Resolved A Novel:

Fix-It Fics: Challenging the Status Quo through Fan Fiction Kaitlin Tonti, 2024 Over the past ten years fan fiction has outgrown its perceived taboo as made by the public and has evolved into a legitimate form of writing and self expression Academics too have recognized the potential for fan fiction studies through the lens of the humanities psychology sociology and gender and queer studies What makes Fix It Fics Challenging the Status Quo through Fanfiction unique is in its specific focus on the fan fiction subgenre fix it fics Also known in fan fiction communities as the fix it fans writing in this subgenre are motivated by fixing what they believe the original creators did not get right the first time More significantly fix it fic writers generally use their prose to fix the unaddressed biases that are perpetuated on their favorite character or plot lines by either the original creator or other fans The fix it fic has existed for some time however it was after J K Rowling s degrading remarks about the transgender community that fix it fic writers clearly saw themselves as the only ones who could challenge the prejudices associated with their fandoms The essay featured in this book reflects on the fix it fic as an outlet for self advocacy and community activism through the written word Chapters in this book focus on fandoms including but not limited to Supernatural Harry Potter Wentworth Stranger Things Game of Thrones Hannibal Star Trek and Batman while also addressing topics such as the Omegaverse healing trauma and creating community archives Fix It Fics Challenging the Status Quo through Fanfiction will appeal to popular culture sociology and gender and queer studies scholars who are invested in the larger academic conversation and offers an array of essays that any college professor teaching popular culture will surely benefit from including in their courses

Unamuno's Theory of the Novel C. A. Longhurst, 2017-07-05 Miguel de Unamuno 1864 1936 is widely regarded as Spain s greatest and most controversial writer of the first half of the twentieth century Professor of Greek and later Rector at the University of Salamanca and a figure with a noted public profile in his day he wrote a large number of philosophical political and philological essays as well as poems plays and short stories but it is his highly idiosyncratic novels for which he coined the word *novela* that have attracted the greatest critical attention *Niebla* 1914 has become one of the most studied works of Spanish literature such is the enduring fascination which it has provoked In this study C A Longhurst a distinguished Unamuno scholar sets out to show that behind Unamuno s fictional experiments there lies a coherent and quasi philosophical concept of the novelesque genre and indeed of writing itself Ideas about freedom identity finality mutuality and community are closely intertwined with ideas on writing and reading and give rise to a new and highly personal way of conceiving fiction

Novel Ideas Barbara Shoup, Margaret-Love Denman, 2013-05 Novel Ideas provides a substantial introduction to the elements of fiction followed by in depth interviews with successful novelists who speak with candor and insight into the complex process by which a novel is made This edition includes new and updated interviews as well as writing exercises to enhance its use in the writing classroom Dorothy Allison recalls deliciously self indulgent days of writing in her bathrobe wrapped in misery and exultation Peter Cameron explains how he made the

move from short fiction to the novel with the aid of a music composer's notebook to track the movement of his characters. Writers as different as Ha Jin, Jill McCorkle, Richard Ford, and Michael Chabon describe their unique approaches to their work while consistently affirming the necessity of committing to the hard effort of it while also remaining open to surprise. Aspiring novelists will find hands-on strategies for beginning, working through, and revising a novel; accomplished novelists will discover new ways to solve the problems they face in process; and serious readers of contemporary fiction will enjoy a glimpse into the way novels are made. Includes interviews with Dorothy Allison, Larry Brown, Peter Cameron, Michael Chabon, Michael Cunningham, Robb Forman Dew, Richard Ford, Ha Jin, Patricia Henley, Charles Johnson, Wally Lamb, Valerie Martin, Jill McCorkle, Sena Jeter Naslund, Lewis Nordan, Sheri Reynolds, S. J. Rozan, Jane Smiley, Lee Smith, Theodore Weesner.

The Novels and Romances of Edward Bulwer Lytton (Lord Lytton) ...: My novel Edward Bulwer Lytton, Baron Lytton, 1898

The Cambridge Companion to the Modernist Novel Morag Shiach, 2007-04-19 The novel is modernism's most vital and experimental genre. In this 2007 Companion, leading critics explore the very significant pleasures of reading modernist novels but also demonstrate how and why reading modernist fiction can be difficult. No one technique or style defines a novel as modernist. Instead, these essays explain the formal innovations, stylistic preferences, and thematic concerns which unite modernist fiction. They also show how modernist novels relate to other forms of art and to the social and cultural context from which they emerged. Alongside chapters on prominent novelists such as James Joyce and Virginia Woolf, as well as lesser-known authors such as Dorothy Richardson and Djuna Barnes, themes such as genre and geography, time and consciousness are discussed in detail. With a chronology and guide to further reading, this is the most accessible and informative overview of the genre available. *The Novels and Romances of Edward Bulwer Lytton* Edward Bulwer Lytton, Baron Lytton, 1897

The Gothic Novel 1790-1830 Ann B. Tracy, 2021-10-21 A research guide for specialists in the Gothic novel, the Romantic movement, the eighteenth and nineteenth-century novel, and popular culture, this work contains summaries of more than two hundred novels reputed to be Gothic, published in English between 1790 and 1830. Also included are indexes of titles and characters and an extensive index of characteristic objects, motifs, and themes that recur in the novels, such as corpses, bloody and otherwise dungeons, secret passageways, filicide, fratricide, infanticide, matricide, patricide, and suicide. The novels described, including those by such writers as Charlotte Dacre, Louisa Sidney Stanhope, Regina Maria Roche, Charles Maturin, and Mary Shelley, are for the most part out of print and circulation and are unavailable except in rare book rooms. Thus, this book provides the researcher with ready access to information that would otherwise be difficult to obtain. Extension
