How Then Shall We Guide? Jimmy Boon-Chai Tan, 2023-05-25 There has been a marked increase of interest in the art of spiritual direction in recent decades Yet in many circles especially in ecumenical and interfaith contexts it is unclear what grounds the practice of this ancient art As a tradition's practice of spiritual direction expresses its particular theology which in turn is shaped by its unique history this work explains that ecumenical spiritual direction must make and retain the tri perspective of history theology and method that faithfully reflects each tradition's distinctives as requisite for true ecumenical enrichment The importance of this trinocular vision is brought into sharp focus through a comparative study of Ignatius of Loyola and John Calvin where points of continuity and discontinuity between the Ignatian and Reformed traditions underscore the importance of this work's thesis

EIL Education for the Expanding Circle Nobuyuki Hino, 2018-03-14 The teaching of English in the Expanding Circle traditionally called EFL countries has long been regarded as having no choice but to follow Inner Circle or Anglo American norms both in pedagogy and language models This situation is in sharp contrast with that of the Outer Circle or ESL countries where the WE World Englishes paradigm coupled with post colonialism has liberated the users of indigenous Englishes from the norms of Anglophone native speakers Employing Japan as a primary sample this book proposes a new paradigm of EIL English as an International Language education by integrating relevant paradigms such as WE and ELF English as a Lingua Franca which enables users of English from the Expanding Circle to represent their own voices in international communication Various examples of actual classroom practice in EIL are also presented bridging the longstanding gap between theory and practice in this field
