Mysticism in the Gospel of John Jey Kanagaraj, 1998-04-01 This is the first detailed study of Johannine mysticism against a Palestinian Jewish background has been previously undertaken This book investigates whether there was a mystical practice in first century Palestine and whether John can be better understood in the light of such practice if there was any In analysis two strands of Jewish mysticism the early forms of Ma'aseh Merkabah and of Ma'aseh Bereshit emerge as existing in first century Palestine While the former narrates by means of Ezek 1 the experience of seeing God in His kingly glory the latter describes the same experience by using Gen 1 This book consists of three parts Part one analyses Hellenistic mysticism as expressed by the Hermetica and Hellenistic Jewish mysticism as presented by Philo Part two traces the important elements of Merkabah mysticism from the later Hekhalot literature and the Jewish and Christian writings belonging to 2 cent BCE 1 cent CE by defining the term mysticism in terms of the fourteen aspects of Jewish mysticism an exegetical study of seven themes is undertaken in Part Three The study shows that the conceptual parallels in John with Hellenistic mysticism and Hellenistic Jewish mysticism are very slender but indicates John s

polemical motive against the Merkabah mystics of his time He calls them to believe in Jesus as the Christ the Son of God by proclaiming that the divine glory claimed by them to be revealed in human like form on the throne is now visible in the historical person Jesus particularly in his death on the Cross Thus Jewish Throne mysticism seems to have been reinterpreted by John as Cross mysticism **John of the Cross and the Cognitive Value of Mysticism** Steven Payne,1990-07-31 This book is a significant contribution to the literature on mysticism and the epistemology thereof It is recommended to all those interested in the mystics and in the question of the cognitive value of mysticism Review of Metaphysics March 1992

Mystics William Harmless,2008 Mystics are path breaking religious practitioners who claim to have experience the infinite word defying Mystery that is God Many have been gifted writers with an uncanny ability to communicate the great realities of life with both a theologian s precision and a poet s lyricism They use words to jolt us into recognizing ineffable mysteries surging beneath the surface of our lives and within the depths of our hearts and by their artistry can awaken us to see and savor fugitive glimpses of a God drenched world In Mystics William Harmless S J introduces readers to the scholarly study of mysticism He explores both mystics extraordinary

lives and their no less extraordinary writings using a unique case study method centered on detailed examinations of six major Christian mystics Thomas Merton Bernard of Clairvaux Hildegard of Bingen Bonaventure Meister Eckhart and Evagrius Ponticus Rather than presenting mysticism as a subtle web of psychological or theological abstractions Harmless's case study approach brings things down to earth restoring mystics to their historical context Harmless highlights the pungent diversity of mystical experiences and mystical theologies Stepping beyond Christianity he also explores mystical elements within Islam and Buddhism offering a chapter on the popular Sufi poet Rumi and one on the famous Japanese Zen master Dogen Harmless concludes with an overview of the century long scholarly conversation on mysticism and offers a unique multifaceted optic for understanding mystics their communities and their writings Geared toward a wide audience **Mystics** balances state of the art scholarship with accessible lucid prose **Mystic Symbols** Noah Martin, AI, 2025-02-26 **Mystic Symbols** unveils the hidden world of esoteric emblems and their profound influence on religion secret societies and magical practices Exploring how symbols have served as vessels of hidden knowledge the book reveals their role in spiritual transformation and unlocking deeper understanding Did you know that symbols aren't merely decorative motifs but sophisticated communication systems Or that they initiate individuals into esoteric knowledge facilitating psychological and spiritual growth The book begins by introducing the fundamentals of symbology and the psychology of symbols before exploring their use across major religious traditions like Christianity Islam and Hinduism It then moves into secret societies such as the Freemasons and Rosicrucians deciphering their symbolic language and further examines the application of these symbols in magical traditions including alchemy and astrology **Mystic Symbols** culminates with practical applications empowering readers to analyze symbols in art literature and their own lives fostering a deeper appreciation for the hidden dimensions of reality offering a unique and valuable holistic approach to understanding these pervasive and powerful images

Wittgenstein: From Mysticism to Ordinary Language Russell Nieli, 2016-01-21 Wittgenstein *From Mysticism to Ordinary Language* presents the *Tractatus* as a work of mystic theology intended to direct the reader to a transcendental plane from which human existence can be viewed from the divine perspective More than any other work on Wittgenstein this study integrates text material with personal biographical information especially information dealing with his spiritual and psychological states The result is a fresh coherent and extremely illuminating picture of Wittgenstein successfully avoiding the pitfalls of either psychological reductionism or unfaithfulness to the text It is bold without being reckless passionately argued without being doctrinaire and makes a very powerful and persuasive case for its main thesis **The Interpretation of the Fourth Gospel** C. H. Dodd, 1968-05 Since its publication almost forty years ago *The Interpretation of the Fourth Gospel* has established itself as a classic of biblical scholarship Regarded as a seminal text in Johannine studies it provides a comprehensive and authoritative exposition of the major elements and themes contained in this more original and fascinating of ancient documents The author reconstructs the background and intellectual milieu out of which the Fourth Gospel may be

supposed to have taken shape He then defines as precisely as possible the leading concepts that may be said to have determined the structure and arrangement of the book as we have it The result is a massive achievement and no serious student of the New Testament can afford to ignore this study's findings The Interpretation of the Fourth Gospel represents the culmination of a lifetime's reflection on its subject by one of this century's most distinguished New Testament scholars and will continue to stimulate and provoke generations of readers *Mysticism and the Mid-Century Novel* J.

Clements,2011-11-01 This book argues that many of the mid twentieth century's significant novelists were united by a desire to return the increasingly interior novel to ethical engagement They did not seek morality in society politics or the individual will but sought to unveil a transcendent Good by using techniques drawn from the canon of mystical literature

Medjugorje and the Supernatural Daniel Maria Klimek,2018-03-01 In June 1981 six young Croatians in the village of Medjugorje in the former Yugoslavia reported that the Virgin Mary had appeared to them The Medjugorje visionaries say that Mary has returned every day since then bringing them important messages from heaven to convey to the world Throughout history people have reported encountering extraordinary religious experiences apparitions of the Virgin Mary visions of Jesus Christ weeping statues and icons the stigmata physical healings and miracles and experiences of the afterlife and interpreted them as supernatural in origin Scholars have often tried to reinterpret such experiences including those described by the great mystics like Francis of Assisi Catherine of Siena and Teresa of Avila into natural or psychopathological categories such as hysteria hallucination delusion epileptic seizures psychosis the workings of the unconscious mind or fraud Are such reductionist explanations valid Over the past three decades the Medjugorje visionaries have been subjected to extensive medical psychological and scientific examination even while undergoing their visionary experiences Daniel Klimek argues that the case of Medjugorje affords a rare opportunity to understand a deeper dimension of extraordinary religious phenomena Presenting and analyzing the scientific studies on the visionaries in juxtaposition with the major scholars and debates surrounding religious experience Klimek concludes that a multidisciplinary approach grants a more holistic and deeper understanding of such extraordinary religious experiences **The Mysticism of the Cloud of Unknowing** William

Johnston,2024-10-22 Available in a new digital edition with reflowable text suitable for e readers In this comparative work Jesuit priest and Zen meditation advocate William Johnston offers a contemporary reading of the fourteenth century Christian mystical work The Cloud of Unknowing and its powerful message of God's unconditional love in the face of despair
