Religion And Soviet Foreign Policy 1945 1970:

Religion and Soviet Foreign Policy, 1945-1970 William C. Fletcher, Royal Institute of International Affairs, 1973 **The Religious Factor in Russia's Foreign Policy** Alicja Curanović, 2012-03-15 This book examines how religion interacts with Russian foreign policy arguing that religion is an important and neglected factor in shaping Russia's outlook towards international relations. It surveys the importance of religion for social life in Russia both historically and at present and considers a wide range of Russian attitudes which are affected by religion such as Russian nationalism, notions of Slavic solidarity, the divine mission of Russian Orthodox civilisation, Russian imperialism, Russia's special approach towards Islam. The book discusses how religious organizations, especially the Russian Orthodox Church, operate in international relations pursuing their own interests and those of the Russian state, explores how religious ideas and culture linked to religion impinge on Russian attitudes and identity and thereby affect policy and demonstrates how policy influenced by religion impacts on Russian foreign policy in practice in a wide range of examples including Russia's relations with other orthodox countries, non-orthodox Western countries, Muslim countries, Israel and the Vatican. **Religion and Jewish Identity in the Soviet Union, 1941-1964** Mordechai Altshuler, 2012-07-10 Unearths the roots of a national awakening among Soviet Jews during World War II and its aftermath. **Religion And Modernization In The Soviet Union** Dennis J. Dunn, 2019-06-18 To the surprise of many students of the Soviet Union, religion has shown itself to be a force still powerful in Soviet society. In contrast, the impact of religion in developed Western societies has declined. Dr Dunn points out that the study of this antinomy can shed light on the entire concept of modernization in the U.S.S.R. The study of the Religion and Soviet Foreign Policy, 1945-1970 William C. Fletcher, 1973 **The Soviet Union and Arab Nationalism, 1917-1966** Hashim S.H. Behbehani, 2023-05-31 China's foreign policy in the Arab world is important because it reflects China's general foreign policy. In this study, first published in 1981, the author draws upon a wealth of previously unpublished and inaccessible material to analyse Chinese attitudes in three cases: the two Arab liberation movements, the Palestine Resistance Movement and the Popular Front for the Liberation of the Oman, and the established and independent State of Kuwait. Since the Arab liberation movements played a significant political role within their fields of operation, it was necessary for China to decide whether these movements did actually fit in with Chinese foreign policy objectives. Dr Behbehani's analysis of these two case studies provides the basis for a discussion of whether China's motives in supporting the liberation movements are theoretical or purely practical. China's support for Kuwait's political internal continuity is related to the stability of the whole Gulf region. The author analyses Chinese support for Kuwait and the surrounding conservative states on two main bases: political and economic, in the form of trade. It is through these channels, particularly the economic one, that China has sought to establish itself in the Gulf and the Arabian peninsula. Eastern Christianity and the Cold War, 1945-91 Lucian Leustean, 2010-01-21 This book provides a comprehensive overview of the dynamics between Eastern Christianity and politics from the end of the

Religion and the Cold War D. Kirby, 2002-12-13 Although seen widely as the twentieth century's great religious war as a conflict between the god-fearing and the godless the religious dimension of the Cold War has never been subjected to a scholarly critique This unique study shows why religion is a key Cold War variable A specially commissioned collection of new scholarship it provides fresh insights into the complex nature of the Cold War It has profound resonance today with the resurgence of religion as a political force in global society

[The Oxford Handbook of Religion and Europe](#) Grace Davie, Lucian Leuștean, 2022 Features contributions from leading scholars providing crucial insight into the role of religious ideas structures and institutions in the making of Europe Introduces the building blocks of Europe's religious and the part that they played in the formation of the continent Explores the relationship between religious communities and ideologies in the twentieth century connections that play out very differently in East and West Europe Examines the role of religion in the construction of the European Union from the end of the Second World War until the present day Assesses the relationship between the major world religions and the idea of Europe Book jacket

Science, Religion and Communism in Cold War Europe Paul Betts, Stephen A. Smith, 2016-05-14 Religion and science were fundamental aspects of Eastern European communist political culture from the very beginning and remained in uneasy tension across the region over the decades While both topics have long attracted a great deal of scholarly attention they almost invariably have been studied discretely as separate stories Religion Science and Communism in Cold War Europe is the first scholarly effort to explore the delicate interface of religion science and communism in Cold War Europe It brings together an international team of researchers who address this relationship from a number of national viewpoints and thematic perspectives ranging from mysticism to social science space exploration to the socialist lifecycle and architectural heritage to pop culture
