New Investment Frontier A Guide To Exchange Traded Funds For Canadians:

The New Investment Frontier III Howard J. Atkinson, Donna Green, 2007 Exchange traded funds have been called the next generation of mutual funds Essentially ETFs are low cost tax efficient index funds that trade on a stock exchange In 1999 there were 33 ETFs trading on North American stock exchanges with assets of US\$39.6 billion Five years later despite going through the worst equity bear market in 70 years ETFs number over 300 and assets have soared in excess of US\$300 billion globally Canada was home to the first successful ETF in the world Now the largest Canadian ETF the i60 Fund is one of the most heavily traded TSX issues

The ETF Book Richard A. Ferri, 2011-01-04 Written by veteran financial professional and experienced author Richard Ferri The ETF Book gives you a broad and deep understanding of this important investment vehicle and provides you with the tools needed to successfully integrate exchange traded funds into any portfolio Each chapter of The ETF Book offers concise coverage of various issues and is filled with in depth insights on different types of ETFs as well as practical advice on how to select and manage them

International Equity Exchange-Traded Funds Tomasz Miziolek, Ewa Feder-Sempach, Adam Zaremba, 2020-09-23 This book presents the economic foundation of international equity investments providing a practical guide to invest in international equity exchange traded funds ETFs It shows how to gain exposure to foreign stock markets through both theoretical foundations of international diversification and in depth characteristics of global regional country specific and international sector thematic ETFs Unlike other books in the field which broadly discuss different aspects of the ETF market this book explores one specific market segment offering the first in depth and state of the art analysis of international equity ETFs and including in particular ETFs with global regional single country and international sector thematic exposures The number and variety of such financial instruments are constantly growing Hence it seems obvious that there is an urgent need for a book that will help investors who are willing to diversify their portfolios outside the domestic market in both developed and emerging frontier markets International Equity Exchange Traded Funds presents a comprehensive review of investment possibilities offered by international ETFs for stock market investors

The ETF Strategist Russ Koesterich, 2008 Describes the benefits of exchange trade funds EFT over mutual funds covering topics such as alpha beta separation strategic risk combinations and how to incorporate ETFs into an overall investment strategy
