Hertlein,Gerald R. Weeks,Nancy Gambescia,2010-06-10 Systemic Sex Therapy serves as an introduction to the field of sex therapy from a systems perspective It is an excellent resource for graduate students in marriage and family therapy programs or students and professionals who want a truly fresh perspective on sex therapy This approach moves beyond traditional behavioral approaches to incorporate individual couple and intergenerational factors in etiology and treatment Unlike current books on the market that are outdated too advanced simplistic unfocused or too diffuse in content Systemic Sex Therapy is comprehensive concise highly focused on treatment user friendly and contains features not found in other sex therapy texts such as a systemic behavioral focus clinical innovation and a greater focus on implementation rather than competing works The Pleasure Gap Katherine Rowland,2020-02-04 American culture is more sexually liberal than ever But compared to men women s sexual pleasure has not grown Up to 40 percent of American women experience the sexual malaise clinically known as low sexual desire Between this low desire muted pleasure and experiencing sex in terms of labor rather than of lust

women by the millions are dissatisfied with their erotic lives For too long this deficit has been explained in terms of women's biology stress and age In *The Pleasure Gap* Katherine Rowland rejects the idea that women should settle for diminished pleasure instead she argues women should take inequality in the bedroom as seriously as we take it in the workplace and understand its causes and effects Drawing on extensive research and interviews with more than one hundred women and dozens of sexual health professionals Rowland shows that the pleasure gap is neither medical malady nor psychological condition but rather a result of our culture's troubled relationship with women's sexual expression This provocative exploration of modern sexuality makes a case for closing the gap for good **Love Does No Harm** Marie

Fortune,1998-10-01 This work is aimed at those caught somewhere in the middle between those for whom only heterosexual and monogamous marriage or anything goes are paradigms of suitable behaviour and intimate relationships Ethicist and Christian Marie Fortune explores what it means to be in an intimate relationship today surrounded as we are by domestic violence and continued silencing of women's voices **A Clinician's Guide to Systemic Sex Therapy** Gerald

Cross,2013-12-16 Harness the power of an integrative approach to couples counseling Why do marriages fail The behaviorist or cognitive therapist explains that unhappy couples have self defeating ways of thinking about their spouses and themselves The sociologically oriented counselor points to the impact of social trends and dramatic changes in child rearing and social expectations A therapist oriented toward psychodynamics or systems theory sees the destructive patterns of childhood replayed in the marriage with spouses taking on rigid roles The pastoral or humanist counselor believes that partners who cannot experience self fulfillment through commitment and trust will feel less love and grow more and more disconnected *Couples Therapy* Second Edition brings together all these points of view to make a unified whole This integrative approach proposes a new model of successful marriage based on four cornerstones resiliency social support adaptability and self fulfillment Weaving together theory and research *Couples Therapy* Second Edition explores how common issues can lead to trouble in relationships It suggests specific interventions so therapists can teach clients to deal with such problem areas as

Lovers and Livers Jacalyn Duffin, 2005-12-15 Can a disease be an idea A theory Does disease exist without a patient to suffer from it In *Lovers and Livers* Jacalyn Duffin provides a lively overview of the ideas around disease She introduces philosophical theories of disease and delves into the history of two distinct afflictions one old one new which serve as examples to show how applying theory can uncover surprising aspects of the medical past and present Written with humour and compassion and

using poignant examples from Duffin's own clinical experience *Lovers and Livers* is based on a series of public lectures and innovates by utilizing audience participation and a wide variety of sources including art poetry literature medical journals newspapers Duffin's first example of a disease concept the now possibly defunct disease of Lovesickness had its origins in the poetry of antiquity and its demise in twentieth century scepticism but Duffin argues that it may not be as pass as is generally thought The second example is the new disease Hepatitis C Duffin demonstrates that it too stems from ancient tradition and that it has been shaped by discoveries in virology and recent tragedies in transfusion medicine as well as by legislators journalists and patients In any given time and place coherent concepts of disease emerge from combining social cultural legal and scientific preoccupations with current epistemological priorities about what constitutes clear thinking *Lovers and Livers* will be of special interest to scholars of history philosophy and medicine as well as many others **Make Love, Not War**
