Institutions Task Force,1991      **H.R. 1062, the Financial Services Competitiveness Act of 1995, Glass-Steagall Reform, and Related Issues (revised H.R. 18)** United States. Congress. House. Committee on Banking and Financial Services,1996      IPOs and Equity Offerings Ross Geddes,2003-06-06 An initial public offering IPO is one of the most significant events in corporate life It follows months even years of preparation During the boom years of the late 1990s bull market IPOs of growth companies captured the imagination and pocketbooks of investors like never before This book goes behind the scenes to examine the process of an offering from the decision to go public to the procedures of a subsequent equity offering The book is written from the perspective of an experienced investment banker describing the hows and whys of IPOs and subsequent equity issues Each aspect of an IPO is illustrated with plenty of international examples pitched alongside relevant academic research to offer a combination of theoretical rigour and practical application Topics covered are the decision to go public legal and regulatory aspects of an offering marketing and research valuation and pricing allocations of shares to investors examination of fees and commissions Global perspective UK European and US practices regulations and examples and case studies First hand experience written by an IPO trader with academic rigour Includes the changes in the market that resulted from 1998 2000 equity boom      **Recent Trends in Bank Consolidation and Interstate Mega-mergers** United States. Congress. House. Committee on Banking and Financial Services. Subcommittee on Financial Institutions and Consumer Credit,1996      *Fair Trade in Financial Services Legislation* United States. Congress. House. Committee on Banking, Finance, and Urban Affairs. Subcommittee on International Development, Finance, Trade, and Monetary Policy,1992      **The Routledge Companion to Financial Services Marketing** Tina Harrison,Hooman Estelami,2014-12-05 Interest in Financial Services Marketing has grown hugely over the last few decades particularly since the financial crisis which scarred the industry and its relationship with customers It reflects the importance of the financial services industry to the economies of every nation and the realisation that the consumption and marketing of financial services differs from that of tangible goods and indeed many other intangible services This book is therefore a timely and much needed comprehensive compendium that reflects the development and maturation of the research domain and pulls together in a single volume the current state of thinking and debate The events associated with the financial crisis have highlighted that there is a need for banks and other financial institutions to understand how to rebuild trust and confidence improve relationships and derive value from the marketing process Edited by an international team of experts this book will provide the latest thinking on how to manage such challenges and will be vital reading for students and lecturers in financial services marketing policy makers and practitioners      Financial Services and General Government Appropriations for 2008: Consumer issues, financial services for disadvantaged communities, tax fairness United States. Congress. House. Committee on Appropriations. Subcommittee on Financial Services and General Government,2007      **H.R. 10--the Financial Services Modernization Act of 1999** United States. *Competitive equity in the financial services industry* United States. Congress. Senate. Committee on Banking, Housing, and Urban Affairs, 1984      **Digitalization and the Future of Financial Services** Darko B. Vukovic, Moinak Maiti, Elena M. Grigorieva, 2022-09-20 This book develops insights of digitalization and the future of financial services to originate an innovative approach to financial field in order to underpin research and practice in the wide area of digital finance The aim of this book is to extend our understandings on how digitalization and the future of financial services can be helpful in different business circumstances in many cross functional financial areas such as financial markets financial risk management financial technologies investment finance etc Thus the book aims at addressing the relevance of digital finance for different players highlighting differences in tools and processes as well as identifying innovative practices in financial digitalization This can result in some novel theoretical and practical insights that can foster financial players in order to proactively explore and exploit opportunities in financial digitalization and offset financial risks and increase efficiency      Global Banking Roy C. Smith, New York University Ingo Walter Charles Simon Professor of Applied Financial Economics both at The Stern School of Business, 2003-02-25 This is a revision of the business of global banking With the increased globalization of the world economy few sectors are the equal of banking and financial services in dynamism or structural change Roy C Smith and Ingo Walter assess this transformation its causes its course and its consequences They began by examining international commercial banking including the issue of cross border risk evaluation and exposure management and the creation of a viable regulatory framework in a global competitive context they then undertake a parallel assessment of international investment banking linking the two by means of a bridge chapter Finally they focus on the factors that determine winners and losers in these markets and explore the problems of strategic position and execution
