Remarkable Miracles Story Of A Godly Mans Walk Producing Miracles:

Remarkable Miracles G. C. Bevington, 2009-11 Remarkable MIRACLES Far more than this world dreams What happens when we devote our lives to prayer How does prayer change our circumstances Why does God want us to pray You will be amazed by G C Bevington s diligence and astounded by all God shows to him when he spends five days in a hollow log nine days under a tree and seventy two hours in a haystack in prayer G C Bevington was a simple man He had a remarkable relationship with God Travel with him through the southern countryside as he brings faith in God to the people he encounters solving problems rejoicing in the miracles of God s provision and finding the keys to healing **Remarkable Miracles** G.C. Bevington, 2001-04 What happens when an individual believes in the power of prayer How does prayer change your circumstances Why does God want you to pray Why kind of miracles can you expect from prayer G C Bevington was a simple man who entered a relationship with God that will challenge you Travel with him through the Ohio Kentucky countryside as he brings that fire of God to the people he encounters You will be encouraged by the many wonders God works through the life of this one simple obedient servant Remarkable Miracles is a Christian classic of faith and power and a spiritual lesson on how to have remarkable miracles in your life or ministry Forthcoming Books Rose Army, 1997 The Christian Century , 1918 **Christian Martyrs in Muslim Spain** Kenneth Baxter Wolf, 1988 Originally published in 1988 this book offers an important insight into the so called martyrdom movement that occurred in Cordoba in the 850s It includes a biographical treatment of the ninth century Cordoban priest Eulogius who witnessed and recorded the martyrdoms of over forty Christians at the hands of Muslim authorities Eulogius hagiographical task was complicated by the fact that many of the Christians in Cordoba at the time resented the provocative actions of the martyrs that led to their executions claiming that their public denunciations of Islam were inappropriate given the relative tolerance of the emir This book will be of value to scholars and others with an interest in the history of Muslim Spain the history of Muslim Christian interaction and historical ideas of sanctity **Subject Guide to Books in Print** , 1996 **Christian Mummification** Ken Jeremiah, 2014-01-10 A mention of mummification immediately brings to mind the ancient Egyptians but the Roman Catholic Church has long used the practice to preserve notable members of its faith In Italy alone more than 300 preserved bodies appear on display in churches and cathedrals the mummified remains of saints priests martyrs and other high ranking Roman Catholic officials This study explores the history of Roman Catholic mummification which continues to this day in the use of New Kingdom Egyptian mummification procedures on popes It explores various types of mummies the connections between the Catholic Church and Egyptian religious practices the treatment of the dead by other faiths and the veritable cult that has arisen in Italy surrounding the saints whose bodies are preserved By examining this unusual practice from both scientific and cultural perspectives the book sheds light on a relatively unstudied aspect of the Roman Catholic faith *God Very Probably* Robert H Nelson, 2016-04-28 In recent years a number of works have appeared with important implications for the age old question

of the existence of a god These writings many of which are not by theologians strengthen the rational case for the existence of a god even as this god may not be exactly the Christian God of history This book brings together for the first time such recent diverse contributions from fields such as physics the philosophy of human consciousness evolutionary biology mathematics the history of religion and theology Based on such new materials as well as older ones from the twentieth century it develops five rational arguments that point strongly to the very probable existence of a god They do not make use of the scientific method which is inapplicable to the question of a god Rather they are in an older tradition of rational argument dating back at least to the ancient Greeks For those who are already believers the book will offer additional rational reasons that may strengthen their belief Those who do not believe in the existence of a god at present will encounter new rational arguments that may cause them to reconsider their opinion
