When she meets a wealthy white Canadian family vacationing on the island she knows it's her chance. They ask her to come to Canada to be their nanny and she accepts. This was the beginning of Catherine's new life, a life of opportunity but also suffering. Within a few years she would find herself pregnant a third time, this time in her new country with no family to support her and this time with Perdita. Together in the years to come, mother and daughter would experience racism, domestic abuse, and even homelessness, but Catherine's will would always pull them through. As Perdita grew and began to discover her preternatural athletic gifts, she was edged onward by her mother's love, grit, and faith. Facing literal and figurative hurdles, she learned to leap and pick herself back up when she stumbled. A solid start of a new series, fast-paced adventure. Publishers Weekly. Twin brother and sister, Ronan and Murel, are true children of Petaybee, the sentient planet that is their home. Like their father, they are changelings, able to converse telepathically with creatures and to transform into seals. The Petaybeans wish to protect the twins from curious scientists, but no one realizes that Ronan and Murel hunger to discover the origins of their shape-shifting talent and that their search for knowledge will place them in the path of peril. Meanwhile, Petaybee is changing. To investigate its sudden evolution, the twins' father heads out to the open water in his seal form and is presumed lost. Only Ronan and Murel, with their remarkable talents of transformation, can hope to find him and bring him home if they dare to risk exposure and face the dangers of the newly unstable sea.
