Patronage, Sources and Texts

EDITED BY IAIN FENLON

Music In Medieval And Early Modern Europe Patronage Sources And Texts

H. Colin Slim

Music In Medieval And Early Modern Europe Patronage Sources And Texts:

Music in Medieval and Early Modern Europe Iain Fenlon, 1981-05-29 This volume consists of original papers first read at King's College Cambridge in 1979 at an international conference on medieval and Renaissance music. The contributors are distinguished in a wide variety of musicological interests but all are concerned in one way or another with pursuing the most urgent and promising directions for research in early music history. The result far from being merely a further collection of essays applying well tried approaches to familiar material constantly seeks to expand the scope of musicology itself and many of the contributions are interdisciplinary in method. The four main topics of the conference were carefully chosen with some editorial control exercised for each session. This is reflected in four sections of closely related papers in the book. Two of these are concerned with the patronage of music by the Church in fifteenth century England, Italy and France and in a broader context in Italy from 1450 to 1550. A group of essays on sixteenth century instrumental music separates these and the book concludes with five papers on theories of filiation as applied to music sources from the tenth to the sixteenth century.

Companion to Medieval and Renaissance Music Tess Knighton, David Fallows, 1997 With contributions from a range of internationally known early music scholars and performers, Tess Knighton and David Fallows provide a lively new survey of music and culture in Europe from the beginning of the Christian era to 1600. Fifty essays comment on the social, historical, theoretical and performance contexts of the music and musicians of the period to offer fresh perspectives on musical styles, research sources and performance practices of the medieval and Renaissance periods.

[A Performer's Guide to Medieval Music](#) Ross W. Duffin, 2000 *A Performer's Guide to Medieval Music* is an essential compilation of essays on all aspects of medieval music performance with 40 essays by experts on everything from repertoire, voices and instruments to basic theory. This concise, readable guide has proven indispensable to performers and scholars of medieval music.

Music from the Middle Ages Through the Twentieth Century Carmelo Peter Comberiati, Matthew C. Steel, 1988 First Published in 1988, Routledge is an imprint of Taylor & Francis, an informa company.

Music in Society Ivo Supićić, 1987 The subject of this study has two distinct but not unrelated aspects: first, an investigation into the sociology of music as an autonomous and specialized discipline, and second, an examination of certain fundamental facts that may be considered within the purview of the sociology of music itself. If an analysis and study, even a preliminary one, of these facts is to be properly focused and fruitful, we must first try to determine the subject and methods of the sociology of music, its position and boundaries in respect to musicology and, most especially, its relation to the aesthetics of music and music history. It is equally indispensable to ascertain what the sociology of music as a separate scholarly discipline embraces, where its investigation leads, and finally to establish its position vis-à-vis sociology in general.

From the Author's Introduction

Life After Death Peter Holman, 2010 It is often thought that the viola da gamba dropped out of British musical life in the 1690s. The author demonstrates that the instrument continued to be used through the 18th and 19th centuries up to the beginning of the early

music revival in the 1890s **Seventeenth-Century Ballet A multi-art spectacle** Ivanna Spencer, 2011-03-16 This book contains a selection of research papers presented at the International Interdisciplinary Symposium Seventeenth century Ballet a multi art spectacle which was held at King s College London on 7 August 2010 The purpose of the symposium was to act as an international forum for multidisciplinary research on seventeenth century ballet As far as we are aware this was the first symposium which is specifically aimed to bring together researchers from many disciplines including early music and dance iconography exoticism neo Platonism and European history The ballets created during the period of High Renaissance are undoubtedly among the major masterpieces of the theatrical genre of the era and this can be proved not only in terms of their popularity but also of the high quality craftsmanship and their variety in form Emphasizing this diversity the symposium focuses on the interplay and tensions between discourses continuities and discontinuities and competing images of the seventeenth century ballet in Europe **Painting Music in the Sixteenth Century** H. Colin Slim, 2024-10-28 Professor Slim deals here with the several roles that music can play in the artworks of the Renaissance looking in particular at Italian painting of the 16th century For understandable reasons art historians sometimes neglect the role of music and especially that of musical notation when studying works of art These studies not only identify musical compositions wholly or partially inscribed in paintings and tapestries ceramics prints as well but also seek reasons why these particular musical compositions were included and analyse their relevance to the scene depicted Furthermore as many of these studies show identifying a musical composition especially if it has a text leads to the formation of ideas about iconographical functions and thus augments interpretations of the visual art **Music and Instruments of the Middle Ages** Tess Knighton, David Skinner, 2020 Essays on important topics in early music *Music in Renaissance Ferrara 1400-1505* Lewis Lockwood, 2009-05-04 Based on extensive documentary and archival research Music in Renaissance Ferrara is a documentary history of music for one of the most important city states of the Italian Renaissance Lockwood shows how patrons and musicians created a musical center over the course of the fifteenth century tracing the growth of music and musical life in rich detail It also sheds new light on the careers of such important composers as Dufay Martini Obrecht and Josquin Desprez This paperback edition features a new preface that re introduces the book and reflects on its contribution to our modern knowledge of music in the culture of the Italian Renaissance **Adrian Willaert and the Theory of Interval Affect** Timothy R. McKinney, 2016-03-23 In the writings of Nicola Vicentino 1555 and Gioseffo Zarlino 1558 is found for the first time a systematic means of explaining music s expressive power based upon the specific melodic and harmonic intervals from which it is constructed This theory of interval affect originates not with these theorists however but with their teacher influential Venetian composer Adrian Willaert 1490 1562 Because Willaert left no theoretical writings of his own Timothy McKinney uses Willaert s music to reconstruct his innovative theories concerning how music might communicate extramusical ideas For Willaert the appellations major and minor no longer signified merely the larger and smaller of a pair

