religions The set features a substantial new introduction by the editor in the first volume and a full index in the last and provides work covering all of the key aspects of the field including the recent discussions concerning anti-Semitism in early Christianity and the political and ideological filtering of the Jesus story through the Roman empire and beyond The Kyyboa Way of YHWH a.k.a. Jehovah Ahgamen Kyyboa, 2016-01-27 This is an introductory work about the

religion known as Kyyboa While it is not a typical religion because it is new it can be seen as a religious movement with spiritual principles involved Kyyboa is founded by a man called Ahgamen who claims to be reincarnated Adam from the garden of Eden as told in Genesis He also claims to be the reincarnated Noah and Jacob These are certainly startling and interesting revelations which you will want to explore The biographical info is provided as well as practical teachings on how to improve your own life from a higher consciousness

No Strings Attached Rachel Nafziger Hartzler,2013-04-30 No Strings Attached is the story of a Mennonite congregation in Indiana that existed for eighty six years The congregation began during the social and religious turmoil of the 1920s when some Mennonites in North America held to rigid doctrines and ethics implemented by central authority and others operated with a congregational polity and became more assimilated into secular culture The struggle between these two different understandings of faithfulness was most passionately played out in northern Indiana Placing the narrative of this congregation within the context of 500 years of Mennonite history illustrates the grace and the tension that has both beset and empowered a unique group of people who began as radical reformers Although no strings attached refers to the women s headwear during the 1920s which had no strings it could also be the story of the pastor eating lunch on the peak of the steep roof of the church building Reflecting on stories of these Mennonite people is an invitation to move into the future with courageous hope Believing and behaving differently has not prevented Middlebury Mennonites from treating each other respectfully living in a community of love joy and peace and offering God s healing and hope to each other and to the world

Beauty Will Save the World Brian Zahnd,2012-01-03 In today s world we have technology convenience security and a measure of prosperity but where is the beauty For thousands of years artists sages philosophers and theologians have connected the beautiful and the sacred and identified art with our longing for God Now we live in a day when convenience and practicality have largely displaced beauty as a value The church is no exception Even salvation is commonly viewed in a scientific and mechanistic manner and presented as a plan system or formula In *Beauty Will Save the World* Brian Zahnd presents the argument that this loss of beauty as a principal value has been disastrous for Western culture and especially for the church The full message of the beauty of the gospel has been replaced by our desires to satisfy our material needs to empirically prove our faith and to establish political power in our world the exact same things that Christ was tempted with and rejected in the wilderness Zahnd shows that by following the teachings of the Beatitudes the church can become a viable alternative to current day political commercial and religious power and can actually achieve what these powers promise to provide but fail to deliver Using stories from the lives of St Francis of Assisi and from his own life he teaches us to stay on the journey to discover the kingdom of God in a fuller richer more beautiful way

You Shall Not Kill Johannes Ude,2016-11-09 Because the Catholic Church other Christian churches and almost every national government permit exceptions to God s commandment that you shall not kill Johannes Ude examines Catholic moral law to discern whether this commandment has absolute validity or may be modified so that in certain instances it is

permissible to kill another human being Written clandestinely during the Hitler regime the book examines the generally accepted Catholic teachings of moral theologians and philosophers and finds that while they almost always reject abortion suicide sterilization and the killing of terminally ill or mentally disabled persons they justify the death penalty and just defensive wars Ude concludes that because Christ commanded to love one s neighbors including one s enemies You shall not kill does not permit any exceptions and denies not only the right but especially the duty of self defense and consequently repudiates all wars Ude firmly believes that the highest authority of the Catholic Church must forbid its members to fight in wars He vehemently opposes the taking of interest usury and names capitalism a major cause of war along with the weapons industry competition for oil and the complicity of Christian churches Dictionary of Jesus and the Gospels Joel B.
