**Art Books** Wolfgang M. Freitag, 2013-10-28 First published in 1997 For this second edition of *Art Books: A Basic Bibliography of Monographs on Artists* the vast number of new books published since 1985 was surveyed and evaluated This has resulted in the selection of 3,395 additional titles These selections reflective of the increase in the monographic literature on artists during the last ten years are evidence of the activities of a larger number of art historians in more countries worldwide of the increasingly diverse and ambitious exhibition programs of museums whose number has also increased dramatically and also of a lively international art market and the attendant gallery activities The selections of the first edition have been reviewed errors have been corrected and important new editions and reprints have been noted The second edition contains 278 names of artists not represented in the first edition

**The Art of Rivalry** Sebastian Smee, 2016-08-16 Pulitzer Prize winning art critic Sebastian Smee tells the fascinating story of four pairs of artists: Manet and Degas, Picasso and Matisse, Pollock and de Kooning, Freud and Bacon whose fraught competitive friendships spurred them to new creative heights Rivalry is at the heart of some of the most famous and fruitful relationships in history The *Art of Rivalry* follows eight celebrated artists each linked to a counterpart by friendship, admiration, envy, and ambition All eight are household names today But to achieve what they did each needed the influence of a contemporary one who was equally ambitious but possessed sharply contrasting strengths and weaknesses Edouard Manet and Edgar Degas were close associates whose personal bond frayed after Degas painted a portrait of Manet and his wife Henri Matisse and Pablo Picasso swapped paintings, ideas, and influences as they jostled for the support of collectors like Leo and Gertrude Stein and vied for the leadership of a new avant garde Jackson Pollock's uninhibited style of action painting triggered a breakthrough in the work of his older rival Willem de Kooning After Pollock's sudden death in a car crash, de Kooning assumed Pollock's mantle and became romantically involved with his late friend's mistress Lucian Freud and Francis Bacon met in the early 1950s when Bacon was being hailed as Britain's most exciting new painter and Freud was working in relative obscurity Their intense but asymmetrical friendship came to a head when Freud painted a portrait of Bacon which was later stolen Each of these relationships culminated in an early flashpoint, a rupture in a budding intimacy that was both a betrayal and a trigger for great innovation Writing with the same exuberant wit and psychological insight that earned him a Pulitzer Prize for art criticism Sebastian Smee explores here the way that coming into one's own as an artist, finding one's voice, almost always involves willfully breaking away from some intimate expectations of who you are or ought to be Praise for *The Art of Rivalry* Gripping Mr Smee's skills as a critic are evident throughout He is persuasive and vivid You leave this book both nourished and hungry for more about the art, its creators, and patrons, and the relationships that seed the ground for moments spent at

the canvas The New York Times With novella like detail and incisiveness Sebastian Smee opens up the worlds of four pairs of renowned artists Each of his portraits is a biographical gem The Art of Rivalry is a pure informative delight written with canny authority The Boston Globe      **Triptych** ,1989-02      **New York Magazine** ,1996-11-04 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea      **New York Magazine** ,1996-07-29 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea      Los Angeles Magazine ,2003-02 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian      **Department of the Interior and Related Agencies Appropriations for 1989: Justification of the budget estimates, Department of Energy** United States.
