Satire in Narrative Frank Palmeri, 2014-08-04 Virtually all theories of satire define it as a criticism of contemporary society Some argue that satire criticizes the present in favor of a standard of values that has been superseded and thus that satire is generally backward looking and conservative While this is often true of poetic satire in this study Frank Palmeri asserts that narrative satire performs a different function that it parodies both the established view of the world and that of its opponents offering its own distinctive critical perspective This theory of satire builds on the idea of dialogical parody in the work of Russian theorist Mikhail Bakhtin while revising Bakhtin's estimate of carnival In Palmeri's view the carnivalesque offers only an inverted mirror image of authoritative discourse while parodic narrative satire suggests an alternative to both the official world and its inverted opposite Palmeri applies this theory of narrative satire to five works of world literature each of which has generated sharp controversy about the genre to which it rightly belongs Petronius Satyricon Jonathan Swift's A Tale of a Tub Edward Gibbon's Decline and Fall of the Roman Empire Herman Melville's The Confidence Man and Thomas Pynchon's The Crying of Lot 49 He analyzes the features that link these works and shows how the changing pairs of alternatives that are parodied in these satires reflect changes in the terms of social and cultural oppositions Satire in Narrative will appeal to comparatists specialists in eighteenth century and American literature and others interested in theories of genre and the relations between literary forms and social history

Seven Modes of Uncertainty C. Namwali Serpell, 2014-04-30 Literature is uncertain Literature is good for us These two ideas are often taken for granted But what is the relationship between literature's capacity to perplex and its ethical value Seven Modes of Uncertainty contends that literary uncertainty is crucial to ethics because it pushes us beyond the limits of our experience

Radical Hope in the Novels of Thomas Pynchon Phillip Grayson, 2022-09-09 Radical Hope in the Novels of Thomas Pynchon The Moon and Meteor provides a careful consideration of the author's career examining the ways in which the subversion of his early novels feeds into the radical optimism of his later works The book's first half explores the author's use of the image of the Moon as a romanticized ideal that is irreparably corrupted by and corruptly manipulated by forces of worldly power The second half takes up the meteor as an image of impending violence that has yet to be fully realized finding in the unlikely possibility of that violence being somehow averted a reckless sort of hope This foolhardy but nonetheless real hope to escape from violent oppressive structures and forge a real ethical obligation to the other marks the development of these paired metaphors and through them Pynchon introduces the possibility however slight that literature with its powerfully intimate relationship with consciousness may at least sustain that hope

Fictions Inc. Ralph Clare, 2014-09-11 *Fictions Inc* explores how depictions of the corporation in American literature film and popular culture have changed over time Beginning with perhaps the most famous depiction of a corporation Frank Norris s *The Octopus* Ralph Clare traces this figure as it shifts from monster to man from force to individual and from American industry to multinational Other Clare examines a variety of texts that span the second half of the twentieth century and beyond including novels by Thomas Pynchon William Gaddis Don DeLillo Richard Powers and Joshua Ferris films such as *Network* *Ghostbusters* *Gung Ho* *Office Space* and *Michael Clayton* and assorted artifacts of contemporary media such as television s *The Office* and the comic strips *Life Is Hell* and *Dilbert* Paying particular attention to the rise of neoliberalism the emergence of biopolitics and the legal status of corporate bodies *Fictions Inc* shows that representations of corporations have come to serve whether directly or indirectly as symbols for larger economic concerns often too vast or complex to comprehend Whether demonized or lionized the corporation embodies American anxieties about these current conditions and ongoing fears about the viability of a capitalist system

Mannerist Fiction William Donoghue, 2014-03-21 In *Mannerist Fiction* William Donoghue re conceptualizes the history of formalism in western literature Rather than presuming that literary experimentation with form distorting space and time began in the twentieth century with Modernism Donoghue identifies the age of Copernicus as the crucible for the first experiments in spatial de formation which appeared in mannerist painting and literature With wide ranging erudition *Mannerist Fiction* connects these literary and pictorial developments and traces their repetition and evolution over the next five hundred years Time and again Donoghue explains scientific and literary paradigm shifts have occurred in parallel Rabelais and Jonson wrote in the aftermath of changes in the western sense of space wrought by Copernicus and the voyages of discovery Jonathan Swift and the Marquis de Sade in the age of Newton Thomas Pynchon in

the age of Einstein With his analysis Donoghue establishes disfigurement and deformation as perennial sources of literary fascination A Dictionary of the Avant-Gardes ,2013-05-13 A Dictionary of the Avant Gardes recognizes that change is a driving force in all the arts It covers major trends in music dance theater film visual art sculpture and performance art as well as architecture science and culture **Postmodernism and Notions of National Difference** Geoffrey

Lord,2024-08-26 Postmodernism and Notions of National Difference examines the critical construction of postmodern fiction raising the question of whether the construction of postmodernism has sufficiently accounted for national difference Geoffrey Lord argues that current meta national conceptions of postmodernism need serious reconsideration to take national cultural contexts into account Through a comparative investigation of the theoretical debate literary traditions and close textual reading of a number of postmodern texts Lord makes a persuasive case for his broad claim that national cultural differences are more persistent and powerful than usually allowed by established theories of postmodernity which claim a general collapse of traditional cultural orders and the meta narratives that justify them **Wilderness City** Ted Clontz,2017-09-25 The books seeks to examine changes in the U S literary aesthetic and social as represented in novels set in an environment where the gamut of ethnicities and their often differing views of literature and culture that make up the U S are more generally found using the theories and concepts of Mikhail Bakhtin particularly his concept of the chronotope or spacetime

After the Nation Pedro Garcia-Caro,2014-07-07 After the Nation proposes a series of groundbreaking new approaches to novels essays and short stories by Carlos Fuentes and Thomas Pynchon within the framework of a hemispheric American studies Garc a Caro offers a pioneering comparativist approach to the contemporary American and Mexican literary canons and their underlying nationalist encodement through the study of a wide range of texts by Pynchon and Fuentes which question and historicize in different ways the processes of national definition and myth making deployed in the drawing of literary borders After the Nation looks at these literary narratives as postnational satires that aim to unravel and denounce the combined hegemonic processes of modernity and nationalism while they start to contemplate the ensuing postnational constellations These are texts that playfully challenge the temporal and spatial designs of national themes while they point to and debase holy borders international borders as well as the internal lines where narratives of nation are embodied and consecrated StartFragment
