Spanish Cathedral Music in the Golden Age Robert Stevenson, **Spain in America** Richard L. Kagan, 2002 Setting aside the pastiche of bullfighters and flamenco dancers that has dominated the U S image of Spain for more than a century this innovative volume uncovers the roots of Spanish studies to explain why the diversity vitality and complexity of Spanish history and culture have been reduced in U S accounts to the equivalent of a tourist brochure Spurred by the complex colonial relations between the United States and Spain the new field of Spanish studies offered a way for the young country to reflect a positive image of itself as a democracy in contrast with perceived Spanish intolerance and closure Spain in America investigates the political and historical forces behind this duality surveying the work of the major nineteenth century U S Hispanists in the fields of history art history literature and music A distinguished panel of contributors offers fresh examinations of the role of U S writers especially Washington Irving and Henry Wadsworth Longfellow in crafting a wildly romantic vision of Spain They examine the views of such scholars as William H Prescott and George Ticknor who contrasted the failure of Spanish history with U S exceptionalism Other essays explore how U S interests in Latin America consistently colored its vision of Spain and how musicology in the United States dominated by German migr s relegated Spanish music to little more than a footnote Also included are profiles of the philanthropist Archer Mitchell Huntington and the pioneering art historians Georgiana Goddard King and Arthur Kingsley Porter who spearheaded U S interest in the architecture and sculpture of medieval Spain Providing a much needed look at the development and history of Hispanism Spain in America opens the way toward confronting and modifying reductive views of Spain that are frozen in another time

Music and Musicians in the Escorial Liturgy Under the Habsburgs, 1563-1700 Michael John Noone, 1998 This study explores the composition and performance of liturgical music in El Escorial from its founding by Philip II in 1563 to the death of Charles II in 1700 Philip II promoted within his monastery palace a musical foundation whose dual function as royal chapel and as monastery in the service of a Counter Reformation monarch was unique The study traces the ways in which music styles and practices responded to the changing functions of the institution Perceived notions about Spanish royal musical patronage are challenged musical manuscripts are scrutinized biographical details of hundreds of musicians are uncovered and musical practices are examined Additionally two important choral pieces are printed here for the first time
