New Contexts of Canadian Criticism Ajay Heble, Donna Palmateer Pennee, J.R. Struthers, 1997-04-18 Times change lives change and the terms we need to describe our literature or society or condition what Raymond Williams calls keywords change with them Perhaps the most significant development in the quarter century since Eli Mandel edited his anthology *Contexts of Canadian Criticism* has been the growing recognition that not only do different people need different terms but the same terms have different meanings for different people and in different contexts Nation history culture art identity the positions we take discussing these and other issues can lead to conflict but also hold the promise of a new sort of community Speaking of First Nations people and their literature Beth Brant observes that Our connections are like the threads of a weaving While the colour and beauty of each thread is unique and important together they make a communal material of strength and durability *New Contexts of Canadian Criticism* is designed to be read to work in much the same manner *The Cambridge Companion to Canadian Literature* Eva-Marie Kröller, 2004-02-05 This book offers a comprehensive and engaging introduction to major writers genres and topics in Canadian literature Contributors pay attention to the social political and economic developments that have informed literary events Broad surveys of fiction drama and poetry are complemented by chapters on Aboriginal writing francophone writing autobiography literary criticism writing by women and the emergence of urban writing in a country traditionally defined by its regions Also discussed are genres that have a special place in Canadian literature such as nature writing exploration and travel writing and short fiction Shifting the Ground of Canadian Literary Studies Smaro Kamboureli, Robert Zacharias, 2013-02-26 *Shifting the Ground of Canadian Literary Studies* is a collection of interdisciplinary essays that examine the various contexts political social and cultural that have shaped the study of Canadian literature and the role it plays in our understanding of the Canadian nation state The essays are tied together as instances of critical practices that reveal the relations and exchanges that take place between the categories of the literary and the nation as well as between the disciplinary sites of critical discourses and the porous boundaries of their methods They are concerned with the material effects of the imperial and colonial logics that have fashioned Canada as well as with the paradoxes ironies and contortions that abound in the general perception that Canada has progressed beyond its colonial construction Smaro Kamboureli's introduction demonstrates that these essays engage with the larger realm of human and social practices throne speeches book clubs policies of accommodation of cultural and religious differences Indigenous thought about justice and ethics to show that literary and critical work is inextricably related to the Canadian polity in light of transnational and global forces **The English Short Story in Canada** Reingard M. Nischik, 2017-04-11 In 2013 the Nobel Prize for Literature was for the first time awarded to a short story writer and to a Canadian Alice Munro The award focused international attention on a genre that had long been thriving in Canada particularly since the 1960s This book traces the development and highlights of the English language Canadian short story from the late 19th century up to the
