The Fontana Dictionary of Modern Thought Alan Bullock, Oliver Stallybrass, 1982

The Semantics of Science Roy Harris, 2005-06-15 The Semantics of Science proposes a radical new rethinking of science and scientific discourse Roy Harris argues that supercategories such as science art religion and history are themselves verbal constructs and thus language dependent Because each supercategory is constructed differently it is necessary to pay attention to the linguistic process by which a discourse such as science has developed Through this view it is possible to observe that the function of the supercategory is to integrate what would otherwise be separate activities and enquiries and the result of this integration is therefore a re drawing of the intellectual world that society as a whole adopts In the course of his study of The Semantics of Science Roy Harris looks at the history and development of scientific discourse to show through language that what is meant by science has changed since it was first theorised by the Greeks Harris traces the semantic development of science through the years of the Royal Society to the present day moving on to an analysis of rhetoric mathematics common sense and finally the supercategory of semantics This lucidly written yet radical new theory on the language of science will be fascinating reading for academics and students researching semantics semiotics or applied linguistics

*Portrait of the Psychiatrist as a Young Man* Allan Beveridge, 2011-08-25 RD Laing remains one of the most famous psychiatrists of the last 50 years In the 1960s he enjoyed enormous popularity and received much publicity for his controversial views challenging the psychiatric orthodoxy He championed the rights of the patient and challenged the often inhumane methods of treating the mentally ill Based on a wealth of previously unexamined archives relating to his private papers and clinical notes *Portrait of the Psychiatrist as a Young Man* sheds new light on RD Laing and in particular his early formative years a crucial but largely overlooked period in his life The first half of the book considers Laing's intellectual journey through the world of ideas and his development as a psychiatric theorist An analysis of his notebooks and personal library reveals Laing's engagement not only with psychiatric theory but also with a wide range of other disciplines such as philosophy literature and religion This part of the book considers how this shaped Laing's writing about madness and his evolution as a clinician The second half draws on a rich and completely unexplored collection of Laing's clinical notes which detail his encounters with patients in his early years as a psychiatrist firstly in the British Army subsequently in the psychiatric hospitals of Glasgow and finally in the Tavistock Clinic in London These notes reveal what Laing was actually doing in clinical practice and how theory interacted with therapy The majority of patients who were to appear in Laing's first two books *The Divided Self* and *The Self and Others* have been identified from these records and this volume provides a fascinating account of how the published case histories compare to the original notes There is a considerable mythology surrounding Laing partly created by himself and partly by subsequent commentators By a careful examination of primary sources Allan Beveridge both a psychiatrist and an historian examines the many mythological narratives about Laing and provide a critical but not unsympathetic account of this colourful and contradictory thinker who addressed questions about the nature of madness which are still being asked today This book will be of interest to mental health workers and social historians alike as well as anybody interested in the philosophy of psychiatry

**A Future without Walls** T. Richard Snyder, 2021-01-19 *A Future without Walls* offers a comprehensive and complex analysis of Othering while unveiling the connections between our divisions and the roots forms and consequences of the walls that have been erected It also offers concrete steps forward to help us dismantle these walls In *A Future without Walls* T Richard Snyder draws upon his half century of activism in the struggle for justice and weaves analysis prescription and personal story throughout Racism extreme nationalism xenophobia gender abuse bullying and religious intolerance are all on the rise globally Walls that many thought had been torn down are now being rebuilt Those people who are different and even those who differ are treated as Other *A Future without Walls* is a lamentation for the tragedy of Othering and a clarion call for

justice The dividing walls are more than a problem calling for a quick fix They are embedded in both our history and our current culture and demand fundamental transformation Snyder analyzes the entangled fabric of Othering its history roots various forms and inevitable violent consequences Countering this tragedy are the voices of activists mystics scientists philosophers and theologians black and white indigenous and cosmopolitan Christian Jew and Buddhist female and male each of whom urges us to embrace rather than exclude This universal moral imperative is a call to action A Future without Walls offers paths to healing and transformation drawing on both individual and collective actions that have made a difference Walls that have been erected can be dismantled And while success is not inevitable failure to act only guarantees disaster

