Remaking The Chinese State Strategies Society And Security:

Remaking the Chinese State Jianmin Zhao, Bruce J. Dickson, 2001 After more than twenty years of economic and political reform China is a vastly different country to that left by Mao Almost all the characteristic policies and practices of the Maoist era have been abandoned with the goals of revolution in foreign and domestic policy being replaced by an emphasis on economic modernization accompanied by radical social transformation and an increasingly significant international role Yet despite these dramatic changes other fundamental features of China's policy remain unchanged This book explores the strategies of reform in China and their implications for its domestic and foreign policies It challenges the misconceptions that no political reforms are taking place and that China is eagerly embracing capitalism It also challenges the view that China does not abide by international norms and practices on military and security matters Its contributors all highly respected scholars avoid simple generalisations about the nature of China's politics or future path instead offering comparisons and contrasts between policy areas and regions to create a more complete picture of this complex country

Training the Party Charlotte P. Lee, 2015-07-02 Charlotte P Lee considers organizational changes taking place within the contemporary Chinese Communist Party CCP examining the party's renewed emphasis on an understudied but core set of organizations party managed training academies or party schools This national network of organizations enables party authorities to exert political control over the knowledge skills and careers of officials Drawing on in depth field research and novel datasets Lee finds that the party school system has not been immune to broader market based reforms but instead has incorporated many of the same strategies as actors in China's hybrid state led private sector In the search for revenue and status schools have updated training content and become more entrepreneurial as they compete and collaborate with domestic and international actors This book draws attention to surprising dynamism located within the party in political organizations thought immune to change and the transformative effect of the market on China's political system

Between Ally and Partner Chae-ho Chŏng, 2007 Definitive study on China's relations with the Korean peninsula since the 1970's concentrating on the burgeoning relationship between the Chinese and South Korean governments societies and business communities

The Chinese Communist Party and China's Capitalist Revolution Lance Gore, 2010-11-08 The Chinese Communist Party and China's Capitalist Revolution examines issues of political change and development in China In the last 30 years China has experienced a profound political transformation and a degree of political progress but these are largely mired in the assumption that the free market is inherently incompatible with communism and the perceived lack of political reforms in China Indeed there has not been much in the sense of democratization multi party competition freedom of speech and association but as this book demonstrates political development is not limited to these factors Based on extensive empirical investigations of the impact of the market on the communist party with a particular focus on its grassroots organisations this book finds that the Chinese communist party is undergoing profound changes in a host of important areas By analyzing the

impact of China's socioeconomic transformation on the CCP and the adaptations of the Party to the new environment the book takes stock of the nature and dynamics of political change underway in China The author concludes that the Chinese communist party we knew no longer exists it is evolving into something quite different which must have political implications for both China and the rest of the world Professor Lance L P Gore is a political scientist specializing in contemporary Chinese politics at The East Asian Institute National University of Singapore

Korean Society Charles K. Armstrong, Charles K Armstrong, 2006-11-22 Conceptually innovative up to date and timely the new edition of this successful text examines Korea as one of the most dramatic cases in the world of ordinary citizens participating in the transformation of politics

Chinese Cyberspaces Jens Damm, Simona Thomas, 2006-02-08 The internet is developing more extensively in China than any other country in the world Chinese Cyberspaces provides multidisciplinary perspectives on recent developments and the consequences of internet expansion in China Including first hand research and case studies the contributors examine the social political cultural and economic impact of the internet in China The book investigates the political implications of China's internet development as well as the effect on China's information policy and overall political stability The contributors show how although the digital divide has developed along typical lines of gender urban versus rural and income it has also been greatly influenced by the Communist Party's attempts to exert efficient control This topical and interesting text gives a compelling overview of the current situation regarding the Chinese internet development in China while clearly signalling potential future trends

Japanese Diasporas Nobuko Adachi, 2006-10-03 Japanese Diasporas examines the relationship of overseas Japanese and their descendents Nikkei with their home and host nations focusing on the political social and economic struggles of Nikkei Frequently abandoned by their homeland and experiencing alienation in their host nations the diaspora have attempted to carve out lives between two worlds Examining Nikkei communities and Japanese migration to Manchuria China Canada the Philippines Singapore and Latin America the book compares Nikkei experiences with those of Japanese transnational migrants living abroad The authors connect theoretical issues of ethnic identity with the Japanese and Nikkei cases analyzing the hidden dynamics of the social construction of race ethnicity and homeland and suggesting some of the ways in which diasporas are transforming global society today Presenting new perspectives on socio political and cultural issues of transnational migrants and diaspora communities in an economically intertwined world this book will be of great interest to scholars of diaspora studies and Japanese studies

The Making of Modern Korea , **Re-writing Culture in Taiwan** Fang-Long Shih, Stuart Thompson, Paul Tremlett, 2008-11-05 Examining issues such as trauma memory history tradition modernity post modernity and with chapters on nationalism anthropology cultural studies media studies religion and museum studies this book offers a comprehensive and critical analysis of contemporary Taiwan

Popular Protest in China Teresa Wright, 2018-07-26 Popular protest in China has been widespread and prevalent Why do people protest and how are such demonstrations handled by the authorities Could they ultimately imperil China's political system In this book

Teresa Wright analyzes the array of protests that have swept China in the post Mao period Exploring popular contention through a range of different groups from farmers to factory workers urban homeowners to environmentalists nationalists to dissidents ethnic minorities to Hong Kong residents Wright shows that with the exception of the latter popular protest has achieved adequate government responses to the public s most serious grievances Yet Wright cautions that this may not last forever For Chinese citizens that engage in protest often suffer serious emotional and physical costs As a result they have developed an unhealthy relationship with the regime In this context Xi Jinping s recent efforts to restrict public expression may backfire leading to an explosive dynamic that may threaten the political stability that China s ruling elites so desire