of like numbered intervals rather they became categories of sonic character the members of which are related by a shared sounding property of majorness or minorness that could be manipulated for expressive purposes This book engages with the madrigals of Willaert s landmark *Musica nova* collection and demonstrates that they articulate a theory of musical affect more complex and forward looking than recognized currently The book also traces the origins of one of the most widespread musical associations in Western culture the notion that major intervals chords and scales are suitable for the expression of happy affections and minor for sad ones McKinney concludes by discussing the influence of Willaert s theory on the madrigals of composers such as Vicentino Zarlino Cipriano de Rore Girolamo Parabosco Perissone Cambio Francesco dalla Viola and Baldassare Donato and describes the eventual transformation of the theory of interval affect from the Renaissance view based upon individual intervals measured from the bass to the Baroque view based upon invertible triadic entities

MS Florence, Biblioteca Nazionale Centrale, Magl. XIX, 164-167 AnthonyM. Cummings,2017-07-05 Manuscript Florence Biblioteca Nazionale Centrale Magliabechiana XIX 164 167 FlorBN Magl 164 7 has been the subject of considerable scholarly attention The prevailing assumption had been that it was a Florentine source of the early sixteenth century More recently it has been argued that its provenance is not as easily determined as it first appears and that there are Roman connections suggested by one of its codicological features This monograph provides as full a bibliographical and codicological report on FlorBN Magl 164 7 as is currently possible Such evidence suggests that the earlier thesis is more likely to be correct the manuscript was copied in Florence c 1520 After a review of the evidence for provenance and date the repertory of the manuscript is placed in its historical and cultural context Florence of the early sixteenth century is shown to have an organized cultural life that was characterized by the activities of such institutions as the Sacred Academy of the Medici the famous group that met in the garden of the Rucellai and others FlorBN Magl 164 7 is an exceedingly interesting and important source an eclectic repository not only of compositionally advanced settings of Petrarchan verse by Rucellai group intimate Bernardo Pisano but also of sharply contrasting works popular in character It is almost a manifesto of the sensibilities of preeminent Florentine cultural figures of the sort who frequented the garden of the Rucellai and as such is a revealing document of Florentine musical taste during those crucial years that witnessed the emergence of the new secular genre we know as the Italian madrigal

Women and Music in Sixteenth-Century Ferrara Laurie Stras,2018-09-27 Rethinks and retells the history of music in sixteenth century Ferrara putting women of the court and convent at the narrative centre

The Book of Requiems, 1450-1550 David Burn,2022-06-15 Reference work for musicologists music theorists performers and music lovers Few western musical repertoires speak more to the imagination than the Requiem mass for the dead The Book of Requiems presents in depth essays on the most important works in this tradition from the origins of the genre up to the present day Each chapter is devoted to a specific Requiem and offers both historical information and a detailed work discussion Conceived as a multi volume essay collection by leading experts TheBook of

