## **New Era Reflections On The Human And Natural History Of Central Oregon:**

New Era Jarold Ramsey, 2003 *New Era* is a graceful and literate collection of personal essays on the human and natural history of the Central Oregon high desert focusing on what happened to the people and the land of this region during and after the homesteading era of 1900 to 1920. It is a book full of stories about early Indian Anglo connections about the ghost town of Opal City about homestead ranches and the families who struggled to make their lives there. Each chapter offers a new perspective on the interplay of human and natural history in a challenging time and place. Although Ramsey's focus is intensely local, he explores how these local details have larger Western and American meanings too. In his introduction, Ramsey writes that the title of his book comes from the name of our little country school and if it catches a sense of the indomitable optimism of the homesteaders who established it for their children. I also want it so suggest my concern with changes in the land and with what can get thrown aside and lost in the name of newness and progress. The stories gathered in *New Era* capture these changing and changed lives and landscapes. Jarold Ramsey was born in Central Oregon and grew up on his family's ranch there. He left the ranch to attend college and became an award winning essayist and poet as well as a published playwright and a respected authority on traditional American Indian literature. *New Era* will appeal to a wide range of readers beyond those interested in the Oregon high desert country especially those who value story telling and the literature of place.

*The Oregon Companion* Richard H. Engeman, 2009-09-01 What's the connection between Ken Kesey and Nancy's Yogurt? How about the difference between a hoedad and a webfoot? What became of the Pixie Kitchen and the vanished Lambert Gardens? *The Oregon Companion* is an A-Z handbook of over 1000 people, places and things. From Abernethy and beaver money to houseboats, railroads and the Zigzag River, an intrepid public historian separates fact from fiction with his sense of humor intact. Entries include towns and cities, counties, rivers, lakes and mountains, people who have left a mark on Oregon, industries, products, crops and natural resources. Includes more than 160 historical black and white photos. This entertaining and delightfully meticulous compendium is an essential reference for anyone curious about Oregon.

*Almost All Aliens* Paul Spickard, 2009-05-07 *Almost All Aliens* offers a unique reinterpretation of immigration in the history of the United States. Leaving behind the traditional melting pot model of immigrant assimilation, Paul Spickard puts forward a fresh and provocative reconceptualization that embraces the multicultural reality of immigration that has always existed in the United States. His astute study illustrates the complex relationship between ethnic identity and race, slavery and colonial expansion. Examining not only the lives of those who crossed the Atlantic but also those who crossed the Pacific, the Caribbean and the North American Borderlands, *Almost All Aliens* provides a distinct inclusive analysis of immigration and identity in the United States from 1600 until the present.
