Lyndon B. Johnson's Vietnam Papers Lyndon Baines Johnson, 1997 The recent declassification of top secret Vietnam War papers of the Johnson administration provides an unusually intimate portrait of presidential decision making and fills an important gap in the literature on presidents and on the Vietnam War For years the Pentagon Papers served as the most influential published collection of Vietnam era policy making documents However as Vietnam scholar George McT Kahin has written the Pentagon Papers are generally very sketchy and inadequate with respect to the political dimension and for the critical years 1964 1968 the gaps are particularly extensive Drawing upon the newly declassified documents and many other Vietnam papers David Barrett s *Lyndon Johnson s Vietnam Papers* fills the need for a one volume collection detailing interaction and confrontations concerning the dilemmas of Vietnam policy He chronologically presents notes of meetings and phone calls between President Johnson and advisers as well as meetings with some war critics memoranda to and from the president and notes and letters written by friends and associates of Johnson describing his thinking and concerns about the war This volume offers a first hand documentation of how and why the United States fought in Indochina in the 1960s an introduction to the archival holdings for future researchers and documentary evidence of the major players and their roles in making policy

**Vietnam and the American Political Tradition** Randall B. Woods,2003-02-24 This volume is intended to demonstrate how opposition to the war in Vietnam the military industrial complex and the national security state crystallized in a variety of different and often divergent political traditions Indeed for many of the figures discussed dissent was a decidedly conservative act in that they felt that the war threatened traditional values mores and institutions even though their definitions of what was sacred differed profoundly To an extent many of the dissenters treated in this volume were at one time Cold War liberals During the course of the Vietnam War they came to see the foreign policy which they were supporting with its willingness to invoke the democratic ideal and at the same time tolerate dictatorships in the cause of anticommunism as morally and politically corrupt Most dissenters increasingly came to perceive cold war liberalism as a radical departure that threatened the fundamental ideals of the republic

Debating Vietnam Joseph

A. Fry, 2006 In the midst of the Vietnam War two titans of the Senate J William Fulbright and John C Stennis held public hearings to debate the conflict's future In this intriguing new work historian Joseph A Fry provides the first comparative analysis of these inquiries and the senior southern Senators who led them The Senators shared aim was to alter the Johnson administration's strategy and bring an end to the war but from dramatically different perspectives Fulbright hoped to pressure Johnson to halt escalation and seek a negotiated settlement while Stennis wanted to prompt the President to bomb North Vietnam more aggressively and secure a victorious end to the war Publicized and televised these hearings added fuel to the fire of national debate over Vietnam policy and captured the many arguments of both hawks and doves Fry details the dramatic confrontations between the Senate committees and the administration spokesmen Dean Rusk and Robert McNamara and he probes the success of congressional efforts to influence Vietnam policy Ultimately Fry shows how the Fulbright and Stennis hearings provide vivid insight into the debate over why the United States was involved in Vietnam and how the war should be conducted