Requiems is an authoritative reference publication intended as a first port of call for musicologists music theorists and performers both professional and student **Secular Renaissance Music** Sean Gallagher,2017-07-05 Secular music of the fifteenth and sixteenth centuries encompasses an extraordinarily wide range of works and practices courtly love songs music for civic festivities instrumental music entertainments provided by minstrels the unwritten traditions of solo singing and much else This collection of essays addresses many of these practices with a focus on polyphonic settings of vernacular texts examining their historical and stylistic contexts their transmission in written and printed sources questions of performance and composers approaches to text setting Essays have been selected to reflect the wide range of topics that have occupied scholars in recent decades and taken together they point to the more general significance of secular music within a broad complex of cultural practices and institutions *Patterns in Play* Graeme MacDonald Boone,1999-01-01 The relationship between text and music is a central issue in fifteenth century music studies Decades of research and performance have failed to provide clear answers to the most basic questions such as which notes go with which syllables and why *Patterns in Play* focuses on the early French songs of Guillaume Dufay and proposes a basis for determining some rules of common procedure for interpreting both underlay and style Graeme M Boone examines questions of rhythm and declamation considering mensuration linguistic and poetic prosody and prosody in song The first three chapters comprise a set of discussions preliminary to close rhythmic analysis of Dufay s texted song melodies Beginning with mensural rhythm and proceeding to poetics and the relationship between Dufay s poetic and musical rhythms and musical declamation Boone examines the musical features of rhythm melody tonal organization counterpoint text setting and text expression Offering fresh insight into the issues he raises Boone clarifies the relationship between underlay and style and provides a better understanding of the technical and aesthetic issues that Dufay and other composers faced in weaving their patterns of song *Music and Culture in Late Renaissance Italy* Iain Fenlon,2002-12-05 Explores the role of music in the cultural religious and political upheavals of late Renaissance Italy revealing how musical activity of all kinds was instrumentalized by those in power Italian culture did not lose its vigour after 1530 but underwent a transformation *Music Printing in Renaissance Venice* Jane A. Bernstein,1998-10-29 Venetian music print culture of the mid sixteenth century is presented here through a study of the Scotto press one of the foremost dynastic music publishers of the Renaissance For over a century the house of Scotto played a pivotal role in the international book trade publishing in a variety of fields including philosophy medicine religion and music This book examines the mercantile activities of the firm through both a historical study which illuminates the wide world of the Venetian music printing industry and a catalog which details the music editions brought out by the firm during its most productive period A valuable reference work this book not only enhances our understanding of the socioeconomic and cultural history of Renaissance Venice it also helps to preserve our knowledge of a vast musical repertory *Studies in the Printing, Publishing and Performance of Music in the 16th Century* Stanley Boorman,2023-07-28 The emergence of music

printing and publishing in the early 16th century radically changed how music was circulated and how the musical source printed or manuscript was perceived and used in performance This series of close studies of the structure and content of 16th century and early 17th century editions and some manuscripts of music draws conclusions in a number of areas printing techniques for music the habits of different type setters and scribes and their view of performing practice publishers approaches to the musical market and its abilities and interests apparent changes of plan in preparing editions questions of authorship evidence in editions and manuscripts for interpreting different levels of notation ways in which scribes could influence performers decisions and others by which composers could exploit unusual sonorities

Reforming Music

Chiara Bertoglio, 2017-03-06 Five hundred years ago a monk nailed his theses to a church gate in Wittenberg The sound of Luther's mythical hammer however was by no means the only aural manifestation of the religious Reformations This book describes the birth of Lutheran Chorales and Calvinist Psalmody of how music was practised by Catholic nuns Lutheran schoolchildren battling Huguenots missionaries and martyrs cardinals at Trent and heretics in hiding at a time when Palestrina Lasso and Tallis were composing their masterpieces and forbidden songs were concealed smuggled and sung in taverns and princely courts alike Music expressed faith in the Evangelicals emerging worships and in the Catholics ancient rites through it new beliefs were spread and heresy countered analysed by humanist theorists it comforted and consoled miners housewives and persecuted preachers it was both the symbol of new conflicting identities and the only surviving trace of a lost unity of faith The music of the Reformations thus was music reformed music reforming and the reform of music this book shows what the Reformations sounded like and how music became one of the protagonists in the religious conflicts of the sixteenth century

Embark on a transformative journey with Written by is captivating work, **Music In Medieval And Early Modern Europe Patronage Sources And Texts** . Music In Medieval And Early Modern Europe Patronage Sources And Texts Introduction

Music In Medieval And Early Modern Europe Patronage Sources And Texts Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Music In Medieval And Early Modern Europe Patronage Sources And Texts Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Music In Medieval And Early Modern Europe Patronage Sources And Texts : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Music In Medieval And Early Modern Europe Patronage Sources And Texts : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Music In Medieval And Early Modern Europe Patronage Sources And Texts Offers a diverse range of free eBooks across various genres. Music In Medieval And Early Modern Europe Patronage Sources And Texts Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Music In Medieval And Early Modern Europe Patronage Sources And Texts Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Music In Medieval And Early Modern Europe Patronage Sources And Texts, especially related to Music In Medieval And Early Modern Europe Patronage Sources And Texts, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Music In Medieval And Early Modern Europe Patronage Sources And Texts, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Music In Medieval And Early Modern Europe Patronage Sources And Texts books or magazines might include. Look for these in online stores or libraries. Remember that while Music In Medieval And Early Modern Europe Patronage Sources And Texts, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Music In Medieval And Early Modern Europe Patronage Sources And Texts eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Music In Medieval And Early Modern Europe Patronage

Sources And Texts full book , it can give you a taste of the authors writing style.Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Music In Medieval And Early Modern Europe Patronage Sources And Texts eBooks, including some popular titles.

FAQs About Music In Medieval And Early Modern Europe Patronage Sources And Texts Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Music In Medieval And Early Modern Europe Patronage Sources And Texts is one of the best book in our library for free trial. We provide copy of Music In Medieval And Early Modern Europe Patronage Sources And Texts in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Music In Medieval And Early Modern Europe Patronage Sources And Texts. Where to download Music In Medieval And Early Modern Europe Patronage Sources And Texts online for free? Are you looking for Music In Medieval And Early Modern Europe Patronage Sources And Texts PDF? This is definitely going to save you time and cash in something you should think about.
