New Grove Stravinsky:

The New Grove Stravinsky Stanley Sadie, John Tyrrell, 2003-03-15 Of Russian French and later American nationality Stravinsky's musical styles are startlingly diverse reflecting his life and era from Tsarist Russia to 1920s France and post war USA His early years in Russia saw him launch his international career with Diaghilev's Ballets Russes in Paris and the premieres of The Firebird Petrushka and The Rite of Spring Between 1920-1939 Stravinsky lived and worked in France producing his great neo-classical compositions reactivating the modes and manners of the eighteenth century This stylistic inclination eventually gave way to a highly individual use of serial techniques in his last years when he took up residence in the United States This biography of Igor Stravinsky is one in a new series of composer biographies derived and adapted from the second edition of The New Grove Dictionary of Music and Musicians These newly written biographies bring the best of the book-length pieces in The New Grove to a wider audience Each title provides fresh new insights into the life and works of a major composer derived from the most recent scholarship In addition to a detailed and informative view of the subject's life and works written by an expert in the field each book includes comprehensive tabular work lists and a fully revised and updated bibliography

Stravinsky's Piano Graham Griffiths, 2013-02-21 Stravinsky's reinvention in the early 1920s as both neoclassical composer and concert pianist is here placed at the centre of a fundamental reconsideration of his whole output viewed from the unprecedented perspective of his relationship with the piano Graham Griffiths assesses Stravinsky's musical upbringing in St Petersburg with emphasis on his education at the hands of two extraordinary teachers whom he later either ignored or denounced Leokadiya Kashperova for piano and Rimsky-Korsakov for instrumentation Their message Griffiths argues enabled Stravinsky to formulate from that intensely Russian experience an internationalist brand of neoclassicism founded upon the premises of objectivity and craft Drawing directly on the composer's manuscripts Griffiths addresses Stravinsky's lifelong fascination with counterpoint and with pianism's constructive processes Stravinsky's Piano presents both of these as recurring features of the compositional attitudes that Stravinsky consistently applied to his works whether Russian neoclassical or serial and regardless of idiom and genre

Tradition and Style in the Works of Darius Milhaud 1912-1939 Barbara L. Kelly, 2017-07-05 Described by Maurice Ravel as one of the most considerable talents in French music of his generation Darius Milhaud remains a largely neglected composer This book reappraises his contribution focusing on the emergence of the composer's style until his Jewish background forced his exile to the United States on the eve of the World War II The period 1912-1939 spans the crucial years that mark the development of Milhaud's mature style It was also during this time that he published his most important writings on contemporary music and its relationship to the past Barbara Kelly discusses the extent to which Milhaud's complex views on the idea of a French national musical heritage relate to his own practice and considers how his works reflect the balance between innovation and tradition Drawing comparisons with contemporaries such as Debussy Satie Schoenberg Stravinsky and Poulenc the book argues that the rhythmic vitality of Milhaud's style and his modal approach within a polytonal context mark him out as an original and distinctive composer