**Nonprofit and Business Sector Collaboration** Sridhar Samu, Walter W Wymer, Jr, 2013-04-03 Business managers are you considering supporting a worthy cause Nonprofit administrators are you considering looking for a corporate partner Examine ways to reap the benefits while avoiding the sometimes hidden pitfalls of these partnerships In the last decade cooperation between businesses and nonprofit organizations has increased dramatically Businesses no longer content to simply make contribution to worthy causes are now working with nonprofits in ways that help them increase their visibility and reach new consumer groups In this book top researchers explore the how why and when of this kind of collaboration In addition to examining the various types of relationships that currently exist between these kinds of organizations and what the future could hold Nonprofit and Business Sector Collaboration goes on to explore cause related marketing philanthropy social enterprise sponsorships alliances licensing agreements and more This informative book illustrates the motives for and expected outcomes of developing these collaborative business relationships and then gets specific with insightful examinations of the role that marketing plays in cross sector collaboration alliances strategic partnerships symbiotic marketing etc and the characteristics each partner and the partnership itself must have to succeed how the public's attitude toward a charity can change when the charity accepts corporate donations how existing perceptions of a company's ethics can affect a cause related marketing campaign Pepsi's cause related marketing campaigns in Spain how they were perceived by the Spanish population and their effect on the company's image there how nonprofits can create successful relationships with corporate sponsors and their customers how

businesses and arts organizations can work together for their mutual benefit and more      Integrated Intelligence Marcus Anthony, 2008-01-01 Marcus Anthony examines theories of intelligence and consciousness and the way in which they represent or exclude intuitive spiritual and mystical experience His argument identifies the way narrowly defined rational definitions of mind have come to dominate and restrict contemporary discourses in science and education He develops the theory of integrated intelligence an expanded model which incorporates the non rational elements of human intelligence long missing in mainstream western discourses Anthony indicates how and why they should be incorporated into modern education systems      *A Fascist Century* R. Griffin, 2008-08-20 Ten essays on the nature of fascism by a leading scholar in the field focusing on how to understand and apply fascist ideology to various movements since the twentieth century Mussolini s prophesied fascist century Includes studies of fascism s attempted temporal revolution Nazism as extended case study and fascism s postwar evolution      **Thinking Through Art** Katy Macleod, 2013-01-11 Focusing on a unique arena Thinking Through Art takes an innovative look at artists experiences of undertaking doctorates and asks If the making of art is not simply the formulation of an object but is also the formation of complex ideas then what effect does academic enquiry have on art practice Using twenty eight pictures never before seen outside the artists universities Thinking Through Art focuses on art produced in higher educational environments and considers how the material product comes about through a process of conceiving and giving form to abstract thought It further examines how this form which is research art sits uneasily within academic circles and yet is uniquely situated outside the gallery system The journal articles from eminent scholars artists philosophers art historians and cultural theorists demonstrate the complexity of interpreting art as research and provide students and scholars with an invaluable resource for their art and cultural studies courses      The Church, Authority, and Foucault Steven G. Ogden, 2017-02-03 The Church Authority and Foucault addresses the problem of the Church s enmeshment with sovereign power which can lead to marginalization Breaking new ground Ogden uses Foucault s approach to power and knowledge to interpret the church leader s significance as the guardian of knowledge This can become privileged knowledge under the spell of sovereign power and with the complicity of clergy and laity in search of sovereigns Inevitably such a culture leads to a sense of entitlement for leaders and conformity for followers All in the name of obedience The Church needs to change in order to fulfil its vocation Instead of a monarchy what about Church as an open space of freedom This book then is a theological enterprise which cultivates practices of freedom for the sake of the other This involves thinking differently by exploring catalysts for change which include critique space imagination and wisdom In the process Ogden uses a range of sources analysing discourse gossip ritual territory masculinity and pastoral power In all the work of Michel Foucault sets the tone for a fresh ecclesiological critique that will appeal to theologians and clergy alike

*The Routledge Companion to the Practice of Christian Theology* Mike Higon, Jim Fodor, 2015-03-24 This Companion introduces readers to the practice of Christian theology covering what theologians do why they do it and what steps readers

can take in order to become theological practitioners themselves The volume aims to capture the variety of practices involved in doing theology highlighting the virtues that guide them and the responsibilities that shape them It also shows that the description of these practices virtues and responsibilities is itself theological what Christian theologians do is shaped by the wider practices and beliefs of Christianity Written by a team of leading theologians the Companion provides a unique resource for students and scholars of theology alike
