New Irish Comedies Dodo Press:

Women in the Arts in the Belle Epoque Paul Fryer, 2012-11-02 This collection of new essays explores the role played by women practitioners in the arts during the period often referred to as the Belle Epoque a turn of the century period in which the modern media audio and film recording broadcasting etc began to become a reality Exploring the careers and creative lives of both the famous Sarah Bernhardt and the less so Pauline Townsend across a remarkable range of artistic activity from composition through oratory to fine art and film directing these essays attempt to reveal in some cases for the first time women's true impact on the arts at the turn of the 19th century *Charles Robert Maturin and the haunting of Irish romantic Fiction* Christina Morin, 2017-06-01 A self-described disappointed Author Charles Robert Maturin 1780-1824 has been largely relegated to the margins of literary history since his death in 1824 Yet as this study demonstrates he exerted a fundamental influence on the development of Irish fiction in the early nineteenth century In particular his novels dramatically underscore the continuing presence and deployment of the Gothic mode in Romantic Ireland an influence now frequently overlooked in critical attention to the national and regional forms popularized in Ireland in the wake of Anglo-Irish Union 1801 Working from Jacques Derrida's influential theory on ghosts this study positions Maturin as the cornerstone on which to build a new paradigm of Irish Romantic fiction one which accounts for the spectral traces of the past cultural social and political evident in early nineteenth century Irish fiction As it does so it calls for renewed critical and popular attention to an author who himself continues spectrally to emerge in the works of his literary successors Comedy and Social Science Cate Watson, 2015-06-12 While there have been many sociological and psychological studies of humor few can claim to be funny Humor may be regarded as a legitimate topic for social scientists but in general they present their research rather seriously In academia humor tends to be trivialized and dismissed This is more than just a missed opportunity for otherwise fun-loving academics In literature it is readily accepted that comedy is integral to the human condition To ignore humor is to reject a potentially insightful methodological approach as the humorous worldview presents unique opportunities for investigating the social This book constitutes a unique resource presenting chapters on irony satire and parody as tools for analysis and means of representation as well as considering humor in the conduct of research and offering guidance on getting published Through presenting examples from across the social sciences the book seeks to persuade and inspire rather than to prescribe an approach a closure which would ironically be inimical to the multiplicity and ambiguity which characterizes humorous research and lends it its distinctive edge *The Paranormal Surrounds Us* Richard Reichbart, 2019-01-25 Shakespeare Tolstoy Joyce E. M. Forster and Ingmar Bergman all made the paranormal essential to their depiction of humanity Freud recognized telepathy as an everyday phenomenon Observations on parapsychological aspects of psychoanalysis also include the findings of the Mesmerists Jung Ferenczi and Eisenbud Many academicians attribute such psychic discoveries to poetic license rather than to accurate understanding of our parapsychological capacities

The author a practicing psychoanalyst and parapsychologist and a lawyer familiar with Navajo culture argues for a fresh appraisal of psi phenomena and their integration into psychoanalytic theory and clinical work literary studies and anthropology
