R. Disney, 2009-04-13 The Kingdom of Portugal was created as a by product of the Christian Reconquest of Hispania With no geographical raison d'être and no obvious political roots in its Roman Germanic or Islamic pasts it for long remained a small struggling realm on Europe's outer fringe Then in the early fifteenth century this unlikely springboard for Western expansion suddenly began to accumulate an empire of its own eventually extending more than halfway around the globe A History of Portugal and the Portuguese Empire drawing particularly on historical scholarship postdating the 1974 Portuguese Revolution offers readers a comprehensive overview and reinterpretation of how all this happened the first such account to appear in English for more than a generation Volume I concerns the history of Portugal itself from pre Roman times to the climactic French invasion of 1807 and Volume II traces the history of the Portuguese overseas empire **The History of Portugal: The history of Portugal from the reign of D. Portugal's Political Development Walter C Opello Jr, 2019-07-05 Portugal's early developmental experience created a highly centralized administrative state that continues to have a powerful influence on the nature and style of the country's government and politics Emphasizing this theme Dr Opello shows that contrary to the conclusions of scholars who have analyzed Portugal from Latin American or Third World perspectives Portuguese political development is more comparable to the pattern of development of West European countries especially France He compares Portugal's political experience with that of other West European countries and concludes by speculating about the future of Portugal's fledgling democracy **A Concise History of Portugal** David Birmingham, 2003-11-13 This concise illustrated history of Portugal offers an introduction to the people and culture of the country its empire and to its search for economic modernisation political stability and international partnership The book studies the effects of the vast wealth mined from Portuguese Brazil the growth of the wine trade and the evolution of international ties The Portuguese Revolution of 1820 to 1851 created a liberal monarchy but in 1910 the king was overthrown and by 1926 had been replaced by a dictatorship In 1975 Portugal withdrew from its African colonies and turned north to become a democratic member of the European Community in 1986 Researched during the years which followed the fall of Portugal's dictators in 1974 this book has become the standard single volume work The second edition brings the story up to date and discusses the state of historical writing on Portugal at the turn of the millennium The Global History of Portugal Carlos Fiolhais, José Eduardo Franco, José Pedro Paiva, 2021-12-06 For thousands of years Portugal has been the point of arrival and departure for peoples cultures languages ideas fashions
