

New England Politics

- Structure – governor, legislature, town meetings to handle local affairs, property owners had a say in their taxes
- Dominion of New England – English attempt to control colonies, charters revoked, assemblies, enforcement of Navigation Acts led by Sir Edmund Andros
- Dominion ends with the Glorious Revolution
- “City Upon a Hill” also ends with rise of Anglican Church in Boston

New England Politics:

The New England Town Meeting Joseph F. Zimmerman, 1999-03-30 In this groundbreaking study Zimmerman explores the town meeting form of government in all New England states This comprehensive work relies heavily upon surveys of town officers and citizens interviews and mastery of the scattered writing on the subject Zimmerman finds that the stereotypes of the New England open town meeting advanced by its critics are a serious distortion of reality He shows that voter superintendence of town affairs has proven to be effective and there is no empirical evidence that thousands of small towns and cities with elected councils are governed better Whereas the relatively small voter attendance suggests that interest groups can control town meetings their influence has been offset effectively by the development of town advisory committees particularly the finance committee and the planning board which are effective counterbalances to pressure groups Zimmerman provides a new conception of town meeting democracy positing that the meeting is a de facto representative legislative body with two safety valves open access to all voters and the initiative to add articles to the warrant and the calling of special meetings to reconsider decisions made at the preceding town meeting And as Zimmerman points out a third safety valve the protest referendum can be adopted by a town meeting *New England State Politics* Duane Lockard, 2015-12-08 A down to earth and fact filled discussion of New England state politics based on seven years of research and over 1 000 interviews Originally published in 1959 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *New England Political Parties* Josephine F. Milburn, William Doyle, 1983 *The Fragmentation of New England* Bruce C. Daniels, 1988-11-14 A readable and wide ranging contribution to the social history of New England this volume treats subjects as diverse as economic growth wealth distribution poor relief local government office holding leadership urban development and historiography Each essay takes a comparative approach to its subject identifying general patterns within New England society as well as significant regional typological and idiosyncratic variations and changes that occurred over the course of the eighteenth century Collectively the work creates a picture of an increasingly heterogeneous society fragmenting into competing economic political and social groups Although largely quantitative in approach the book is written to be accessible both to undergraduates just beginning their study of social history and experienced researchers who seek a deeper understanding of particular aspects of New England s history As such it will be an ideal supplemental text for courses on American history colonial history and social community or New England history **Political Encyclopedia of U.S. States and Regions** Donald P. Haider-Markel, Michael A. Card, 2009 Providing expert analysis of government and

politics in all 50 states and the U S territories this innovative two volume reference fills the critical need for information and analysis of the roles and functions of state government through accessible state by state and regional overviews of government and politics Interest Group Politics in the Northeastern States Ronald J. Hrebennar, Clive S. Thomas, 2010-11-01 **The Concise Princeton Encyclopedia of American Political History** Michael Kazin, Rebecca Edwards, Adam Rothman, 2011-08-08 An essential guide to U S politics from the founding to today With 150 accessible articles written by more than 130 leading experts this essential reference provides authoritative introductions to some of the most important and talked about topics in American history and politics from the founding to today Abridged from the acclaimed Princeton Encyclopedia of American Political History this is the only single volume encyclopedia that provides comprehensive coverage of both the traditional topics of U S political history and the broader forces that shape American politics including economics religion social movements race class and gender Fully indexed and cross referenced each entry provides crucial context expert analysis informed perspectives and suggestions for further reading Contributors include Dean Baker Lewis Gould Alex Keyssar James Kloppenberg Patricia Nelson Limerick Lisa McGirr Jack Rakove Nick Salvatore Stephen Skowronek Jeremi Suri Julian Zelizer and many more Entries cover Key political periods from the founding to today Political institutions major parties and founding documents The broader forces that shape U S politics from economics religion and social movements to race class and gender Ideas philosophies and movements The political history and influence of geographic regions *Library of Congress Subject Headings* Library of Congress, 2002 *The Politics of History* Arthur H. Shaffer, 2017-07-12 This is an analysis of the American Revolutionary generation s attempt to create a national history that would justify the Revolution and develop a sense of nationhood Shaffer pursues a number of themes and establishes a connection between the historians republican ideology political concerns and outlook and the precise ways in which they interpreted American history He also includes an analysis of their background education profession political persuasion personal ambitions and circumstances and attitudes toward the problem of union during the 1780s The writings here offer unusual insights into the mind of the Revolutionary generation The histories produced during the early national period represent the beginnings of a genre of writing new to America one characterized by the subjugation of history to the service of nationalism It is this element nationalism that gave this history its flavor made possible its achievement saddled it with difficulties and although unintentionally produced a tone and emphasis different from that of the Enlightenment The contribution of the Revolutionary generation of historians to the public identity represents an important aspect of the intellectual history of the early national period With all their frequent vagueness and imprecision of formulation almost incantatory repetitiousness and patriotic sentimentality the works of the first national generation of historians comprise a revealing effort to come to grips with the meaning of the Revolution and nationhood This striving charted much of the course that American historiography was to travel thereafter **Encyclopedia of U.S. Political History** Andrew

Until recently scholarly consensus across the social sciences and history adhered to the view that the incorporation of citizen voice in governance e g democracy was an entirely Western phenomenon that mostly is a product of the emergence of rational thought and the modern world These views are now empirically questioned and subject to serious reconsideration Yet even researchers who recognize a broader temporal span for democratic or good governance draw fundamental distinctions between these political forms in the past and present Building on the collective action theories in particular those focused on fiscal financing the editors of this Research Topic outline fundamental characteristics internal financing equitable taxation checks on power and a functioning bureaucracy at the core of good governance which are neither the sole project of the contemporary West nor tied to any specific ideological construct or form of leadership Even elections can no longer be conceived as assurance of good governance At this time of global challenges to democracy understanding the comparative history of good governments their core institutions how they worked their foundations what led to their downfalls and the factors that prompted their sustenance or their collapses are extremely important to document The historical trends and coactive processes that underpinned those human cooperative arrangements which fostered growth and general well being require comparative focus if we are to draw on the wealth of human history to help craft better governance in the future and forestall the tripwires that lead to its failures We welcome contributions which focus on Diachronic examinations of changes in the fiscal foundations of governance and their impacts on governance Comparative analysis of governmental variability and its relationship to collective action and its fiscal financing Cross temporal studies of shifts in the degree of good governance and relations to inequality sustainability bureaucracy public goods and services and fiscal financing The importance of social compacts and contracts in representative government and how these are sustained and break down Alternatives and supplements to elections as means of assessing subaltern voices The relationship between governance and inequality over time and across space Differences in modes of political collapse and their relationship to governance fiscal financing and responses of principals The role of public ritual in good versus autocratic governments Variance in communication and computation in good versus autocratic

governments The relationship between comparative governance and the uses and spatial distributions of community urban space residential and non residential architecture sprawl versus compact settlement The relationship between comparative governance and neighborhood organization Was there one or many episodes of enlightenment The relationship between governance and coercive processes including considerations of demographic growth patterns of migration well being economic growth The relationship between slave labor and governance spot resources and governance Non hierarchical and egalitarian forms of governance in non state societies Indigenous inspirations and influences on the Constitution of the United States Collective action and establishment of early cities Our aim for this Research Topic is to compile a series of research essays drawn from a broad cross regional and cross temporal sample of historical settings to explore issues and themes relevant to the history and processes that have been at the heart of good governance
