Enchanted Community Robert Thornton Henderson,2006-08-01 What Henderson has done in Enchanted Community is force us to confront the questions of why the church is and what it has to do with the good news of God in Jesus Christ He takes us on a fascinating journey into the mystery of the church and in the process challenges our understanding of what it means to be the authentic body of Christ For Henderson the church should not be identified with its institutional forms but rather in the authentic communities inhabited by the Holy Spirit that are part of God s missional movement We as believers are in a very real sense called out to be part of this New Creation community to lead transformed lives as a witness to God s revelation The journey leads us back to the Father the Son and the Holy Spirit as the only and ultimate source of enchantment in a disenchanted world As Henderson makes clear this journey is anything but non controversial harmless and spiritual but is in fact radical and subversive in its very essence This book offers to all of us from the pragmatic the idealistic and the honest to the slightly cynical and almost jaded practical steps to maintaining the integrity of our discipleship and the authenticity of our relationships as we struggle to live out our calling to be an enchanted people bearers of God s authentic New Creation humanity in the church and in our daily ministry as salt and light where we live and work Churches That Make a Difference Ronald J. Sider,Philip N. Olson,Heidi Rolland Unruh,2002-04-01 Churches over the past generations have been weakened by a failure to meet both the physical and spiritual needs of their communities Many have adopted a narrow vision focusing on only one aspect of ministry But in today s environment of faith based opportunities many Christians are eager to start reaching out to their world with both Good News and good works and therefore they are searching for appropriate ways to integrate both into their ministry In Churches That Make a Difference best selling author Ron Sider and his coauthors give those involved in community outreach a comprehensive resource for developing holistic ministry a balance of evangelism and social outreach Illustrations and helpful organizational tips detail the how to s of an effective holistic ministry Case studies that show how different churches across the United States reach out to their communities provide a variety of ideas and practical applications User friendly tools are included as well for congregational studies surveys evaluations and community assessments The authors draw on extensive experience with church ministries and faith based organizations as they share the life changing vision and biblical mandate for living the whole gospel Church leaders will be encouraged in their process of developing and maintaining a holistic ministry and local churches will rediscover a passion for loving the whole person the way Jesus did **Once Upon a Time There Was a Three-Year-Old Grandpa** David Janzen,2024-07-18 This eccentric title recalls a collection of tales first told to grandchildren at bedtime Each chapter begins with a fun to read farmer boy story from the 1940s an era before industrial farming when horses cows and chickens were still

members of the family These anecdotes each launch a theme that splashes down with further development in later decades of life Diverse topics include imaginative play construction crew humor animal intelligence contemplative prayer and journal writing rural and urban farming communal wisdom and affordable housing along with a few serious pranks and the prophetic mischief that follows This memoir is also a confession in the pattern of Augustine reflecting on God's in breaking initiatives and the writer's emerging sense of calling in lifelong conversation with Jesus Its stories offer a series of curiosity driven on ramps into eight decades of transformative experiences for curious souls to ponder an open eyed faith and a communal way of life for the long haul

From New Creation to Urban Crisis George D. Younger, 1987 The Influence of the Church on the Local Community Abraham G. Ndung'u, 2021-01-05 The church is called to be the agency through which God is not only known but through which his kingdom is also advanced This book therefore is an attempt to examine the church's influence on communities through social justice practices as part of advancing the gospel of the kingdom of God The book brings out results of a study about a congregation's significant impact on a local community through varied social justice programs The book also provides relevant recommendations on how such initiatives can be improved for a more effective kingdom driven ministry to local communities It is hoped that the example of J Jireh Ministry Church provides a case worthy of emulation by other churches congregations and similar faith based community organizations for ministering to social justice needs at the local level
