Sacher,2021-12-08 Winner of the Jules and Frances Landry Award Finalist for the 2022 Gilder Lehrman Lincoln Prize In April 1862 the Confederacy faced a dire military situation Its forces were badly outnumbered the Union army was threatening on all sides and the twelve month enlistment period for original volunteers would soon expire In response to these circumstances the Confederate Congress passed the first national conscription law in United States history This initiative touched off a struggle for healthy white male bodies both for the army and on the home front where they oversaw enslaved laborers and helped

produce food and supplies for the front lines that lasted till the end of the war John M Sacher s history of Confederate conscription serves as the first comprehensive examination of the topic in nearly one hundred years providing fresh insights into and drawing new conclusions about the southern draft program Often summarily dismissed as a detested policy that violated states rights and forced nonslaveholders to fight for planters the conscription law elicited strong responses from southerners wanting to devise the best way to guarantee what they perceived as shared sacrifice Most who bristled at the compulsory draft did so believing it did not align with their vision of the Confederacy As Sacher reveals white southerners desire to protect their families support their communities and ensure the continuation of slavery shaped their reaction to conscription For three years Confederates tried to achieve victory on the battlefield while simultaneously promoting their vision of individual liberty for whites and states rights While they failed in that quest Sacher demonstrates that southerners response to the 1862 conscription law did not determine their commitment to the Confederate cause Instead the implementation of the draft spurred a debate about sacrifice both physical and ideological as the Confederacy s insatiable demand for soldiers only grew in the face of a grueling war

Memoirs of Nikita Khrushchev Nikita Sergeevich Khrushchev, Serge_ Khrushchev, 2004 Nikita Khrushchev's proclamation from the floor of the United Nations that we will bury you is one of the most chilling and memorable moments in the history of the Cold War but from the Cuban Missile Crisis to his criticism of the Soviet ruling structure late in his career the motivation for Khrushchev's actions wasn't always clear. Many Americans regarded him as a monster while in the USSR he was viewed at various times as either hero or traitor. But what was he really like and what did he really think? Readers of Khrushchev's memoirs will now be able to answer these questions for themselves and will discover that what Khrushchev really said at the UN was we will bury colonialism. This is the second volume of three in the only complete and fully reliable version of the memoirs available in English. In the first volume published in 2004 Khrushchev takes his story up to the close of World War II. In the first section of this second volume he covers the period from 1945 to 1956 from the famine and devastation of the immediate aftermath of the war to Stalin's death the subsequent power struggle and the Twentieth Party Congress. The remaining sections are devoted to Khrushchev's recollections and thoughts about various domestic and international problems. In the second and third sections he recalls the virgin lands and other agricultural campaigns and his dealings with nuclear scientists and weapons designers. He also considers other sectors of the economy specifically construction and the provision of consumer goods administrative reform and questions of war peace and disarmament. In the last section he discusses the relations between the party leadership and the intelligentsia. Included among the Appendixes are the notebooks of Nina Petrovna Kukharchuk Khrushchev's wife.
