This textbook is the result of the author's long experience of teaching introductory English literature courses and the non-availability of a suitable textbook for EFL English as a foreign language students. The books currently available in the market are beyond the comprehension level of average EFL students. In order to fill this gap and give a solid foundation to students, the initial chapters of the book deal with important literary terms and a brief history of English literature. In addition, the book provides various types of comprehension questions focussing on the needs of EFL students. Finally, the book consists of carefully selected materials for the study of fiction, poetry and drama from authors representing different ages of English literature. This compact textbook can be considered as an excellent resource for all EFL students and teachers around the world.

Asian Interventions in Global Shakespeare Poonam Trivedi, Paromita Chakravarti, Ted Motohashi, 2020-11-16 This volume critically analyses and theorises Asian interventions in the expanding phenomenon of Global Shakespeare. It interrogates Shakespeare's universality from Asian perspectives: how this has been modified or even replaced by the global bard as a recognisable brand and how Asian Shakespeares have contributed to or subverted this process by both facilitating the worldwide dissemination of the bard's plays and challenging and resisting the very templates through which they become globally legible. Critically acclaimed Asian productions have prominently figured at premier Western festivals and popular Asian appropriations like Bollywood, manga and anime have created new kinds of globally accessible Shakespeare. Essays in this collection engage with the emergent critical issues, the efficacy of definitions of the local, global, transnational and cosmopolitan and of the liminalities and mobilities in between. They further examine the politics of West and East, the evolving markers of the Asian and the equation of the global with the Asian, they attend to performance and archiving protocols and bring the current debates on translation, appropriation and world literature to speak to the concerns of global and transnational Shakespeare. These investigations analyse recent innovative Asian theatre productions, popular cinematic and manga appropriations and the increasing presence of
