Secured Transactions Law Reform in Africa Marek Dubovec, Louise Gullifer, 2019-10-31 Over the last few decades many countries have reformed their secured transactions law One of the main reasons has been the clear link between reform and the availability of credit and the drive to improve access to finance particularly for micro small and medium sized enterprises This book focuses particularly on developing economies in Africa which have legal frameworks influenced by English French Belgian Roman Dutch and other laws Reform in this area of law across African countries has taken a number of forms which are explored and discussed in this book Secured Transactions Law Reform in Africa is a mixture of a critical

description of the pre reform law and practice and the reform process itself It also includes a comparative analysis of the legal provisions and an examination of the early results of the reforms The book sets out a road map for the future of secured transactions reform primarily in Africa but also in other countries that have undertaken or are contemplating similar reforms This book is the second in a series of books about Secured Transactions Law in countries around the world and its reform both on a national and an international scale The first book **Secured Transactions Law Reform Principles Policies and Practice** was published in 2016

International Secured Transactions Law Orkun Akseli, 2011-03-17 This book focuses on international harmonisation and the law of secured transactions by distilling and analysing the unifying principles of various significant international conventions and instruments such as the UN Convention on the Assignment of Receivables the Unidroit Convention on International Factoring the EBRD Model Law on Secured Transactions the Unidroit Convention on the International Interests in Mobile Equipment and the UNCITRAL Legislative Guide on Secured Transactions International secured transactions conventions and instruments facilitate credit and promote economic activity through the creation of harmonised rules Therefore given the increasing globalisation of markets international reform efforts for the harmonised modernisation of secured transactions law have gained pace over recent years International Secured Transactions Law draws on experiences in both English and US laws in order to identify and illustrate the existing problems that need to be addressed as well as identify potential solutions International Secured Transactions Law will be of interest to scholars students interested in international commercial law corporate law or comparative secured transactions and practitioners involved in international commercial transactions

Implementing the Cape Town Convention and the Domestic Laws on Secured Transactions Souichirou Kozuka, 2017-01-25 This book offers the analysis of the relationship between the Cape Town Convention and national laws on secured transactions The first part of the book considers why national implementation is so important in the case of the Cape Town Convention and identifies how innovative the Convention is as a uniform law instrument The second part includes chapters on those states that are Parties to the Cape Town Convention which analyse how the Convention is implemented under the domestic law The third part includes chapters on those states that are not Parties to the Convention which compare their national laws and the Convention to find unique features of the Cape Town Convention's rules The fourth part discusses the meaning of Protocols on aircraft railway rolling stock and space assets from the practitioner's point of view As a whole the book offers insights into the new stage of uniform private law and shows the need for further examination of the subject which will be essential for international and national legislators academics of comparative and international private law as well as practitioners who are the users of the uniform law regime

Security Rights in Intellectual Property Eva-Maria Kieninger, 2020-06-11 This book discusses the main legal and economic challenges to the creation and enforcement of security rights in intellectual property and explores possible avenues of reform such as more specific rules for security in IP rights and better coordination between intellectual property

law and secured transactions law In the context of business financing intellectual property rights are still only reluctantly used as collateral and on a small scale If they are used at all it is mostly done in the form of a floating charge or some other all asset security right The only sector in which security rights in intellectual property play a major role at least in some jurisdictions is the financing of movies On the other hand it is virtually undisputed that security rights in intellectual property could be economically valuable or even crucial for small and medium sized enterprises especially for start ups which are often very innovative and creative but have limited access to corporate financing and must rely on capital markets securitization capital market Therefore they need to secure bank loans yet lack their own traditional collateral such as land
